BUDGET OFFICE

Fort Bend County, Texas

Pamela Gubbels
Director of Finance & Investments

December 2016

**The Honorable Commissioners Court of
Fort Bend County
Richmond, TX 77469**

The staff of the Budget Office is pleased to present **the *Annual Operating Budget for Fort Bend County for Fiscal Year 2017***. The 2017 Budget, adopted by the Fort Bend County Commissioners Court on September 13, 2016, was prepared based on the assumption that the County's debt service would grow in the near future and consume a larger share of our financial resources over time, and the assumption of seven percent growth in the County's property valuation.

BUDGET OVERVIEW

Again for fiscal year 2016, the County's budget document was awarded the Government Finance Officer's Association's Distinguished Budget Presentation Award. As a measure of our adoption and practicing of superior financial policies and procedures, the award enhances the rating of the County in the issuance of bonds and other indebtedness. Rating agencies use such factors as The Distinguished Budget Presentation Award in determining the credit rating of the County. We intend to continue this tradition, and make it an annual award.

This budget increased from the prior year's budget by 8.77 percent. Due to several known capital projects, as well as uncertainty regarding proposed legislation relating to property taxes, the Budget Office requested each department and office to limit their Operating and Training Costs requests to a 3% increase over their prior year budgets while Salaries and Personnel Costs remained equal to the 2016 projected amount, and Capital Acquisitions and Information Technology Costs received a target equal to 1.5% increase to the prior year's budget. Most met that goal. Those departments and offices that increased their budgets were justified in their requests due to the significant growth in the County. Many of the departments with large increases were due to new positions. Fifteen new positions were due to the creation of an Associate District Court and an Associate County Court at Law both effective October 1, 2016. The largest increase came in departments with grant related programs such as Behavior Health Services, Mental Health Public Defender, and Drug Court. Other large increases occurred in County Clerk with a 17% increase, County Court at Law #5 with a 31% increase, 505th District Court with a 41% increase, Emergency Medical Services (EMS) with an 18% increase, Constable, Precinct 1 with an 18% increase, and Animal Services with a 17% increase. The growth of Fort Bend County Emergency Medical Services must match the population increase of the County if the quality of pre-hospital care is to remain timely and efficient. The majority of the increase in EMS is due to the addition of a MICU unit with the relevant personnel, ambulance, and equipment for this unit. Finally Animal Services increased by \$191,000, 17%, with the addition of two veterinary positions, a cargo van for the transport of animals to and from adoption events and increased operating supplies. Animal Services is increasingly taking proactive measures to place stray and abandoned animals in adoptive homes by collaborating with animal advocates. In addition to the increases listed above, the Non-Departmental budget increased by \$2.1 million, or 13%. The majority of the increase is due to increases in Tax Increment

Reinvestment Zone payments which are directly correlated to the increase in property tax revenues. Also contributing to the increase in Non-Departmental is health insurance benefits for the growing number of Fort Bend County retirees.

It was through the dedication of each official and department head that we were able to keep our commitment to maintaining at least 15 percent of the amount of the General Fund budget as its ending balance. The 15 percent ending balance allows the County to have a cushion for almost any conceivable emergency that could occur, even one of a long duration. The ratings agencies view this practice as optimal. It balances the need to reduce taxes to the taxpayers in the County as much as possible with the need to provide for realistic emergency funds all while being good stewards of taxpayer dollars.

This year, tax year 2016, the County's economy is slowing its recovery with a 7.3% increase in net taxable values after a 14% increase in tax year 2015. This is compared to the County's tax base increasing by an average of 12% over the 8 years prior to 2008 thereby suggesting a recovery in Fort Bend County's economy.

The adopted budget contains:

- A cost of living adjustment for all full time employees based on the following salary group schedule:

· Administrative/Clerical	4.0%
· Civilian Services	1.0%
· EMS	2.0%
· Law Enforcement	3.0%

FUND BALANCES

In Fiscal Year 2017, the budgeted General Fund expenditures are expected to exceed projected revenues by \$7,508,708, thus using some of the prior years’ fund balance and leaving an ending projected General Fund Balance of \$41,053,512, or 15.7 percent of the General Fund Budget. Revenues in general have remained constant, with the exception of property tax revenues. Interest earnings have slightly increased over the past year, however the Federal Open Markets Committee will maintain the target range for the federal funds rate at 0 to 1/4 percent and continues to anticipate that economic conditions, including low rates of resource utilization, subdued inflation trends, and stable inflation expectations, are likely to warrant exceptionally low levels of the federal funds rate for an extended period.

Road and Bridge Fund expenditures will exceed revenues by \$4,713,120 this year. We estimate the ending Fund Balance will be \$4.0 million after the 2017 budget year is completed. The ending Fund Balance is estimated to be 16.4 percent of the budget amount.

Drainage District revenues will exceed expenditures by \$1,400,175. The ending balance of this fund is estimated to be \$2,070,907, or about 18.7 percent of the 2017 budget amounts.

Debt Service revenues will increase slightly this year despite a reduction in the tax rate. We will receive an estimated \$44,978,638 from taxes and other revenues in addition to our \$2.3 million estimated beginning balance. Our Debt Service payments will be \$40,770,363, leaving an estimated \$6.5 million in Fund Balance in anticipation of new debt issuance in fiscal year 2017.

We carefully manage the Fund Balances to remain in a strong financial position. We always plan to provide adequate reserves to demonstrate to the bond rating agencies that we are one of the stronger Counties in the state financially. Our current ratings are AA+ by Fitch and Aa1 by Moody’s, both very solid ratings. Considering that the County recently successfully passed a facilities bond referendum, it is essential that we maintain these excellent ratings.

TAX RATES

Property taxes make up 81.5 percent of our FY2017 revenues. As proof that Counties are among the most fiscally responsible of all governmental entities, the Fort Bend County Tax Rate has not increased in 17 years, and decreased by \$0.005 in FY2015, \$0.00876 in FY2016, and another \$0.0150 this year for a total of 2.876 cents in the past three years. In 1992, twenty four years ago, the Tax Rate was 66 cents per \$100 of property valuation. For the 2016 tax year (FY2017), it will be 47.4 cents per \$100. For the last 18 years, since 1998, the total Tax Rate, including the General Fund, the Debt Service Fund, the Road and Bridge Fund and the Drainage District, has either been reduced, or held steady. (For eleven of those years, the rate has dropped.) This is partially due to the increase in the County's net assessed taxable value each year, but also to the fiscal guidance of the Commissioners Court. Although the Interest and Sinking fund tax rate increased by \$0.016, or 1.6 cents, the County tax rate still decreased by \$0.007, or 0.7 cents, for a combined County and Drainage District tax rate decrease of \$0.012. Included in the overall Tax Rate is the General Fund Tax Rate of \$0.360, a decrease of \$0.013, but because of a 7.3% increase in the net assessed taxable value, Fort Bend County will still see an increase in General Fund Tax Revenues by \$7,222,676. The Road and Bridge Tax Rate decreased by \$0.01 to \$0.0220, and Tax Revenues decreased by \$4,563,149, and other revenues increased by \$191,000. The Drainage District Tax Rate decreased from \$0.0210 to \$0.0160, resulting in a decrease of \$2,032,174 in Tax Revenues. Other Revenues increased by \$150,000. The Debt Service Tax Rate, which increased by \$0.0160 to \$0.0760, resulted in \$11,715,070 more in Debt Service Taxes to service increased debt this year.

OPERATIONAL INFORMATION

The County will buy 28 new patrol vehicles, and 33 other vehicles for the Sheriff's Office. All but four of these vehicles are replacement vehicles. The four additional vehicles are for new positions. In Road and Bridge, heavy equipment such as a Gradall, a laydown machine, two dump trucks, and five trucks will be replaced. The Drainage District will replace four trucks. Emergency Medical Services will replace four and add one ambulance cab and chassis. We will replace eleven vehicles in the four Constables' Offices, and three vehicles in Sheriff - Detention. Elsewhere, we will replace 14 vehicles of various types for a grand total of 98 replacement vehicles and 17 additions to fleet in FY2017. The number of replacement vehicles has increased this year because of the decreases in budget over the past several years necessitating a decrease in replacement vehicles.

Two new Associate Judges have been added in Fort Bend County for fiscal year 2017 after two full courts were added in FY2016. A new Associate Judge for the 505th District and a new Associate County Court at Law #2 will both become effective October 1, 2016. The 505th District Court was added in FY2016. This year's budget includes an Associate Judge for the new court. With the 505th District Court Associate Judge, a Clerk III in the District Clerk's Office, and a Bailiff was added for FY2017. The new Associate County Court at Law #2 necessitated the addition of nine new positions including the Judge, a Court Coordinator, six County Clerk positions, and a Bailiff.

The Fort Bend County Human Resources department develops, implements, and evaluates compensation programs for all Fort Bend County employee groups on a regular basis. Included in the FY2016 budget was funding for a compensation study. Partial implementation of the findings is being administered in fiscal year 2017. Depending on availability of funding, the Commissioners Court plans to implement all recommendations of the salary study within a four year time period.

REVENUE

Overall County revenues have increased by \$15,655,211, or 4.8%, compared to FY2016. Tax Revenue increased by \$12,342,423, while Other Revenues only increased by \$3,312,788. The overall revenue in the County will be \$339,303,745, with \$276,417, 144 in Tax Revenues and \$62,886,601 in Other Revenues. Our yield on investments had been moderate with rates near 0.50%. Fort Bend County had benefited from the depository bank contract's minimum interest rate of 0.75% which is significantly higher than the U.S. Treasury yield.

Contracts to provide additional Law Enforcement in unincorporated communities will continue to provide protection to the Communities with which contracted; however, those revenues and expenditures will be shown in a budget amendment when the contracts are finalized. Thus, the revenues and expenditures do not appear in this budget.

Each of the other funds included in the budget for this year has a source of revenue attached. The Juvenile Operations fund is used to account for the receipts and disbursements of the Fort Bend County Juvenile Probation Department. Monies deposited into this fund are received from the Fort Bend County General Fund as well as various state and federal agencies. The County Clerk Records Management Fund and the County Records Management Fund each have a Court case-filing fee attached, and these fees provide the money to pay for the records management and preservation costs associated with the respective offices. The Gus George Law Enforcement Academy is funded with registration fees for attendees at the academy.

The Law Library is funded by a Court Fee, and is self-sufficient. It is managed by the local bar association. The increased fee in 2001 has insured that the Law Library is fully funded.

The Debt Service Fund pays the costs (principal, interest and fees) of County Debt. It is funded by Property Taxes (and interest earned on the money in the fund prior to being expended).

GOALS

The County's **Long Term Comprehensive Plan** outlines goals to be accomplished by the County through its various departments. Many of the specific goals have been met, but since all are long term, many are still in the future. The County's departments are working hard to realize these on a continuing basis. We intend to achieve all the goals and objectives in the plan over time. Specific programs in the 2017 budget address the goals as set out below.

1. Assure that the County is a safe and attractive place to live, work and play.

Programs to Achieve the Goal - The Sheriff's Department's base salary for deputies has been increased this year to \$21.33 an hour, from \$17.93 just four years ago. The county will continue to keep pace with market trends and adjust law enforcement salaries whenever funding is available. These deputies provide needed services in a growing County. The Sheriff's Office has added 21 new positions in FY2017 including one Administrative/Clerical position, seven Patrol deputies, one Patrol Sergeant, eight Telecommunications Officers, two Detention Deputies, and two Bailiffs. These additional positions help keep Fort Bend County safe.

The Sheriff's Department and Constable's Offices continue to provide additional law enforcement to several of the County's master planned communities. The communities pay the cost of these services through a contract with the County. As previously stated, we do not make a budget for these contracts until they are executed, but there is no reason to believe

that they will not continue as in the past. These officers are available in cases of emergency, which gives the County additional resources for critical situations.

The County continues to be blessed with homeland security grants that enable the County to partner with other cities and counties to provide true preparedness for terror attacks or epidemics, either natural or manmade. The grants related to health and bioterrorism preparedness have been, and will continue to be, well used for their purposes. We anticipate that we will continue to receive valuable funding for commendable projects in the next year.

2. Utilize state-of-the-art equipment and methods appropriately in the provision and timely delivery of authorized and allowed services.

Programs to Achieve the Goal - In FY2012, the County implemented a major upgrade to the financial and human resources software and has included funds in last year's Capital Improvement Projects budget for another upgrade. Due to delays in determining the platform, the upgrade commenced in fiscal year 2016 and is expected to be completed in early FY2017. These applications should serve the County well for at least a decade, or more. In FY2015, the County has also funded document management software. This will provide a secure, manageable depository for all County records and contracts. Delays in the RFP process caused the project to be pushed into late FY2016 with additional funding included in FY2017. Funded this year are Information Technology infrastructure upgrades including desktop upgrades and replacements as well as radio replacements due to new digital technology requirements. It is imperative that we continue the upgrades to further enhance the aging infrastructure, and include desktop computer upgrades and various disaster recovery/business continuity measures to ensure the County's business requirements are met through effective and reliable technology resources.

3. Provide the necessary support for mobility and transportation needs in the County.

- a. Provide public transportation planning studies and right of way acquisition to leverage funding from the state and federal governments that will advance projects desired by the County to supplement and expand existing transportation services.

