**Independent Auditors' Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed In Accordance With Government Auditing Standards**

To the Honorable Robert E. Hebert, County Judge
and Members of the Commissioners Court
Fort Bend County, Texas

We have audited the financial statements of Fort Bend County, Texas (the "County") as of and for the year ended September 30, 2009, and have issued our report thereon dated March 23, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs (items #06-04 and #07-01) to be significant deficiencies in internal control over financial reporting.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we consider the significant deficiency #07-01 described above to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The County's response to the findings identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. We did not audit the County's response and, accordingly, we express no opinion on it.

Closing

This report is intended solely for the information and use of the County Judge, Commissioners Court, management, others within the entity and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Houston, Texas
March 23, 2010

***Independent Auditors' Report on
Compliance with Requirements Applicable
to Each Major Federal Program and on Internal Control
Over Compliance in Accordance with OMB Circular A-133***

To the Honorable County Judge and
Members of the Commissioners Court
Fort Bend County, Texas

Compliance

We have audited the compliance of Fort Bend County, Texas (the "County") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended September 30, 2009. The County's major federal programs are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB *Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB *Circular A-133* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, Fort Bend County, Texas complied, in all material respects, with requirements referred to above that are applicable to each of its major federal programs for the year ended September 30, 2009.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended September 30, 2009, and have issued our report thereon dated March 23, 2010. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB *Circular A-133* and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Closing

This report is intended solely for the information and use of the County Judge, Commissioners Court, management, others within the organization and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

FORT BEND COUNTY, TEXAS
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended September 30, 2009

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the “schedule”) includes the federal grant activity of the Fort Bend County, Texas (the “County”) under programs of the federal government for the year ended September 30, 2009. The information in this schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) *Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*. Because the schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net assets or cash flows of the County.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County accounts for all awards under programs of the federal government in the General and Special Revenue Funds. These programs are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases (i.e. revenues and other financing sources) and decreases (i.e. expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used for these funds. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e. both measurable and available, and expenditures in the accounting period in which the liability is incurred, if measurable, except for certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal grant funds for governmental funds are considered to be earned to the extent of expenditures made under the provisions of the grant. When such funds are advanced to the County, they are recorded as deferred revenues until earned. Otherwise, federal grant funds are received on a reimbursement basis from the respective federal program agencies. Generally, unused balances are returned to the grantor at the close of specified project periods.

NOTE 3 - SUBRECIPIENTS

Of the federal expenditures presented in the schedule, the County provided federal awards to subrecipients as follows:

<u>CFDA Number</u>	<u>Program Name</u>	<u>Amounts Provided to Subrecipients</u>
14.218	Community Development Block Grant - Entitlement Grants	\$ 109,730
14.239	HOME Program	200
14.239	ESG Program	53,354
14.239	ADDI Program	3,461

FORT BEND COUNTY, TEXAS

For the Year Ended September 30, 2009

SECTION I - SUMMARY OF AUDITOR'S RESULTS

FINANCIAL STATEMENTS

Type of auditors' report issued:	Unqualified
Internal control over financial reporting:	
a. Material weakness(es) identified?	Yes - #07-01
b. Significant deficiency(ies) identified that are not considered to be material weakness(es)?	Yes - #06-04
Noncompliance material to the financial statements noted?	None

FEDERAL AWARDS

Internal control over major programs:	
a. Material weakness(es) identified?	No
b. Significant deficiency(ies) identified that are not considered to be material weakness(es)?	None reported

Type of auditors' report issued on compliance for major programs:	Unqualified
---	-------------

Any audit findings disclosed that are required to be reported in accordance with section 510(a) of OMB Circular A-133?	No
--	----

Identification of major programs:

<u>CFDA Number(s)</u>	<u>Name of Federal Program or Cluster</u>
14.218; 14.253	Community Development Block Grant - Entitlement Grants Cluster
20.507	Federal Transit Cluster
97.024; 97.114	Emergency Food and Shelter Program Cluster
97.036	Disaster Grant (FEMA)

Dollar threshold used to distinguish between type A and type B programs:	\$641,595
--	-----------

Auditee qualified as low-risk auditee?	Yes
--	-----

FORT BEND COUNTY, TEXAS
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (continued)
For the Year Ended September 30, 2009

SECTION II - FINANCIAL STATEMENT FINDINGS

Finding #06-04 - Grant Administration

Criteria

The grant administration function should be centrally managed so that all grant resources are timely and properly accounted for, recognized, and reported. This function also should maintain records of all grants and potential grants including the grant's status, compliance requirements, grant funding amounts, amount of resources utilized in order to facilitate the objectives of the grant, and names of responsible parties of the grantor and grantee (benefiting County department or function).

