

2023 Biweekly Payroll Schedule

The Fort Bend County Payroll Department is committed to providing payroll funds on the pay dates published on the Payroll Schedule, provided below. To ensure timely processing of direct deposits, the funds are typically transmitted in advance of the pay date. Financial institutions receiving these deposits can post them to individual accounts anytime between the date they receive the funds and the actual pay date. Please be aware, however, that Fort Bend County cannot control nor guarantee the posting of funds to an individual account by any financial institution. Therefore, we recommend that you do not write checks or authorize any other withdrawals against your directly deposited funds in advance of the pay date until you verify that they have been posted to your account.