Programs to Achieve the Goal- In 2010, through partnerships with the City of Sugar Land and The City of Rosenberg feasibility studies were initiated to determine the transportation needs within both cities. Internal circulator services were recommended in Sugar Land and two fixed routes were recommended for Rosenberg. Both Cities have reviewed and accepted the plans. Rosenberg began implementation of the study recommendations in FY2011 via implementation of increased public outreach designed to educate the public regarding the availability of transportation services. The City of Sugar Land elected to postpone implementation activities for at least a year. In partnership with the Gulf Coast Rail District, a multi-phased planning process was initiated to assess the feasibility of a freight rail by-pass in Fort Bend County. The goal of the study is to address mobility and freight movement needs within and through the county. Phase I of the study provides analysis of routing options for freight rail services to allow commuter rail services along the Hi. In FY2011 funding was provided for Phase II of the project, which will provide more detailed study of route alignments recommended during Phase I.

The citizens of Fort Bend County voted and approved a \$184.9 Million Mobility Bond Referendum placed on the November 5th, 2013 election ballot. The authorization provided the

funding for a total of 64 mobility projects throughout Fort Bend County. The \$184.9 Million in county funds will be leveraged with funds from state, local and private partners to provide a total project funding of \$384.3 Million.

With an annual average population increase exceeding 22,000 each year since 2000, Fort Bend County continues to be one of the fastest growing counties in the nation. Excellent schools, affordable living and quality of life encourage this growth to continue at impressive rates. This rapid growth demands continuous review of mobility needs throughout the county to provide adequate capacity to allow traffic to flow smoothly and minimize the risk of future 'gridlock' on county roadways.

4. Promote a favorable environment for retaining and expanding existing businesses while attracting a wide variety of new businesses to provide employment opportunities.

- a. Support existing local business.

The County provides numerous services that enable businesses to operate efficiently. The Texas Online program in the County Clerk's Office is successfully operating into its seventh year, and the District Clerk also provides online access to many records. In addition, the District Clerk provides a much needed Passport service that allows citizens; both business and personal, to more easily get their travel documents in the County.

- b. Continue to work with the Economic Development Council to attract new businesses to Fort Bend County.

The Economic Development Council continues to attract new businesses to Fort Bend County. The growth in population has a natural effect of bringing in new enterprises, and our corporate tax base is growing as a percentage of the total tax base. We will provide 50 percent more in support to the EDC to promote marketing the County to worldwide businesses. In addition, Fort Bend County participates in eight Tax Increment Reinvestment Zones (TIRZ). These TIRZs allow the zone to reinvest tax revenues for improvements within the zone. In the future, we expect this to continue the growth pattern of the County, and to add greatly to the Commercial growth.

5. Support environmental concerns for preservation of natural and historic resources balanced with sensitivity to the needs of development and recreation.

Programs to Achieve the Goal- The County has increased funding for the Fort Bend Museum to encourage historical preservation of our heritage. The County supports the Fort Bend County Museum Association in preservation of historical materials relating to the County and its historic beginnings. Fort Bend County is rightly proud of its heritage starting with the Original 300 pioneers lead by Stephen F. Austin settling at Fort Bend. Two historical houses were saved from demolition, and moved to County Parks, where they are being preserved to provide a sense of where we came from.

The County is very supportive of environmental goals of the state and nation. We operate an active program to replace older, polluting automobiles for citizens that are unable to afford newer cars. This is thru a grant from the state. We also exchange older diesel trucks for newer, less polluting diesel trucks, also on a grant from the state.

6. Encourage cultural development and ethnic diversity.

Programs to Achieve the Goal- The County has an Equal Opportunity Policy and actively supports equal treatment for all its citizens. During County-Sponsored events, there is an emphasis on promoting cultural awareness.

This County has among the most diverse ethnic mixes in any county in the United States. Among major ethnic groups are African-American, Hispanic, Caucasian, Middle-Eastern and Asian peoples. We work and prosper together.

The County Library system routinely promotes cultural awareness by sponsoring several programs highlighting different cultures throughout the year.

7. Develop a quality, consumer sensitive, holistic approach to health and human services that keeps pace with the County's growth.

Programs to Achieve the Goal - Health & Human Services departments work with numerous partners to protect and improve the health of the Fort Bend Community. Strategies to achieve these outcomes are based on monitoring, regulating and responding to various health conditions. Animal Services has the goal of preventing rabies in the population and in the process brings loving animals to loving homes. The 2017 budget includes two additional FTEs, a Veterinarian and a Veterinarian Technician. Also included in the 2017 Animal Services Budget is \$1.2 million to expand the Animal Services facilities to include more kennels as well as a veterinary room for the new veterinarian to perform spays, neutering and vaccinating all animals that come through the shelter. Clinical Health Services monitors the health of the community in collaboration with our healthcare provider partners, and responds to protect those who may be exposed to communicable disease outbreaks. Emergency Medical Service provides pre-hospital care in response to 9-1-1 calls and continually evaluates and upgrades service based on the growth and the need of the community. The 2017 budget adds six new Paramedics. With the addition of the new Paramedics comes an additional MICU unit. Environmental Health promotes sanitary food practices and septic disposal and mitigates general nuisance complaints to protect the health of all residents of the unincorporated county. Social Services provide short term assistance with working utilities and food when needed to indigent or in-crisis families, to prevent homelessness and maintain quality of life. Veterans Services provides assistance to those who have served our country to obtain the benefits awarded to them for their military service. Public Health Preparedness works with partners to assess needs and prepare for disaster response, whether from a communicable disease, a bioterrorism attack, a hurricane or a chemical spill. Of major concern are the preparedness and response needs of our most vulnerable residents, those with disabilities or chronic medical conditions who may cope well in normal times, but do not have the resources or resilience to handle disaster situations.

Health & Human Services, through the 1115 Medicaid Transformation Waiver, is working with our community partners to provide medical homes for those with Medicaid, no insurance and no funds to care for their medical needs. Referral and case management, expanded hours for the local Federally Qualified Health Center and colorectal screening for those with no resources are some of the projects now in the implementation stage.

8. Actively seek to increase and coordinate volunteerism and active citizen participation that strives for the good of the County as a whole.

Programs to Achieve the Goal - Several County Departments, especially the Extension Service, promote volunteerism and citizen participation. The County Fair Association works closely with the County to provide events that promote an active and joyful lifestyle in Fort Bend County. The Veterans Services Office is working to expand Veteran's Services by calling on Veterans working for the County to contribute time and capital to aid our Military Veterans. Last year, Dwight Marshall, Fort Bend County's Veteran Services Officer was awarded the Annual Veterans County Service Officer Appreciation Award by the Texas Veterans Commission on behalf of the entire 92 county Houston Region.

9. Work cooperatively with other governmental entities to complement their efforts.

Programs to Achieve the Goal - The County budget funds numerous cooperative programs, including a cooperative program to allow other county governments to purchase goods on county contracts. Many counties across the state buy their patrol cars from the Fort Bend County contract. The County has in place agreements with all communities in the County to assist and cooperate in projects that benefit the County as a whole through improving the communities by using county equipment and resources at cost to accomplish work for those county governments. These programs ensure that public tax dollars are used with the greatest efficiency.

The County Purchasing Agent contracts with other cities and political subdivisions in the County to cooperatively purchase their needs for them, thus saving money for all County taxpayers.

The County is party to a cooperative regional effort to protect the region from terrorist threats and from natural and manmade disasters, including hurricanes, tornados, floods, disease outbreaks and toxic spills or leaks.

The County Health Department, working with the County Emergency Management Department and local fire and police departments, has formed a regional cooperative response group and developed plans to deal with any disaster we may face. These plans assign duties and responsibilities and make agreements to aid one another in case of any event.

10. Operate the County government in the most fiscally responsible manner.

Programs to Achieve the Goal- All departments are required to operate in a fiscally responsible manner. Recognizing that the provision of services costs money, we still strive to make each dollar produce the most service. The budget works to reward those programs that operate most efficiently while encouraging all to hone their operations to produce the most efficient result.

a. **Maintain a Fund Balance of 15 percent**

The General Fund Balance is projected to be 15.7%. Overall Fund Balance is projected to be 17.2%. We were able to keep an excess of 15% due to the 7% increase in in property valuations and still reduce the overall tax rate by one and a half cents. Maintaining a 15% fund balance ensures the County has funds in case of an emergency such as a natural disaster, while ensuring we are fiscally prudent with tax payers' dollars.

- b. Assure that the Investment Policy is instituted to maximize the funds invested, while insuring safety of principal.

The County's investment earnings have decreased as interest rates have decreased by virtue of the Federal Reserve Bank decreasing the Federal Funds interest rates. The period of increasing rates is over for now, as the Open Market Committee has maintained the 0 to 0.25 percent target range for the federal funds rates. We still have growth in the housing market for now, and our prices are holding up. While many counties are yielding very low interest rates, the County depository bank contract had a clause whereby the minimum Fort Bend County could earn during fiscal years 2008 through 2012 was 1% and even up to 1.5%. The contract was renewed effective October 1, 2012 whereby the interest rate was reduced to 0.75%, still higher than the U.S. Treasury yield. Fort Bend County went out for a new bank depository RFP July 2014 and executed a contract with the same bank in September 2014 earning the same 0.75%. This has helped interest earnings substantially. With the yield curve still flat, we are still keeping most of the investments in the short term, and waiting for a more normal yield curve before making any long-term investments. Most of our investments are one year or less.

The County's Investment Policy insures that all investments are as safe as possible, stressing first *safety*, then *availability of funds* as needed, and finally *return on investment*.

This letter provides an overview of the 2017 budget. Following, you will find additional charts, tables and summaries that fully explain the budget. As always, we have attempted to develop a budget that leads the County through the year in a fiscally responsible manner. We thank all the County's departments for their cooperation and assistance in providing the information used in preparing the budget. Our thanks go to the Commissioners Court for guidance in providing policy and leadership in developing the budget.

Sincerely,

Pamela L. Gubbels
Director of Finance & Investments

FORT BEND COUNTY PROFILE

A. INTRODUCTION

For more than 15 years, Fort Bend has been in the top 20 counties in the United States for economic excellence and population growth. Fort Bend County is the third fastest growing County in Texas, and one of the fastest growing in the United States. The growth fuels an ever-increasing need for County services. We have attempted to meet the growth demands by increasing our efficiency. Additional filings with the County Clerk are being done on line 24 hours a day. The Tax Office is using expanded banking services to more effectively collect the County's taxes and those of most of the governments in the County. In every area, we are looking to advanced technology to improve our services to the public without unnecessarily increasing County Staff.

With the major roadways already heavily congested, mobility has been, and continues to be, a primary concern. Continued residential and commercial expansion has increased the use of the County roads. What were once little used rural roads are more heavily traveled due to the new developments. Bridges, ditches and right-of-ways are requiring more attention.

The rapid growth of the County provides an expanded tax base, but this is more than compensated for in the need for new services. To hold the line, we must be vigilant to always perform only those services that are needed, and always in the most cost-effective way.

B. PHYSICAL DESCRIPTION

1. Location

Fort Bend County is located in the Houston metropolitan area of southeast Texas. It encompasses a total of 875.0 square miles (562,560 acres). The terrain varies from level to gently rolling with elevations from 46 to 127 feet above sea level, with an average elevation of 85 feet. US 59 traverses the center of the County from northeast to southwest, while US 90A crosses from east to west. State Highways (SH) 6, 36 and 99 provide important north-south routes. Neighboring counties are Austin, Brazoria, Harris, Waller and Wharton.

2. Climate

The growing season is 296 days, with an average annual rainfall of 45.3 inches. For comparison, the US average is 37 inches. The average first freeze date in the fall is December 7, and the average last freeze date is February 14. Temperatures range from a mean minimum in January of 43° to a mean maximum in July of 94°. The Gulf of Mexico is located only 50 miles from Fort Bend County and its close proximity helps to hold the summer and winter temperatures to moderate levels. Extremes in climatic changes are usually short in duration.

3. Natural Resources

Fort Bend County has approximately 11 square miles of surface water in rivers, creeks and small lakes. The County is drained by the Brazos and San Bernard Rivers as well as Oyster Creek. The Brazos River formed a broad alluvial valley, up to ten miles wide in places. The resulting fertile soils have been a major contributing factor to the agricultural industry in the County.

The three permanently floatable waterways in Fort Bend County are the Brazos River, the San Bernard River south of Farm to Market Road 442, and Oyster Creek south of State Highway 6. The San Bernard River south of Interstate Highway 10 is a seasonally floatable waterway, shared on the west with adjacent counties. Soils vary from the rich alluvial soils in the Brazos River Valley to sandy loam and clay on the prairies. Native trees include pecan, oak, ash and cottonwood, with some old bottomland forests remaining along waterways.

Mineral resources include oil, gas, and sulfur. Sand, clay, and gravel are commercially produced.

C. HISTORY

Fort Bend County holds a prominent place in Texas history. Karankawa Indians once roamed the plains and inhabited the river bottoms. In the early 1820's, the Anglo-American colonization of Texas under grants from the Spanish government was initiated. The arrival of Stephan F. Austin's original colony of 300 families at the bend of the Brazos River was delayed until 1822 by the death of Moses Austin and the independence of Mexico. Ninety miles inland from the coast the settlers built a two-room cabin that was known both as Fort Settlement and Fort Bend. Fifty-three of the land grants to the early settlers were in Fort Bend. They found the area suitable for crops and livestock.

