

**Bid 22-058 – Transport and Install 100-foot Tower for Fort Bend County Office of  
Homeland Security & Emergency Management**

**Q&A #1**

Question 1: Can you provide the number of antennas, size and number of coax, and the heights that they are to be installed on the tower?

*Answer: One (1) Antennae is to be mounted 50 to 60 feet up on the tower. The Antennae will be wired to a shelter building located next to the tower.*
