FBCAS Monthly Shelter Statistics Report – January 2019

From January 1, 2019 to January 31, 2019, the overall save rate for FBCAS was 97%. The save rate for dogs was 98% and for cats it was 95%. *

86 feral/community cats were returned to field as part of our Community Cat Program for January 2019.

Last month 1 feral/community cat was euthanized as per current policies and procedures and was not part of our Community Cat Pilot Program.

The save rate does not include 7 dogs and one cat that were owner requested euthanasia for the month of January.

Beginning and ending shelter totals have an acceptable variance of .5% due to database variances in intake and outcome dispositions of the shelter population.

Our dedicated staff would like to thank all of our adopters, rescue partners, fosters, volunteers and community members who played a part in every life saved at FBCAS this month.

*Formula used: $\text{Intake} - \text{all euthanasia outcomes} \div \text{Intake} - \text{owner requested euthanasia}$