In 1837, the Congress of the Republic of Texas incorporated Richmond and eighteen other towns. Later in the same year, the County of Fort Bend was created from portions of Austin, Harris and Brazoria County. Notable citizens of the County included Jane Long, Mirabeau B. Lamar, and Samuel May Williams. During the Texas Revolution, many of the residents fled from Santa Anna's troops in what became known as the Runaway Scrape. They returned to find their homes plundered and their livestock scattered or dead.

Richmond became a prosperous trade center for the surrounding agricultural region. Cotton and sugar and other products were sent down the Brazos River to the Port of Galveston. The early sugar cane plantations and farms supplied the Imperial Sugar industrial complex and its company town evolved into the current City of Sugar Land. When the railroad from Galveston through Richmond was built in the 1850's, the County became a ready provider of agricultural products and raw materials to coastal markets and beyond. Cotton became and continues to be a staple of the agricultural economy.

Much of the early prosperity based on the plantation system ended with the Civil War. At that time Fort Bend had a large black population, mostly slaves. Fort Bend planters and property owners generally supported the Confederacy and many joined Terry's Texas Rangers, led by Benjamin F. Terry of Sugar Land. No battles reached the area, but the war's duration and the economic, social and political hardships that followed put great stress on the community.

The years after the Civil War were a time of uneasy compromise between the political parties and officeholders. This resulted in a brief, but violent confrontation known as the Jaybird - Woodpecker War. During Reconstruction, several black men were elected to County offices, including Mr. Walter Burton, Sheriff and Tax Collector, Mr. Shade Croome, Justice of the Peace, Precinct 2, and Mr. Tom Taylor, Commissioner. Mr. Burton was later a state senator.

The era of reconstruction lasted until 1888, when the Jaybird Party took control. They were powerful in Fort Bend County until the 1950's.

Additional railroads further opened the County to new settlers, many from central Europe. Small productive family farms formed the central focus of the economic and social life from the 1880's through World War II. Ranching and cotton production then began to replace the small farms. Missouri City, Stafford, and Rosenberg developed along the rail lines

Discovery of oil and gas at Blueridge in the early 1920's, followed by discoveries at Orchard and Thompsons, then later at Katy, signaled the beginning of Fort Bend's petroleum industry. Production continues today in several areas of the County.

Beginning in the early 1970's with Houston's expansion, Fort Bend saw new growth in the form of increased residential development. Greatwood, New Territory and Cinco Ranch followed the master-planned communities of Quail Valley, First Colony and Pecan Grove. More recently Sienna Plantation, River Park East and West, Canyon Gate, Bridlewood, Texana, Aliana, Avalon, Cross Creek Ranch, Firethorn, Grand Lakes, Riverstone, Seven Meadows, and Telfair have joined the ranks.

Fort Bend has a long and richly varied history and an exceedingly bright future as it continues to build on the foundations established by the original settlers of Texas.

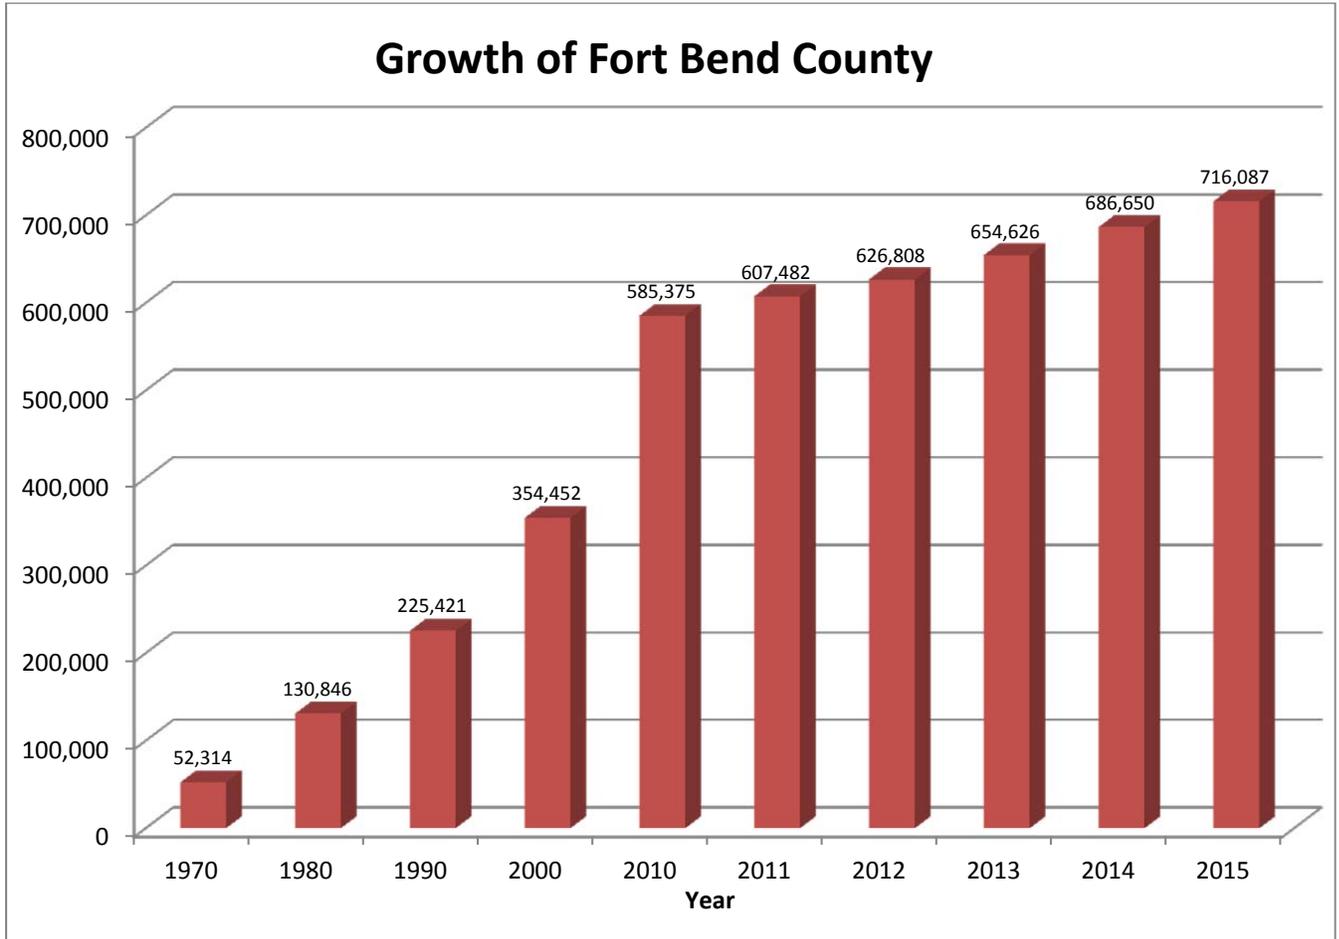

D. CULTURAL RESOURCES

Fort Bend County citizens enjoy a number of opportunities to celebrate their historic and cultural heritage at the Fort Bend County Fair in October, Texan Market Days at the George Ranch in October, and the Fort Bend County Czech Fest in May. Points of interest are the Fort Bend Museum, Confederate Museum, George Memorial Library, George Observatory and Challenger Center of Fort Bend, Brazos Bend State Park, the George Ranch, the Thomas Barnett Home and the Imperial Holly Sugar Refinery complex. With so many immigrants to the County, there are a variety of ethnic heritages. Continued attention should be given to building on the cultural diversity that is evident in the County.

E. POPULATION

Fort Bend County’s population is among the fastest growing in the United States. While the state of Texas grew at a rate of 20.6%, the U.S. Bureau of Census concluded that Fort Bend County grew at a rate of 65.1% in 2000 through 2010 and is ranked 20th in growth of all U.S. Counties.

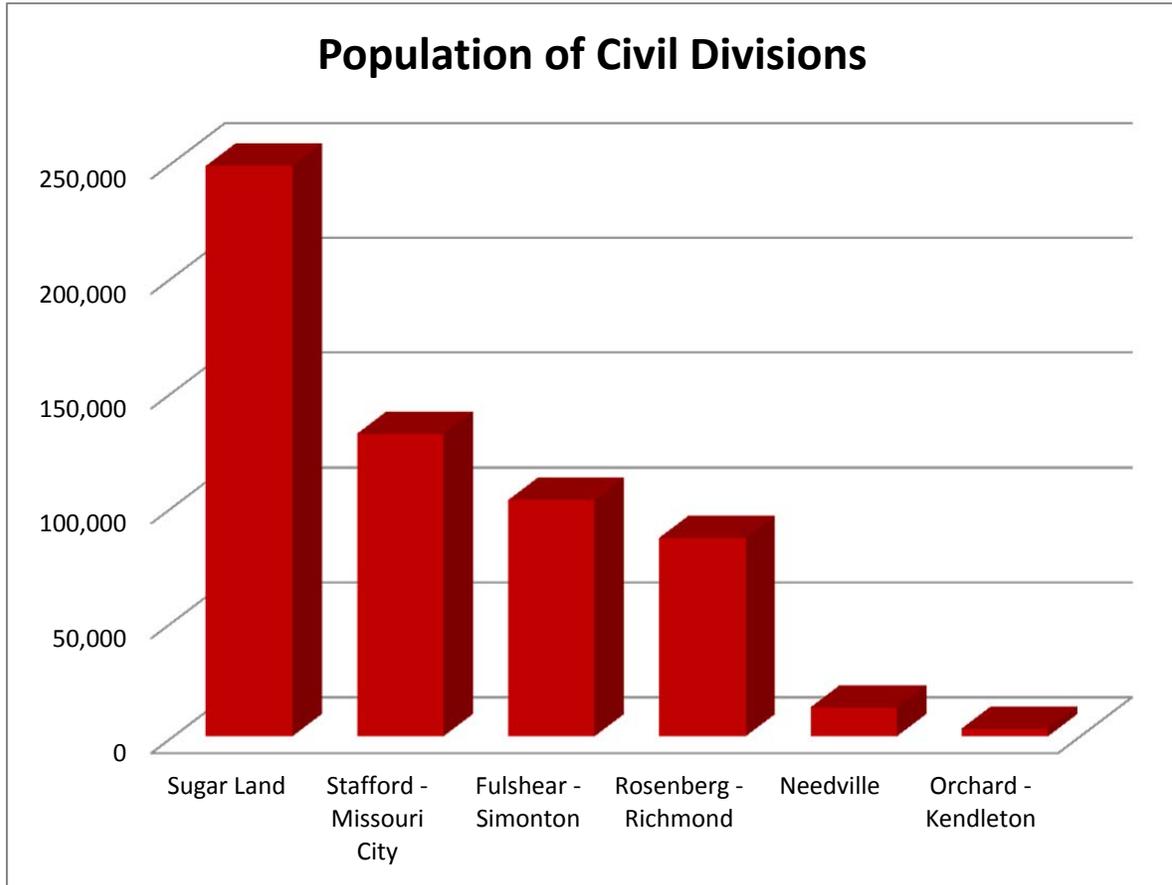

Source: US Census Bureau

The Texas State Data Center estimates that the population could reach 897,381 by the year 2020. In other words, it took 160 years for Fort Bend to gain its first 600,000 residents, but will add 300,000 residents within 10 years. The population increases daily with the construction of new homes and subdivisions.

1. Population of Minor Civil Divisions in Fort Bend County

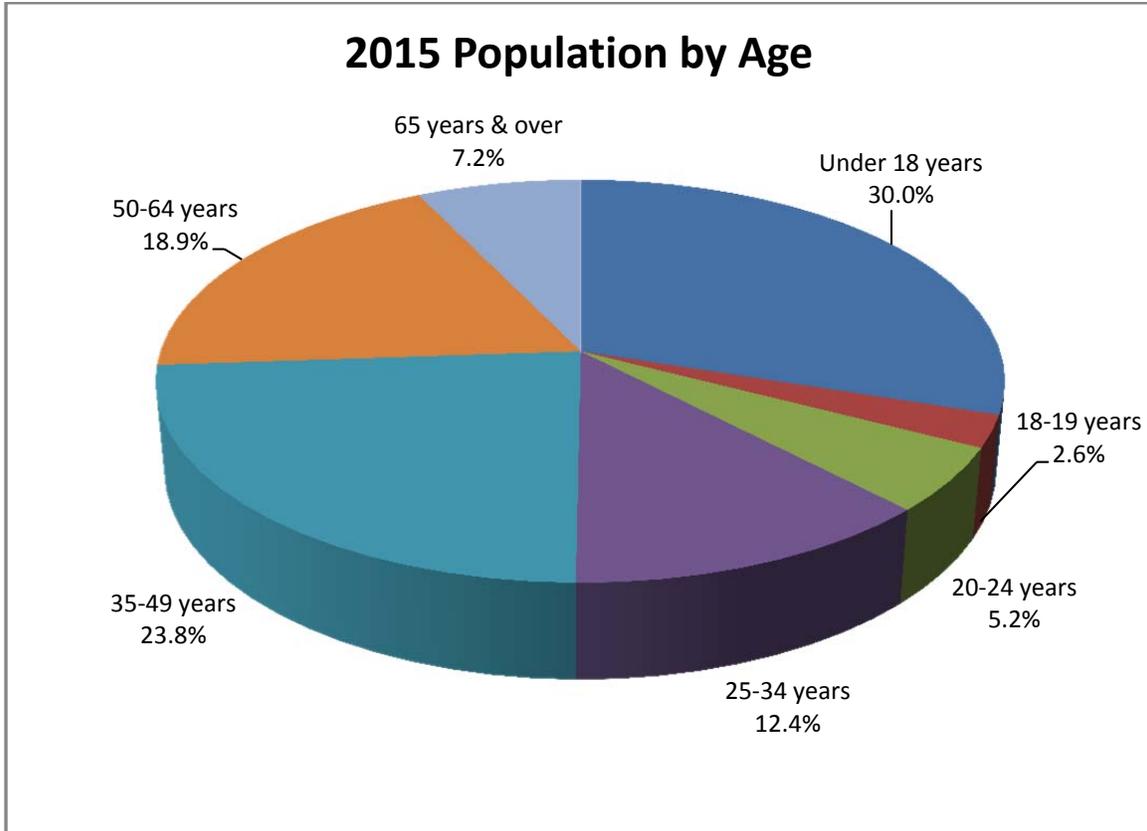

Fort Bend County is divided into what the U.S. Census Bureau calls minor civil divisions to designate the primary governmental and/or administrative divisions of a county. Those MCD's are Sugar Land, Stafford-Missouri City, Fulshear-Simonton, Rosenberg-Richmond, Needville, and Orchard-Kendleton. Of those six divisions, 42% of Fort Bend County lives in the Sugar Land MCD, while another 22.5% lives in Stafford-Missouri City.