Condition

The County does not have an effective, centralized grant administration function. This results in an increased risk of grant resources not being properly accounted for, utilized, or recognized. This also increases the risk of grantees not meeting the grant compliance requirements or meeting its objectives and reporting requirements.

Context

This was determined during the grant testing process.

Effect

Not having an effective centralized grant administration function results in grants being improperly accounted for and reported, higher risk of the County not meeting compliance requirements that may result in resources being refunded to the grantor, and lack of monitoring of grants from the grant's implementation through conclusion.

Cause

The County does not have a grant department that operates as the central hub for its grant administration.

Recommendation

The County should implement a centralized grant administration department in which functions as a central hub from the beginning stages (e.g. grant research and application process) through conclusion (e.g. financial reporting). This department would be responsible for tracking the status of all current and potential grants, determine the grants compliance requirements and periodically assess whether or not such requirements are being met. In addition, the grant administration function would verify accounting records with source data from the grantor, maintain a listing of grantor and grantee contacts, and other functions relating to grant administration.

Views of responsible officials and planned corrective actions

See Section V

FORT BEND COUNTY, TEXAS
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (continued)
For the Year Ended September 30, 2009

SECTION II - FINANCIAL STATEMENT FINDINGS (continued)

Finding #07-01 - Formal, Written Closing Procedures

Criteria

The County should perform its year-end general ledger closing activity on a timely basis, and reconcile significant account balances on at least a quarterly basis. Such activity includes making all necessary journal entries to the accounting system relating to the applicable fiscal year, reconciling all general ledger accounts to source documents, and analyzing the general ledger accounts for reasonableness. Having formal, written procedures will provide guidance and management over the financial accounting and reporting process. Management of the County is responsible for developing formal, written year-end closing procedures and implementing those procedures to ensure proper financial reporting.

Condition

The County does not have formal, written year-end closing procedures. This year's closing process was marked with transactions that were corrected for the 2009 fiscal year, but related to prior fiscal years. The County lacked procedures normally included in the closing process, including inventory of source documentation to be used for reconciliations and effective communication among departments, that have an effect on the County's financial reporting process. The inconsistency of such procedures being executed resulted in the County having prior-period adjustments. Specifically, there were numerous prior-period adjustments related to capital assets detected and recorded during the audit process. Having formal, written year-end closing procedures is a necessary step to ensure the financial statements are fairly stated. The prior-period adjustments were, in our judgment, not material to the financial statements. Since the County's control policies and procedures did not prevent or detect a potentially material misstatement of the financial statements, we concluded that there is a material weakness in the County's control policies and procedures required to be reported under professional standards.

Context

This was determined during the audit process.

Effect

The absence of formal, written year-end closing procedures resulted in activity not being recorded in a timely manner

Cause

The County does not have formal, written year-end closing procedures.

Recommendation

We recommend that the County develop formal, written year-end closing procedures and assign responsibility for completing the procedures to specific County personnel. The closing procedures should be documented in a way that indicates who will perform each procedure and when completion of each procedure is due and is accomplished. This would include the County making necessary adjustments and reconciling account balances on at least a quarterly basis in order to prevent volumes of entries being necessary subsequent to year-end. This would also include the County communicating with applicable department heads whose processes and transactions affect that of the County's financial reporting system.

Views of responsible officials and planned corrective actions

FORT BEND COUNTY, TEXAS
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (continued)
For the Year Ended September 30, 2009

SECTION V - CORRECTIVE ACTION PLAN

Finding #06-04 - Grant Administration

Responsible Person - Commissioners Court

Corrective Action Plan

The County assigned the responsibility to the Director of Special Services in the County Judge's Office. The Commissioners Court will address the implementation of a centralized grant administration department during the FY2011 budget process that will begin in April 2010.

Estimated Completion Date - September 2010

Finding #07-01 - Formal, Written Year-End Closing Procedures

Responsible Person - Ed Sturdivant, County Auditor

Corrective Action Plan

The County will consolidate the documented software procedures into a single procedure manual with the addition of the processes that occur outside of the software. This procedure manual will be maintained to represent the most current process.

Estimated Completion Date - June 2010