2. Population Distribution by Age

The following population distribution chart shows a large number in the Under 18 years group and in the 35-49 years group with 70% of the population of Fort Bend County over the age of 18.

Source: suburbanstats.org.

The population of the County by age is very much concentrated in the young family categories. People are continuing to locate to Fort Bend to take advantage of the quality of life provided by the cities, County and school districts. In the foreseeable future, the age distribution should be assumed to be essentially the same as in 2010. As the baby boomers get older, an increase in the over 65 age group is expected to occur.

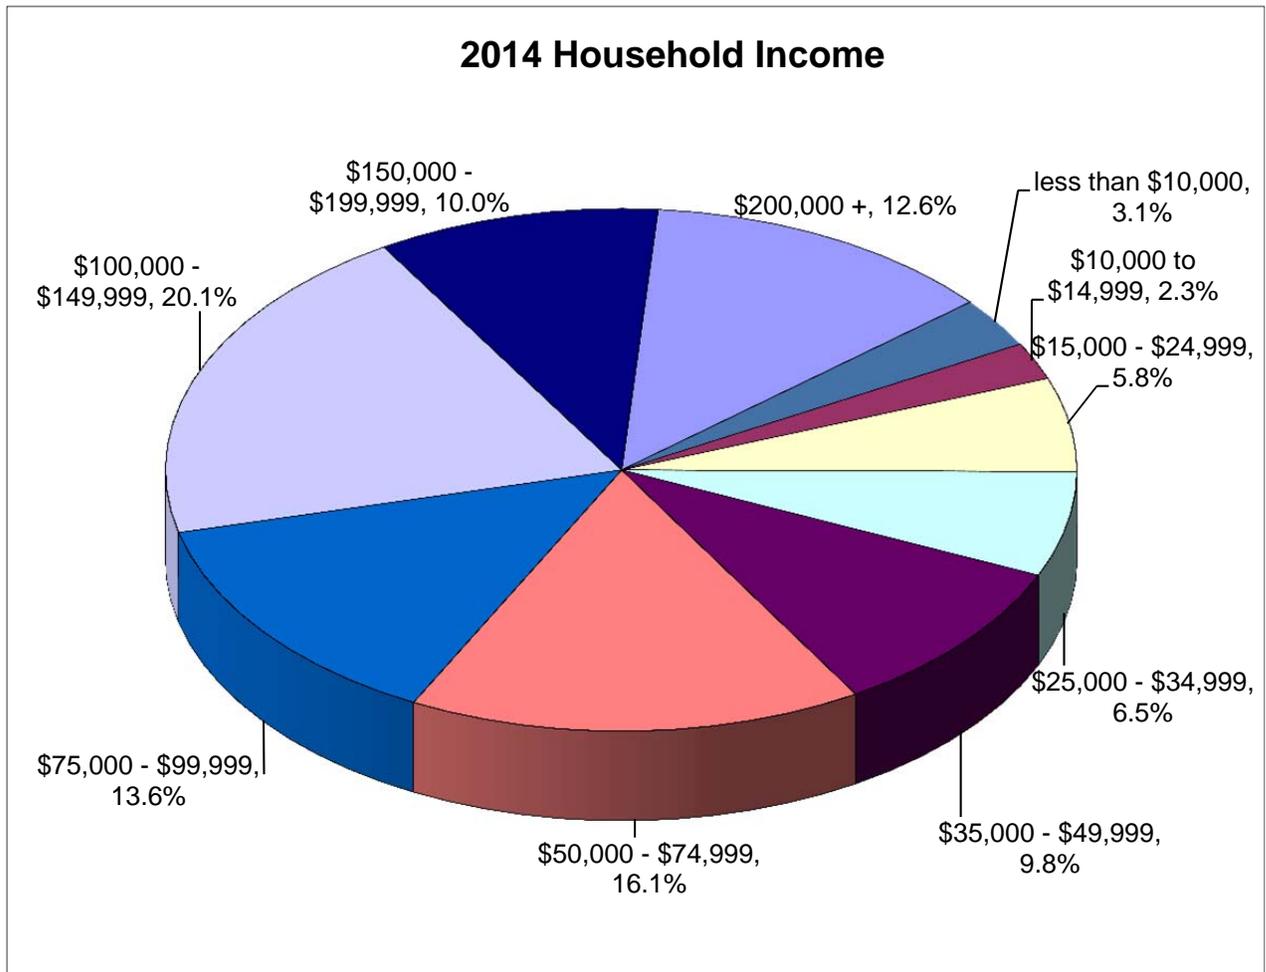

3. Household Income

Household incomes were generally higher in Fort Bend County in 2014 than in the surrounding counties, as well as the national average.

Median Household Income (\$)	
Fort Bend County	\$86,407
Harris County	\$53,822
Texas	\$52,576
United States	\$53,482

Persons Below Poverty Level	
Fort Bend County	8.8%
Harris County	17.3%
Texas	15.9%
United States	13.5%

4. Population by Race and Ethnicity

The race and ethnicity population distribution is from the 2015 U.S. Census Bureau estimates. The distribution is assumed to remain approximately the same throughout the time frame of the budget period.

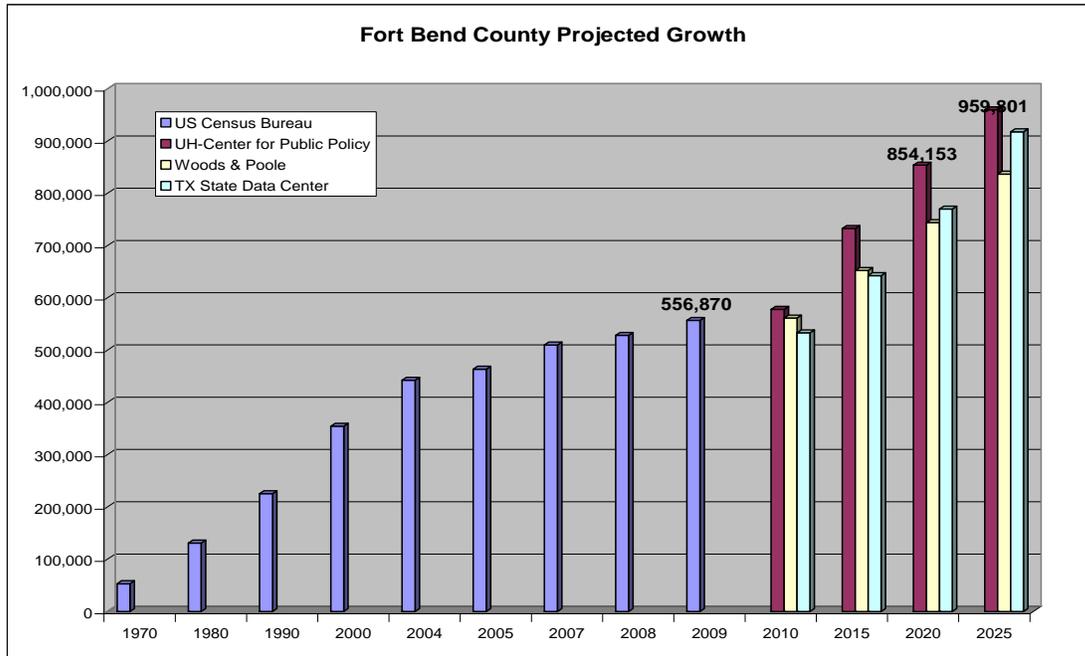

POPULATION BY RACE

	Fort Bend County	Texas
White alone	56.8%	79.7%
Black or African American alone	20.9%	12.5%
American Indian and Alaska Native alone	0.6%	1.0%
Asian alone	19.5%	4.7%
Native Hawaiian and Other Pacific Islander alone	0.1%	0.1%
Two or More Races	2.1%	1.9%
Hispanic or Latino	24.1%	38.8%
White alone, not Hispanic or Latino	34.6%	43.0%

5. Population Projections and Expected Growth

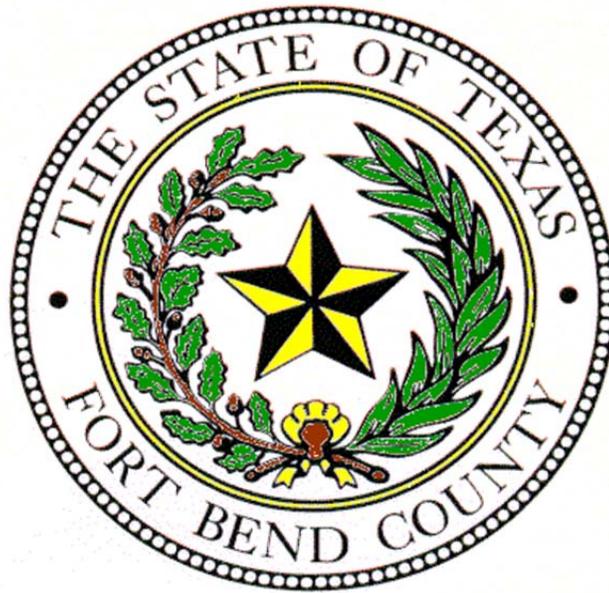

Projections by Woods and Poole Economics for the Greater Fort Bend Economic Development Council show increasing population growth continuing through the year 2030. The projections of the *Fort Bend Mobility Plan* update uses Houston Galveston Area Council (HGAC), the regional Council of Governments numbers. Information from the Texas State Data Center (TXSDC) at Texas A&M University, uses two growth scenarios. One is for the population growth from 1990 to 2030 to continue at a rate that is 50% of the growth from 1980 to 1990; the other is for 100% of that same period.

The following table shows those projections.

Source: Greater Fort Bend Economic Development Council

These projections for the population growth for Fort Bend County are based on the historical growth trends. For the past few years' growth has exceeded four percent (4%) per year. This level is expected to continue for the next three years, then continue at three percent (3%) for the next ten years with a long-term sustained growth of two percent. Even the most conservative population estimates are triple in the next 20 years.

BUDGET PROCESS

DEFINITION AND AUTHORITY

The budget is a financial plan for a fiscal year of operations that matches all planned revenues and expenditures with the services provided the citizens of Fort Bend County based on the established budget policy. Fort Bend County has a fiscal year of October 1, through September 30. The Budget Officer must file a copy of the proposed budget with the County Clerk and the Auditor. Upon receipt of the proposed budget, the Commissioners Court is required to set a date and place for a public hearing “*within 10 calendar days after the date the proposed budget is filed but before the last day of the first month of the fiscal year*” (LGC Sec. 111.067b) to discuss the budget. According to the Texas Local Government Code:

Sec. 111.067. Public Hearing on Proposed Budget

“The Commissioners Court shall publish notice that it will consider the proposed budget on the date of the budget hearing. The notice must be published once in a newspaper of general circulation in the County and must state the date, time, and location of the hearing.”

At the hearing, the Commissioners Court give all interested taxpayers of the county an opportunity to be heard for, or against, any expenditure account or revenue estimate. At the conclusion of the public hearing the Commissioners Court shall take action on the proposed budget. The Commissioners Court may approve the tax rate for the coming fiscal year prior to adopting the budget, but approving the tax rate fixes the revenue. Once the budget is approved and adopted by Commissioners Court, the Budget Office shall file a copy of the budget with the County Clerk and the County Auditor.

BUDGET AMENDMENT PROCESS

Amendments to the budget can be made after adoption. According to Section 111.070. of the Texas Local Government Code:

(b) The Commissioners Court may authorize an emergency expenditure as an amendment to the original budget only in a case of grave public necessity to meet an unusual and unforeseen condition that could not have been included in the original budget through the use of reasonably diligent thought and attention. If the court amends the original budget to meet an emergency, the Court shall file a copy of its order amending the budget with the County Clerk and the clerk shall attach the copy to the original budget.

According to local government code, the Commissioners Court is authorized to make inter-department and inter-fund transfers during the fiscal year, if necessary. Section 111.070c says, “*the Commissioners Court may amend the budget to transfer an amount budgeted for one item to another budgeted item without authorizing an emergency expenditure.*”

In a case where the County receives grant or aid money, the budget may be amended to show receipt of the grant funds Texas Local Government Code Section 111.0706 states:

The County Auditor shall certify to the Commissioners Court the receipt of all public or private grant or aid money that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the court shall adopt a special budget for the limited purpose of spending the grant or aid money for its intended purpose.

The same holds true for any revenues received from intergovernmental contracts such as contract deputy agreements the County has with some master planned communities. In the event that a contract is formed with the County after the budget has been adopted, the budget may be amended to reflect the special revenues. Section 111.0707 of the Texas Local Government Code states:

The County Auditor shall certify to the Commissioners Court the receipt of all revenue from intergovernmental contract that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the Court shall adopt a special budget for the limited purpose of spending the revenue from intergovernmental contracts for its intended purpose.

BUDGET PREPARATION

The Budget Office is responsible for analyzing financial needs and preparing the 2017 budget of Fort Bend County. The budget process was initiated on January 27, 2016 when the Commissioners Court adopted the County's Budget Policy for 2017. Lawson Budgeting & Planning (LBP) training was held February 16 through February 18, 2016 to teach end users how to enter budget requests using the new software. In April, each department submitted 2017 budgets, including New Program Requests and Capital Projects, if applicable. All departments and offices were asked to reduce their operating accounts by eight percent. The Budget Officer scheduled and conducted preliminary workshops with the Elected Officials, Department Heads and Commissioners Court in May. These workshops were held to discuss each department's requests and to provide better justification for their requests if the Commissioners Court needed it. During the months of May and June, the Budget Office prepared a budget considering all levels of service discussed during the preliminary budget workshops. A Capital Improvement Projects workshop was held separately in late May to discuss all projects. The Budget Office distributed the recommended budgets to departments July 7, 2016 and held meetings with Department Heads and Elected Officials regarding their recommended budgets. On July 13-17, 2016 additional workshops were held to discuss the recommended budget prepared by the Budget Office. These workshops were held with the Commissioners Court and were for departments and elected offices to discuss their recommended budget if an agreement had not been made during the budget meetings held earlier in the month. Department Heads and Elected Officials were encouraged to provide additional justification and explanations about their programs during these workshops.

PUBLIC HEARING AND BUDGET ADOPTION

On August 11, 2016 the Commissioners Court proposed a tax rate for Fort Bend County and Fort Bend County Drainage District. They also set public hearings for the evening of September 3, 2016 and the afternoon of September 8, 2016 on the proposed budgets for Fort Bend County and Fort Bend County Drainage District. This year Fort Bend County's Proposed Tax Rate was lower than the effective rate which negated public hearings on the tax rates. Also on September 11, 2016, the Commissioners Court proposed salaries for Elected Officials. The Proposed Budget was filed with the County Clerk and the County Auditor on September 14, 2016. A Public Hearing for the proposed budgets was held on both dates, September 21st and 22nd, and after the second public hearing on September 22, 2016 the Commissioners Court voted on and approved the 2017 Budget for Fort Bend County and Fort Bend County Drainage District. A Public Hearing for the tax increase was held on both dates, September 3rd and September 8th. Also on September 22nd, the Court adopted a tax rate for Fort Bend County and Fort Bend County Drainage District the same as the 2016 tax rate.

FORT BEND COUNTY BUDGET POLICY FOR FY 2017

The Fort Bend County Budget appropriates the funds for the operations of each department in the county according to the financial policy of the Commissioners Court. The budget must be prepared and administered according to the laws of the State of Texas. The Commissioners Court of Fort Bend County (the Court) adopts this official budget policy in preparation of the FY 2017 Budget with the expectation that defining and announcing that policy will inevitably lead to better, more realistic budget requests, and that the public and the county departments should know and have access to the policy.

1.0 General Information

- 1.0 The first duty of the Court is to govern the County in compliance with the *laws of the State of Texas and of the United States*. The Commissioners Court recognizes its duty to the citizens of Fort Bend County to operate the County in a fiscally responsible manner. It is the *duty and responsibility* of each elected official and department head to operate their office or department frugally and efficiently. Costs for services mandated by the State and Federal Government have increased, and the County continues to grow. Therefore, it is especially important to eliminate all unnecessary expenditures.
- 1.1 Every department should make every effort to reduce expenditures or hold the line on expenditures by increasing efficiency within the office in order to meet this goal without reducing the required level of services. All programs should be examined periodically as needed to ensure they are still viable and still provide the best method of serving an identified duty of the office or department. The use of technology to increase efficiency and effectiveness and to reduce costs and manpower should be adopted when fiscally dictated.
- 1.2 Fort Bend County is one of the fastest growing counties in the United States of America. As such, we experience increasing requirements for additional services and facilities continually. Given this factor, the Departments and Offices of the County must plan and execute needed new programs to best mitigate the cost to the County, while still meeting the needs of the citizens. New programs that address a mandated or identified need by providing new services should, if possible, be proposed during budget hearings so that they may be prioritized in light of the total county budget. County government has a responsibility to its citizens to set the standard of efficiency and care by reducing costs whenever and wherever possible.
- 1.3 The Court will continue to be aware of the cost of government that is borne by taxpayers. Costs of capital projects planned for the near future may impact the financial needs of the county in the current budget. While the county's tax base had expanded at an average annual rate of almost 10% over the past eleven years, the tax base decreased by one percent for the 2010 tax year. This may strain the taxing capacity of the County. It is the County's objective to adequately provide funds for prudently managed county services without an increase in taxes. Legislation that limits the growth of property tax revenues to less than the growth of the County without consideration of programs or services mandated by the state or Federal Government will negatively impact the ability of the County to provide those services.
- 1.4 It is a major priority of the Court to advance the economic development efforts in the county. The Court will support efforts to advance economic prosperity of the county when it finds that such efforts are in the best interest of the county and its citizens. The Court will provide funds only when it can legally do so, and in the amount that represents a fair share of the efforts considering all parties that stand to benefit and all entities covered.

FORT BEND COUNTY BUDGET POLICY FOR FY 2017 (cont.)

- 1.5 All internal services should operate efficiently. The Commissioners Court will examine internal services to see if they can be better performed by the private sector. The county will continue to perform those services that it is best suited to perform. The county will adopt the policy of allocating the costs of internal services to the user departments and will initiate the allocation of those costs as rapidly as is economically feasible.
- 1.6 The cost of operations of all automobiles and light trucks will be allocated to each using department. Each department requiring a replacement car or light truck, will be allocated an amount for the replacement vehicle, and will be required to return the vehicle being replaced. Replaced vehicles will be returned to Vehicle Maintenance for sale or redistribution to other departments. Each department requesting an additional car or light truck will be required to justify the need for the additional car or light truck. If the court allows the additional vehicle, it will be an addition to the authorized list of vehicles for that department. All Departments and Offices shall be allocated a fleet of automobiles which at no time shall increase above the number approved by Commissioners Court. Funds for all new vehicles and equipment to outfit the new vehicles will be allocated in the requesting department's budget.
- 1.7 Elected Officials and Department Heads may set guidelines for the issuance and wear of uniforms as needed in their respective office or department. Employees must follow the specific uniform guidelines of their office/department. Uniform guidelines as set forth in Section 616 of the Employee Manual must be followed. All uniforms must be approved by Commissioners Court through the Budget process.

2.0 Fund Balance

- 2.1 The financial integrity of the County depends on having good financial policies. In order to maintain an excellent bond rating by the rating agencies, the County must maintain an adequate fund balance to account for emergencies. To this end, the County will budget a fund balance for the General Fund of at least fifteen percent (15%) of the total operating budget for the General Fund. Additionally, the overall total of all fund balances for all the County's funds will be no less than fifteen percent (15%) of the total County budget.

3.0 Capital Improvement Projects

- 3.1 Each department or office should present their capital projects for the next five years to the Facilities Management and Planning Director so that he may assist the County Budget Officer in consolidating them into a five-year Capital Improvements Plan and budget. Departments in a common functional area (e.g., courts or law enforcement) are encouraged to cooperate in planning for capital projects that affect the whole functional area. Budgeting and allocation of funds for capital projects will be made on the basis of long term planning. Capital projects include major equipment and software purchases (with capitalized costs of implementation) as well as construction and remodeling. Minor remodeling will be reviewed by the Building and Space Committee who will make recommendations to Commissioners Court, and, if approved, be budgeted within the department.

FORT BEND COUNTY BUDGET POLICY FOR FY 2017 (cont.)

3.2 Capital improvement projects may be paid from current revenues or bonds. Bonds or other forms of debt will normally be used for capital projects when appropriate, but only when the capital asset created will have a useful life equal to or longer than the debt repayment period. All Capital Projects, whether funded with bonds or other indebtedness, or from current funds, will be managed by a multiyear budget if the construction period extends over more than one fiscal year.

4.0 Performance Measures

4.1 Properly designed performance measures measure the effectiveness of the operating unit being measured. As such, they will encourage operating units to increase efficiency and effectiveness in order to improve the measures. Each department will prepare and submit to the Budget Office measures of the Department's or Office's performance. These performance measures will reflect the goals of the Department or Office as stated in their long-term plan, and will, as accurately as possible, measure attainment of an operational aspect of the goal. Departments should submit from 4 to 7 performance measures. Each Department will be responsible for maintaining data to measure attainment of these goals as set out in the performance measures, and will submit the annual results at the time the budget is submitted. The Budget Office will recommend projects of highly performing departments before those of departments whose measures indicate low performance, or which do not submit performance measures or data to support the measures.

5.0 Staffing / Training

- 5.1 It is the priority of the Court to provide adequate, qualified staffing for offices and departments, while ensuring that organizational structures are efficient. Requests for increases in staff should be made only for new programs and/or upon demonstrated increases in service requirement that cannot more efficiently be met with improved technology or changes in procedures. New staffing required by approved grants will be limited to the duration of the grant. Needs should be documented by comparisons to recognized performance standards whenever possible, by comparisons with other similarly situated counties, or by other verifiable documentation. Positions will only be approved when a verifiable need exists. Excessive overtime usage will be investigated to determine if new positions are warranted, or if the overtime is caused by a temporary situation.
- 5.2 All requested new positions will be scrutinized very closely. Highly performing departments will be recommended above those whose performance measures are sub-par or which do not submit performance measures.
- 5.3 The Court anticipates that employee compensation will be competitive with those of other comparable employers in the area. Salaries and other benefits of local governments and private sector employers in the area have been surveyed to provide a logical basis for comparison. Positions that perform nearly identical functions or that can be classified as requiring the same skill and experience sets will be compensated equally.
- 5.4 The Court will appropriate adequate funds to ensure that the county's work force is properly trained. Every effort should be made to find or organize training in the area to minimize travel costs. Offices and Departments are encouraged to join together in training efforts within the county when common training requirements exist. Training should be coordinated through Human Resources whenever possible.

FORT BEND COUNTY BUDGET POLICY FOR FY 2017 (cont.)

- 5.5 The Court will appropriate adequate funds to ensure that the county's work force is properly trained. Every effort should be made to find or organize training in the area to minimize travel costs. Offices and Departments are encouraged to join together in training efforts within the county when common training requirements exist. Training should be coordinated through Human Resources whenever possible.
- 5.6 In order to minimize training costs while maximizing effectiveness, it shall be a policy of the County to conduct as much training as possible within the State of Texas. Out-of State travel shall not be used when acceptable alternatives exist within the State. Similarly, travel for conferences will only be approved when the educational content is applicable to the individual's duties and of a high quality so that the benefit to the County can be clearly demonstrated.

6.0 Fee Schedules / Collections

- 6.1 Each county office or department should examine their fee schedule at least annually to ensure that fees are set in accordance with applicable statutes and that an appropriate amount of the cost of service is being borne by the actual user of the service. When a fee is allowed by statute, but has not been adopted by the county, this fact should be brought to the attention of the Budget Officer who will notify the Commissioners Court.
- 6.2 Every fee office will make a bona fide effort to collect all revenues rightly due the county. When collections are below standard, the county will adopt other compliance efforts (outsourcing collections or developing in-house compliance efforts), if justified by potential returns, or required by law.
- 6.3 Each annual operating fund maintained by the county shall be budgeted, including special revenue funds that are for the use of only a single department or a single purpose. All such budgets will be submitted to the Commissioners Court for consideration during the budget adoption process.

7.0 Transfer of Funds

- 7.1 Transfers within a department's budget, or within the same fund, may be made from available, budgeted money with Commissioners Court's permission. To minimize the need for excessive court actions, the budget will be prepared and managed at the account level, but adopted at a major category level, so that Departments may utilize operating funds as needed. All department heads are expected to manage their budgets to maximize efficiency and achieve the goals of the department.
- 7.2 Departments may move moneys from account to account within the major category area (except salaries, which are managed by the Budget Office). A major exception is that any movement of funds to pay for items or programs that have been discussed and disallowed during the budget process may only be made with the approval of the Commissioners Court.

FORT BEND COUNTY BUDGET POLICY FOR FY 2017 (cont.)

7.3 The detail level of the adopted budget will be as follows:

Salaries and Personnel Costs – Includes all Salary and benefit accounts.

Operating and Training Costs – Includes all day-to-day costs of operations.

Information Technology Costs – Includes all Information Technology costs, including acquisition, leasing, and software costs except those items which are capitalized as over \$10,000.

Capital Acquisitions – Includes all capital items with a cost over \$10,000, including Information Technology and software.

7.4 The Budget Office shall verify all departmental requests for budget transfers by an analysis of all previously approved budget transfers for the requesting department. All transfers of funds from the Contingency account shall be accompanied by a detailed report prepared by the Budget Office of all contingency transfers for the fiscal year and showing the current Contingency Balance.

7.5 Items budgeted for the purchase of specific items shall be budgeted for an adequate amount to make the purchase. Excess amounts are not available for other uses, and may be transferred by the Budget Office. For example, automobiles that are anticipated to cost a certain amount, and actually are purchased for less will result in unintended excess in the departmental budget. The Budget Office may transfer this excess to the contingency account. The Commissioners Court may, at its sole discretion, allow the money to be used for another purpose in the department's budget upon proper application by the department.

8.0 Amendments to the Budget

8.1 Amendments to the budget (increases in the total amount of the budget for a given fund) will only occur in case of a bona fide emergency. An emergency is defined as a circumstance that will adversely impact the health or safety of citizens of the county, or severely impair the operation of the county, and that could not reasonably have been foreseen during the preparation of the budget.

8.2 Amendments may be made under the provisions of Local Government Code §111.0705 when the county receives the proceeds of bonds or other obligations. Upon receipt of the proceeds, the Commissioners Court may make expenditures from the proceeds in the manner provided in Chapter 111, Subchapter C for expenditures for general purposes.

8.3 Amendments may be made under the provisions of Local Government Code §111.0706 when the county receives a public or private grant that will make money available during the budget year, and that was not known during the budget process, if the County Auditor certifies the availability of the funds for disbursement. Upon certification, the Commissioners Court shall make a special budget for the expenditure of the funds for the purposes of the grant.

8.4 Amendments may be made under the provisions of Local Government Code §111.0707 when the county enters into an interlocal contract that will make money available during the budget year, and that was not known during the budget process if the County Auditor certifies the availability of the funds for disbursement. Upon certification, the Commissioners Court shall make a special budget for the expenditure of the funds for the purposes of the contract.

FORT BEND COUNTY BUDGET POLICY FOR FY 2017 (cont.)

8.5 Amendments may be made under the provisions of Local Government Code §111.07075 for the purpose of spending revenues received after the start of the fiscal year from a new source not anticipated before the adoption of the budget. The Commissioners Court may adopt a special budget for the purpose of spending the revenue for general purposes or its intended purpose.

9.0 Interdepartmental Construction

9.1 Offices and Departments may utilize the Interdepartmental Construction department for carpentry needs or minor remodeling upon availability. However, to ensure reimbursement to the Interdepartmental Construction Department for materials, departments must allocate funds into their department's account 63700- Repairs & Maintenance before work is begun. If a department does not have the funds available in their budget, the Officer or Department Head must obtain these funds through a transfer prior to work beginning. All invoices for materials will be charged to the department's 63700 Repair & Maintenance account as the project progresses so that the department can monitor the balance. Monies in this account will be restricted to reimbursing Interdepartmental Construction for material costs until the project is complete.

FINANCIAL PLAN

Purpose of Financial Plan

The main purpose of a financial plan is to guide the County in financing cost-effective services, programs and capital needs, while striving for a stable tax rate and appropriate levels for fees and service charges as prescribed by approved financial objectives. The annual audit, internal audits and review of periodic financial reports assure the accomplishment of financial objectives.

Fund Accounting

All County accounts are organized on the basis of funds (account groups), and each is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts. Using these accounts, the revenues and expenditures/expenses are approved before the beginning of each fiscal year by a budget adopted by the Commissioners' Court. Currently, all county funds are grouped by two types, general governmental and special revenue fund types. Examples of general governmental funds include the general fund, debt service fund and capital projects fund. Examples of special revenue funds are the road and bridge and county records management fund. Additionally, the County includes the budget of the Drainage District as if it were a county department, since the Commissioners' Court is its governing body. It is listed as a separate fund, but it should be viewed as a general fund type. If bonds were issued for the Drainage District, it would have a separate debt service fund.

General Governmental Fund Section

- General Fund –** The General Fund is the County's primary operating fund. It is used to account for all financial transactions not properly included in other funds. The principal source of revenue is local property taxes. Expenditures include all costs associated with the daily operations of the County.
- Debt Service Fund –** This fund is used to account for the debt service transactions related to the following bond issues:
Unlimited Tax & Subordinate Lien Toll Road Revenue Bonds 2003, Unlimited Tax & Subordinate Lien Toll Road Revenue Bonds 2004, Unlimited Tax Road Bonds 2006, Unlimited Tax Road Bonds 2007, Unlimited Tax Road Bonds 2009, Unlimited Tax Road Refunding Bonds 2009, Limited Tax Bonds 2007, Justice Center Limited Tax & Refunding Bonds 2009, Unlimited Tax Road Bonds 2012, Fort Bend Flood Control and Water Supply Corporation 2012, Senior Lien Toll Road 2012, Unlimited Tax & Subordinate Lien Toll Road Revenue Refunding Bond 2012.
- Capital Projects Funds –** These funds are used to account for the receipts and Disbursements related to the construction or purchase of a property or facility of the County.

Special Revenue Fund Section

Road and Bridge Fund – The Road & Bridge Fund is used to account for the costs associated with the construction and maintenance of roads and bridges. Revenues are derived mainly from ad-valorem taxes, intergovernmental revenues, and fees and fines.

Law Library Fund – The Law Library fund was created by Commissioners Court pursuant to Article 1702h, Revised Texas Civil Statutes, for the establishment and maintenance of the County Law Library. Revenues are derived from law library fees assessed against each civil case filed in the County Court, County Court at Law, and the District Courts, except tax law suits.

Gus George Law Academy Fund - This fund is used to account for the transactions of the school operations of the County Law Enforcement Academy. The program is mainly funded from reimbursements from the State via the Houston-Galveston Area Council.

Child Support Title IV-D – This fund is used to account for monies received for processing child support payments. The amount of receipts depends on the number of child support payments processed. Expenditures from this fund are used for salaries, equipment, and other costs related to the processing of child support payments.

Drainage District Fund Section

Drainage District Fund - This fund is used to account for the receipts and disbursements related to the reclamation and drainage of lands located within the County. Revenues are derived mainly from ad-valorem taxes and impact fees assessed against the taxable properties.

Budgetary Accounting Basis

The budget is maintained on the modified accrual basis. The budget and all transactions affecting the acquisition, custodianship and disposition of anything of value by the County are recorded in detail in the accounting system adopted by the Fort Bend County Auditor. They are reported to the Commissioners' Court and to the public, as necessary, to show the full effect of transactions upon the finances of the County. The County's accounting records for general governmental operations are maintained on the modified accrual basis according to Generally Accepted Governmental Accounting Principles (GAGAP). The revenues are recorded when actually received, and expenditures are recorded when the liability is incurred (for example, when purchase orders are issued). Encumbrance accounting is used for all funds. Encumbrance accounting means that an estimated cost is recorded on the books at the time of an order of goods or services so that all obligations are booked. When the actual cost is known, it is booked, and the encumbrance is reversed.

Balanced Budget Definition

A balanced budget is determined by the positive or negative results of the Unreserved-Undesignated Fund Balance. The expenditures associated with Major Funds operating activities are supported by the revenues and accumulated resources of this category of Fund Balance. Increases or decreases in this Fund Balance category are indicative of the Major Fund's ability to support continuing operations by maintaining a balance of 15% of the current year's expense budget.

Budget Type

For each operational fund, the 2017 budget is prepared on the basis of major operating groups. The four groups are:

- Salary and Personnel Costs
- Operating and Training Costs
- Information Technology Costs
- Capital Acquisition Costs

The underlying budget is still listed by accounts (line item budget). The comprehensive budgetary process requires line item justification by departments each year, but the budget was adopted at the broader level to allow departments more flexibility within their major operating groups. Changes to line items within any group are made on authorization of the Department Head, through the Budget Office. Changes from group to group require Commissioners' Court approval. The adopted budgets are included in the Comprehensive Annual Financial Report (CAFR) for comparison purposes.

Operational Structure

Each operational fund is comprised of departments or offices, which are major organizational units of the County. Departments are generally defined as those under the operational control of the Commissioners' Court (although some departments are under the control of other boards); while offices are under the operational control of a separate Elected Official.

Examples of departments under the control of the Commissioners' Court are the Budget Office, Information Technology Department and Human Resources Department. Departments under the control of other boards are the County Auditor's Office, which is controlled by a board of all the District Judges; and the Purchasing Department, which is under the control of a Purchasing Board composed of three District Judges and two members of the Commissioners' Court.

For a listing of elected offices, see the organizational chart on Page 24. For a listing of all departments and offices under the Commissioners’ Court or a board, consult the organizational chart on Page 25. The operational units by function are listed below.

Bond Rating Information

The County last issued bonds in November 2014 and received a rating of A2 from Moody's and A+ from Fitch Ratings.

Certificates of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a certificate of achievement for Excellence in Financial Reporting to the County for its comprehensive annual financial report for fiscal year ended September 30, 2015, and for the last twenty four consecutive years. It is expected that the County will again receive this award for the fiscal year ended September 30, 2016.

The GFOA also awarded the Distinguished Budget Presentation Award to Fort Bend County for the fiscal year beginning October 1, 2015. This was the twelfth year for the County to receive this award for budget presentation. It is expected that the County will again receive this award for the fiscal year beginning October 1, 2016.

ALL OPERATING FUNDS SUMMARY

The following table represents revenues by sources for all county funds. The amounts listed for 2015 are the actual amounts of revenue that was received for each category. The second data column shows the amount adopted for 2016. The third data column shows an estimated amount to be received in 2016, and finally the fourth data column shows the amount budgeted for 2017.

Revenues by sources are presented for the General Fund, the Road and Bridge Fund, the Drainage District Fund, and the Debt Service Fund. The four main cost centers are general fund expenditures, road and bridge expenditures, drainage district expenditures and the payment of debt service. Expenditures are broken down by function, and presented in a chart following the revenue summary.

General Fund Revenues

The County's revenue sources remain sound. Property taxes, when assessed at the same tax rate as now, will expand from the growth in the tax base. The tax base was growing at an average rate of about 7.68 percent per year over the last nine years; however, this year the County saw an increase of 6.79% in property values. This year's General Fund property tax revenue was increased by \$7.2 million. The graph on the following page shows Fort Bend County's property tax values as they correspond to the County budget.

*Note – In 2015, Fort Bend County sold 2 bonds which is the increase in Miscellaneous Revenues.

Other revenues continue to grow at a similar pace. The descriptions of the various categories of General Fund Revenue are below.

- 1. Taxes** – Includes Current and Delinquent Property Taxes and Penalty and Interest on Property Taxes. Property tax revenues have increased at a steady rate, averaging an increase of about ten percent per year in the past ten years. The property tax amount is conditional on 261156910 two factors, the taxable value of property and the tax rate. The average general fund tax rate for the past ten years is \$0.38883. The current tax rate is \$0.36000.

Property Taxes are generated by an assessment on the value of real property and some personal property. By law, the increase in valuation of real property is limited to 10 percent per year. The increase in tax rates, year over year, is also limited by several mechanisms, such as requiring hearings and allowing rollback petitions and, if successful, rollback elections. The effective tax rate is determined by calculation, on the same tax roll with the new assessments, the tax rate that would result in the same amount of tax revenues as the previous year’s tax rate produced. If this effective tax rate is exceeded by 3 percent, public hearings must be held before the new rate is adopted. If the effective rate is exceeded by 8 percent, a rollback petition is allowed. A successful petition will result in an election on whether to allow the new tax rate or not. If it is denied, the tax rate will be reduced to the effective tax rate. This year, the proposed tax rate exceeded the effective tax rate, therefore the County was required to hold public hearings before adopting the tax rate.

- 2. Fees, Fines and Forfeitures** – Includes all departmental fees and all court fines and forfeitures. This category includes beer and wine licenses and automobile registration fees. Fees are set by law or by the order of the Commissioners Court. Fines and forfeitures depend on the provisions of state law, and are usually mandatory, but occasionally are optional with the Commissioners Court. This county has instituted all the optional court costs, and receives the maximum amount from these sources. Revenues from this source depend on collections by departments, the actions of the courts, incidence of offenses and various other external factors.

3. **Intergovernmental Revenues** - Intergovernmental Revenues are revenues from the state, federal or other governmental sources. They include state-shared revenues, interlocal contracts and federal grants. By their nature, this revenue source can be subject to substantial fluctuation. The County has adopted some measures in the past three years to optimize federal and state reimbursements.
4. **Interest** - Interest earnings are a function of the rate of return and amount available for investment. The amount available for investment depends on a variety of factors, the largest of which is the cash balance available for investment. This amount is not being spent for current operations, and can be invested until it is needed. Other important factors are control of cash flow and the management of the investment portfolio. Proper planning can nearly always result in a greater amount available for investment and will increase the earnings relative to the current rate of return on investments.
5. **Miscellaneous** – The miscellaneous category includes all other sources of revenue, such as contributions, reimbursements for prisoner housing and similar revenues.

The chart below represents the variations in General Fund Revenues over the past three years.

Road and Bridge Fund Revenues

The Road and Bridge Fund receive revenues from three main sources, plus a small amount from miscellaneous sources. The primary source of money is from a special road tax, which is dedicated to county roads and bridges. The County has another road tax, the Farm to Market/Flood Control Tax, but the Commissioners Court has not levied this tax in the past 15 years.

1. **Taxes** – The Special Road Property tax revenue, the Farm-to-Market/Flood Control Tax (when collected), as well as all the other property tax revenues, are dependent on two factors, the taxable value of property and the tax rate. The current tax rate is \$0.0032.

2. **Fees and Fines** – This category includes only the Road & Bridge portion of fees and fines. Primarily, these are the County’s share of motor vehicle registration fees, and traffic fines. Law allocates the majority of all fines and forfeitures collected by the County to the Road and Bridge Fund, with some going to law enforcement.
3. **Intergovernmental Revenues** - Intergovernmental Revenues are revenues from the state, federal or other governmental sources. They include state-shared revenues, interlocal contracts and federal grants. By their nature, this revenue source can be subject to substantial fluctuation.
4. **Interest** – This category includes only interest earnings.
5. **Miscellaneous** – This category includes sources of revenue such as intergovernmental revenues and miscellaneous revenues. Intergovernmental revenues for R&B include state shared revenues such as the Lateral Road funds, which must be used for Road and Bridge Projects. The miscellaneous revenues are contributions, reimbursements for culverts and similar revenues.

The chart below represents the variations in Road and Bridge Fund Revenues over the past three years.

Drainage District Fund Revenues

The Drainage District Fund receives revenues from two main sources, plus a small amount from miscellaneous sources. The primary source of money is from the Drainage District Property Tax, which is dedicated to County Drainage Projects. The Drainage District is actually a separate political entity, but the Commissioners' Court is the governing body, and it is budgeted and accounted for by the County.

1. **Property Taxes** – Drainage District Property tax revenues are dependent on the same two factors as other property taxes: the taxable value of property and the tax rate. The District has been able to operate on a relatively flat budget, and has not required additional money, so the tax rate has actually fallen for the last several years. The average tax rate for the past ten years has been \$0.01936, while the current tax rate is \$0.02100.
2. **Interest** - This category includes only interest earnings.
3. **Miscellaneous** – The miscellaneous revenue category for the drainage district includes all other sources of revenue, such as auction sales.

The chart below represents the variations in Drainage District Fund Revenues over the past three years.

Combined Debt Service Fund Revenues

- 1. Property Taxes** - Property taxes are the primary source of Debt Service money. The Debt Service Fund must, according to the Constitution, be fully covered by the property tax.
- 2. Interest** - Interest earnings result from the earnings on the property taxes before they are used to pay the principal and interest on county indebtedness. It is usually a relatively small amount.
- 3. Miscellaneous** – The Miscellaneous Revenue category for Debt Service includes only reimbursements.

The chart below represents the variations in Debt Service Fund Revenues over the past three years.

County Expenditures by Function

The County’s expenditures are presented here by function. The defined functions are General Administration, Financial Administration, Administration of Justice, Public Safety, Construction & Maintenance, Health and Welfare, Libraries and Education, Parks and Recreation, Cooperative Services, Capital Outlay and Debt Service. The County expenditures from 2016 to 2017 are expected to increase 8.77 percent.

General Administration costs have increased by 6.93 percent for 2016 as compared to the adopted budget in 2017 while costs in Financial Administration have increased by 8.84 percent. The activity of Administration of Justice increased their budgets by 7.16 percent this year. The chart below presents a side-by-side comparison of the expenditures by function for the past three years.

Includes Library Donations but listed in other Funds in the breakdown of departments.

The County’s ability to absorb additional debt remains excellent. The bond-rating agencies have rated the County as an excellent credit risk. The County last issued bonds in November 2014 and received a rating of A2 from Moody’s and A+ from Fitch Ratings. Both ratings are considered just under the highest possible ratings.

In summary, the County remains in excellent financial health. The growth in population and economic strength continues, and shows no sign of abatement. We are continuing to strengthen financial controls in the County, and this will enhance our financial strength. All County departments continue to work toward achievement of the long-term comprehensive plan goals.

GENERAL FUND REVENUES

Texas Local Government Code § 111.063 (b) gives the responsibility to the County Auditor to provide the Budget Officer with revenue projections for the ensuing year. Property tax revenues are estimated using the net assessed taxable value and the adopted tax rate while the remainder of the revenue estimates is based upon revenue trends. Also taken into consideration are whether fees have been increased as well as law enforcement contracts the County has with subdivisions in the County. The bar graph below shows revenues at a steady increase.

COMMISSIONER'S COURT

MISSION

The mission of the Fort Bend County Commissioner's Court is to maintain the operations and administration of the county for the overall benefits of the constituents.

DUTIES/RESPONSIBILITIES

The Commissioners Court, which is composed of the County Judge and four County Commissioners, is the governing body of the County. It has certain powers granted to it by the state legislature. Its duties include the approval of the budget, determination of the tax rates, approval of contracts, calling of elections, issuance of bonds, appointment of certain county officials, and the oversight responsibility of all the funds included in this report.

COUNTY JUDGE

The County Judge is the presiding officer of Commissioner's Court. Included in this role is the responsibility of insuring the effective and efficient financial and managerial operation of county government. The Judge also presides over civil defense and disaster relief and county welfare. In a judiciary capacity, the Judge acts as a judge of the County Civil Court, Probate Court, and is a member of the Juvenile Board. As chief executive of the County, the Judge proactively communicates with federal, state, county, and city leaders, legislators, boards and agencies on matters of interest to the County.

The Office of the Constitutional County Judge performs the following duties:

- Empowered by the Constitution as the County's Chief Executive officer
- Presiding officer of the Commissioners Court including publishing meeting notices and prohibiting illegal closed meetings
- Administrative duties primarily relate to carrying out the court orders passed by the Commissioners Court, signing all contracts, and overseeing all non-elected department heads
- Fort Bend County liaison between State, Federal, City and other County Governments
- Actively participates in both public and private sector economic development
- Director of Emergency Management and oversees civil defense and disaster relief for the county residents
- Serves on the County Bail Bond Board, Purchasing Board, the Juvenile Board and the County Elections Commission
- As a voting member of the Commissioners Court performs many of the same duties and responsibilities as a County Commissioner

Other Responsibilities Include:

- Sets and receives bonds or sureties for certain county officials and other appointments by Commissioners Court
- Refuses or issues Alcoholic Beverage Permits
- Refuses or issues Court Ordered Delayed Birth Certificates and Death Certificates
- Other than the largely administrative duties listed above, all judicial duties of the County Judge are vested in the four County Courts- at- Law maintained by Fort Bend County

COMMISSIONERS

Each Commissioner is a member of the Commissioner's Court. Each has an equal vote, together with the County Judge, in deciding issues brought to the Court. Each Commissioner oversees their precinct interacting with citizens, other governmental agencies, and private entities to ensure the smooth operation of the precinct. A Commissioner is required to be knowledgeable of the statutes governing counties and must attend 16 hours of qualifying education each 12-month period.

Duties and Responsibilities Include:

- Sets the County's ad valorem tax rate and most county fees.
- Approves County budgets and expenditures.
- Issues debt of the County.
- Builds and maintains County roads and bridges.
- Builds, maintains and operates County facilities (buildings, parks, grounds).
- Constructs and maintains County drainage.
- Sets compensation of most county officials and employees.
- Creates offices, boards, and commissions and appoints their members.
- Enters into all contracts with vendors and other governmental agencies.
- Holds general and special elections of the county.
- Responsible for county redistricting and setting precinct boundaries.
- Adopts and enforces subdivision regulations.
- Responsible for public health.
- Responsible for indigent health care and legal representation.

COUNTY CLERK

VISION

The Vision of the County Clerk is to anticipate, meet, and exceed the expectations of our customers.

VALUES

- Customer Service: Providing quality service to our customers, with understanding and respect, in a timely manner.
- Employees: Creating a healthy environment in which employees are involved, respected, challenged, encouraged, appreciated and given opportunity for development.
- Efficiency: Using well-chosen resources effectively and making fiscally responsible decisions based on facts and employee input.
- Ethics: Exemplifying the highest standards of integrity and professionalism.
- Justice: Promoting the impartial administration of the justice system.

MISSION

To provide excellent customer service through skilled personnel and leading edge technology to the citizens of Fort Bend County, the Judges, attorneys and related agencies while being vigilant and efficient with tax payer dollars.

DUTIES/RESPONSIBILITIES

The office of the County Clerk is committed to setting the standard for operational best practices through education and training of employees, the latest in technological advancements and adhering to the highest ethical standards in government while responding to an ever increasing caseload and recording of documents.

Specifically the County Clerk serves the citizens and courts by preserving, protecting and providing access to public records. The duties of the County Clerk include:

- Real Estate Records - includes real and personal property records, liens, deeds, deeds of trust, subdivision plats and restrictions, brands, easements, cemetery deeds, oil and gas leases, assumed name certificates, military discharge records and many more.
- Vital Records - the County Clerk's office is the local registrar of birth and death records and issues and maintains all marriage records.
- Toll Road – the County Clerk's office processes toll violations from the Fort Bend Toll Road Authority.
- County Courts at Law - the County Clerk has the responsibility of intake, processing and maintaining civil cases with a jurisdictional limit up to \$200,000. The civil division also processes and maintains probate cases for probated estates, incapacitated persons, mental health cases, wills, maintains a registry account with over 1400 sub accounts and is the custodian of funds held on behalf of minors. The criminal division of the County Clerk's office is responsible for the record keeping of all misdemeanor and juvenile cases and accepts and administers payment of fines.

COUNTY CLERK

- Commissioners Court – the County Clerk serves as the clerk for Commissioners Court. It is the responsibility of the County Clerk to produce and maintain the official minutes of the meetings of the Court and to act as the custodian for the back-up documents to agenda items presented to the Court.
- Multiple Offices – the County Clerk of Fort Bend is the only Elected Official to have split duties among multiple offices in the County. The Court division resides in the Justice Center and Vital Records and Official Property Recording reside in the Travis building. Additionally, there are two annex buildings located in Katy and Missouri City which offer the services of property recording, DBA filings, birth and death records, marriage recording, research and payment of court costs, fines and fees. In early 2017, the County Clerk will open a new office in Sienna, Missouri City.

GOAL(S)

- 1. Ensure compliance with the Texas Supreme Court Order Requiring Electronic Filing in Criminal Courts (e-filing) by July 2017.**
 - a. Put a plan in place to support e-filing for Misdemeanor cases. This includes coordination with Tyler Technologies, the County Courts at Law and Judicial Steering Committee.
- 2. Continue to work with IT and Tyler Technologies on further efficiencies and functionality in Odyssey through updates and upgrades.**
 - a. Work towards the testing and eventual implementation of automated electronic workflows between the County Clerk's office and the County Courts at Law.
- 3. Rollout a newly designed and user friendly public web site for the County Clerk office.**
 - a. Completely rewrite the County Clerk's current web site (within the Fort Bend County web site) to achieve a more user friendly way for the public to find information and be able to perform self-service tasks.
- 4. Continually review records in order to preserve and protect.**
 - a. Ensure records are retained in compliance with retention set by the Texas State Library Archives Commission. Identify, quality control check and destroy paper records as they become eligible for destruction.
- 5. Support new courts.**
 - a. **Support** the new County Court at Law #5 elected Judge as of November 2016. Work with the Judge to efficiently support the docket.
 - b. Support the new Associate County Court at Law. Hire and train support staff for the new proposed court.
- 6. Open new County Clerk Annex Office**
 - a. **Staff and** train to support the opening of a new County annex in Sienna.

RECORDS MANAGEMENT

MISSION

The mission of Records Management is to work with the County Records Management Committee in establishing, implementing and maintaining a County Records Management Plan in accordance with the revised Records Management Policy adopted by Commissioners' Court.

VISION

Records Management's vision is of a central repository for records which are utilized by multiple departments/offices, so that convenience copies become a thing of the past.

DUTIES/RESPONSIBILITIES

Records Management's service area consists of its microfilming and digital scanning sections, its records destruction function and its on-site Records Center, all located in the Rosenberg Annex, and the off-site (remote) storage elements held by contract with Harris County Department of Education (HCDE). The department's Records Management Officer and Records Liaison/Coordinator provide advice and instruction as needed/requested by County departments participating in the County Plan.

GOAL(S)

1. **To reduce on-site space requirements for County departments and offices by:**
 - a. Changing records formats;
 - b. Eliminating duplicate copies;
 - c. Destroying eligible paper records.

2. **To improve the retrieval of active records by:**
 - a. Converting paper documents to digital formats;
 - b. Destroying eligible digital content.

FACILITIES MANAGEMENT AND PLANNING

MISSION

The mission of the Facility Management and Planning Department (FMP, Operations, Maintenance, Jail Maintenance, Interdepartmental Construction and Custodial) is to ensure the 196 County facilities under its purview are safe, in efficiently operating condition, clean, promote a comfortable working environment for its employees and to ensure an effective and professional environment for the citizens of Fort Bend County.

The **Facilities Management and Planning** department provides recommendations to Commissioner's Court for new buildings, infrastructure improvements and renovations to effectively accommodate growth of County services; we then manage development and completion of approved projects. FMP Administrative staff also provides reception and clerical support to various County agencies.

Facilities Maintenance and **Jail Maintenance** maintain major building systems and controls, perform required preventative maintenance, write specifications for and supervise vendors for all mechanical, electrical, structural and plumbing requirements of County facilities, including the County Jail. Facilities Maintenance departments develop improved operating methods and software for building controls and tracking systems and comply with warranty maintenance obligations for all operating facilities.

Facilities Operations department receives, reviews and processes payments and installations of monitoring, electrical, water, pest control, custodial services and other utility needs of County facilities. Operations provides Help Desk support to IDC, Facility Maintenance and Jail Maintenance, and coordinates and tracks service calls for all repairs and requested services. Operations provides all clerical support to IDC, Facilities Maintenance, Facilities Jail Maintenance, and Facilities Custodial for requisitions, invoice processing, contracts with vendors for services, etc. Operations maintains current building information for Risk Management; manages and invoices all leasing arrangements and payments; and oversees outside vending services provided to County buildings. It compiles and reports utility costs for various legislative and public disclosure requirements.

Facilities Custodial provides daily and extensive cleaning services, distributes supplies and performs light maintenance for our County buildings and associated facilities. It supervises Texana and part-time workers, oversees grounds and upkeep for various locations and supervises 3rd-party vendors for outside cleaning services to County buildings not cleaned by County Custodial staff. Manages new flooring installation, cleaning of carpet, and strip and wax of flooring in buildings maintained by County staff.

FACILITIES MANAGEMENT AND PLANNING

GOAL(S)

- 1. Continue to improve data gathering, cost tracking, and scheduling capabilities**
 - a. Update and catalog drawing for all of the County building, including those under the purview of Facility and Jail Maintenance for reference and as-built drawing purposes.
 - b. Continue to develop, populate, and utilize our new Facility Management software application, a web-based building maintenance program, to improve the Department's ability to schedule, monitor and track the cost of repairs to the County's buildings in systematic effective tracking methods.
 - c. Implement a new Facility Management software application, a web-based building maintenance program, which allows the Department to schedule, monitor and track the cost and repairs to the County's buildings in systematic effective tracking methods.

- 2. Improve the condition and repair of all county buildings**
 - a. Utilize authorized staffing levels and equipment as efficiently as possible to maintain and improve costs to operate County buildings.
 - b. Upgrade skills and capability of Facility Maintenance, Facility Operations and Custodial personnel required to accomplish the objectives of the department.
 - c. Build on our significant progress regarding Jail Maintenance work order status to allow for more focus on preventative and deferred maintenance efforts.

- 3. Identify upgrades to major building systems and identify projects to increase reliability and minimize costs.**
 - a. Incorporate Facility Maintenance staff recommendations and experience in identifying control systems to operate and maintain major building systems
 - b. Identify building control systems and projects for County buildings that demonstrate money savings for the County over the useful lives of the systems.
 - c. Continue the improvements to Jail facilities while lowering the County's cost when compared to 3rd party vendor experience. Complete the replacement of numerous mechanical, electrical, and plumbing components to improve reliability and performance while realizing significant energy savings. Improve condition of Jail facilities while lowering the County's cost when compared to 3rd party vendor experience.

ORGANIZATION CHART

INFORMATION TECHNOLOGY

The Information Technology (I.T.) department aligns technology goals and strategies with the business requirements of the County's offices and departments. Utilizing an ongoing process of regular reviews and updates to reflect emerging issues and challenges, the I.T. department pursues innovative technology goals through a cycle of planning, process, and review. The focus is on future shared successes while adapting to an ever-changing context.

MISSION

The mission of the Information Technology (I.T.) Department is to provide information technology services to support County business programs, customer departments and offices, and taxpayers in the most efficient, equitable and economical methods possible by leveraging technology resources.

VISION

Establish and execute a strategic I.T. plan that will align with and support business programs and initiatives in a fiscally responsible manner. Understand the business processes and identify the technology that will enable government-to-government, government-to-business, and government-to-citizen functions through a process of establishing goals, objectives, and priorities. Assist the County's departments and offices to find innovative solutions for their business needs.

GOALS

- 1. Reduce technology related risks by designing and maintaining a reliable and available I.T. infrastructure foundation.**
 - a. Prepare Fort Bend County for the future by building a scalable I.T. infrastructure and applications portfolio.
 - b. Invest in technology infrastructure, architecture and security improvements.
 - c. Use the CIP budget as granted by Commissioners Court to continue the infrastructure refresh programs.
 - d. Continue to build and maintain survivability into each site relative to site-specific requirements.

- 2. Deliver products and services efficiently and provide easy access to data.**
 - a. Improve I.T. service delivery.
 - b. Investments in technology solutions must be justified based upon benefits and value added. Total Cost of Ownership (TCO) and Return on Investment (ROI) will be a major factor in the decision making criteria.
 - c. Gain efficiencies, economies of scale and become more efficient.
 - d. Build and maintain a common portfolio of services.
 - e. Reduce technology related costs – reuse when possible, and buy before we build.

INFORMATION TECHNOLOGY

- 3. Educate and market new concepts to County departments and offices, as well as the taxpayers.**
 - a. Provide the level of service needed for Fort Bend County departments and offices to be successful.
 - b. Effectively communicate and utilize the governance process.
 - c. Develop the I.T. Service Desk into a full function Customer Service Center that provides the level of service needed for Fort Bend County departments and offices to be successful.
 - d. Gain support by creating, communicating and improving the technology requirements and principles that support the County's future state vision.
 - e. Review the I.T. Strategic Plan annually, and update as required, with the business partners to further enhance the strategies which align with the County's goals.

- 4. Enhance I.T.'s leadership role through the delivery and support of reliable, innovative business solutions.**
 - a. Provide solutions which streamline and enhance the business workflows.
 - b. Continue performing effective business analysis, building of business cases and prioritization of technology solutions.
 - c. Analyze business objective and translate into transformational I.T. strategies.
 - d. Introduce new and innovative technology to the departments and assist with embedding them into the business processes.
 - e. Maximize the functionality of enterprise applications.

TAX ASSESSOR/COLLECTOR

MISSION

The mission of the County Tax Assessor/Collector (TAC) is to provide friendly efficient and professional tax collection services to the taxpayers of Fort Bend County in person, or by phone, fax and internet in a full-service environment.

VISION

Our focus is on the future growth of Fort Bend County; insuring excellent customer service and customer friendly offices in key areas of the County.

DUTIES/RESPONSIBILITIES

The TAC collects property taxes, motor vehicle and trailer taxes, vehicle registration fees, beer/wine and liquor fees, and provides all services relating to these collections. The TAC maintains expert and timely tax research and information referral services.

GOALS

1. Improve Customer Service Efficiency
 - a) Cross-train staff to support other departments during peak traffic times.
 - b) Hire full-time and part-time staff to maintain service level without the need for frequent overtime.
 - c) Hold timely in-house training classes to insure employees are aware of and complying with all legislative changes affecting the Texas Property Tax Code and Texas Transportation Code.
2. Reduce In Person and Telephone contacts by taxpayers by educating them on resource options other than visiting the Tax Office.
 - a) Partner with homeowner associations, apartment complexes and grocery stores to publicize options.
 - b) Publish frequent press releases through local newspapers to inform the public of taxpaying options/resources.
 - c) Frequently update Tax Office website with new information and options.
3. Optimize resources to reduce paper consumption and had copy file storage in all Tax Offices.
 - a) Develop new procedures to scan and store documents as attachments on the software system rather than store as hard copies.
 - b) Encourage staff to use online resources for viewing rather than printing copies.

BUDGET OFFICE

MISSION

The mission of the Budget Office is to provide Budgeting and Investment Services to the County. For Budgeting, to prepare and administer the Annual County Budget so as to properly allocate the County's resources to most effectively accomplish the mission of the County as a whole. The office coordinates the long-term financial planning of the County to best navigate the progress of the County through the future. The Budget Officer advises the County's departments and offices in accomplishing their mission and assures that they equal the overall mission of the County. The Office, with the assistance of the other financial departments (Treasurer and Auditor), manages the investments of the County to achieve safety, liquidity and best return under the investment policies of the County.

GOALS

1. Earn the Government Finance Officer's Association's *Distinguished Budget Award*.
 - a) Analyze the results of the *Distinguished Budget Award* presentation to see what improvements are needed in the budget.
 - b) Update and continually monitor the capital budget by the 2015 budget.
 - c) Increase the number of 4 ratings from Reviewers.
2. Create and monitor a functioning Revenue Manual as a budgetary tool. It will be used to assist the Budget and Auditor's Office in projecting accurate revenues.
 - a) Update the Revenue Manual monthly.
 - b) Monitor revenue sources behavior. If a revenue source dips or spikes, the Budget Office will investigate its behavior.
3. Move towards a more paperless environment in the Budget Office.
 - a) Utilize LBP more efficiently to extract data and reports directly without having to recreate the data in excel.
 - b) Train users to become savvier in Lawson allowing them to run reports confidently. End users will review their adopted budgets online rather than receiving hard copies from the Budget Office.
 - c) Utilize the county internet and intranet as a place to house all budget documents and reports allowing the Commissioner's Court to view all budget requests online rather than by hard copy.
4. Prepare and manage the Fort Bend County budget in a manner that is financially prudent using County resources in the most efficient manner.
 - a) Maintain financial transparency using the County website.
 - b) Maintain a 15% fund balance.
 - c) Allocate resources so as not to require a tax increase.

COUNTY COURTS AT LAW

MISSION

It is the mission of this Court to expedite court business and administer justice in a fair, efficient and effective manner in accordance with the recommended standards set by the Supreme Court of Texas.

VISION

It is the vision of this Court to develop a balanced set of performance measurements that focus on access to justice, fairness, timeliness, efficiency and effectiveness in accordance with the proposed performance measurements designed by the National Center for State Courts and the National Association for Court Administration.

DUTIES/RESPONSIBILITIES

It is the duty and responsibility of the courts to administer justice in accordance with the laws of the State of Texas, the Texas Constitution and the Constitution of the United States of America.

GOALS¹

1. Access to Justice
 - a) Conduct court proceedings and other court business openly.
 - b) Establish and implement policies and procedures in a fair and reliable manner.
 - c) Faithfully adhere to the relevant laws, procedural rules and established policies of the court, the State of Texas, the Texas Constitution and the Constitution of the United States.
 - d) Provide access to the court's policies and procedures by posting a copy of the County Courts at Law Local Rules of Court on the Court's website.
 - e) Provide approved forms to attorneys and the general public through the Court's website.
2. Fairness
 - a) Give all who appear before the court, the opportunity to participate effectively without undue hardship or inconvenience.
 - b) Give individual attention to cases, deciding them without undue disparity among like cases and on legally relevant factors.
3. Caseflow & Workflow Management
 - a) Establish and comply with recognized time standards as established by the Supreme Court of Texas.
 - b) Implement the entry of docket control orders in all new cases filed with the Court, in accordance with the Texas Rules of Civil Procedure, Rule 169 and 190.

DISTRICT COURTS

MISSION

The mission of the 240th, 268th, 400th, and 434th District Court is to provide predictable framework of rulings; to balance court time among the various types of dockets (criminal, civil, and non-jury) to administer justice in civil and criminal matters and to serve on the state and county administrative boards. The Judges strive for competency and fairness in all matters.

The 328th, 387th and 505th (Family) District Courts' mission is to administer justice for family matters, assure family protection from violence; provide protection for abused and/or neglected children; and to provide administrative leadership/governance for appropriate county departments.

GOALS

1. Develop a paperless system, where practical.
 - a) Conduct optical imaging of all received papers at point and time of receipt.
 - b) Provide equipment in courtrooms for immediate information retrieval.
2. Develop a video arraignment system to eliminate prisoner transportation and speed the operations of the Courts.

DISTRICT JUDGES FEES/SERVICES

This accounting unit is used as a Contingency for all courts to use for court appointed services. Since court appointed fees and services can fluctuate drastically from year to year depending on the number and types of trials, the Auditor decided it best to keep the Fees budget in each court static and have this accounting unit especially for anomalies in courts services.

ASSOCIATE DISTRICT COURT JUDGE

MISSION

To assist the District Courts in the effective and efficient administration of justice.

VISION

Our vision is to be the embodiment of the ideals of justice: applying the law impartially with dignity and respect.

DUTIES/RESPONSIBILITIES

The 240th/400th Associate District Court provides support to the 240th and 400th District Court, the 268th/434th District Court Associate District Court provides support to the 268th and 434th District Court by handling criminal and cases, as assigned by the Presiding Judges of each court. This includes, but is not limited to, handling the initial appearances for criminal cases, taking pleas, and conduction hearings on various legal matters for both civil and criminal cases.

GOALS

1. Help maintain time standards for all civil and criminal cases, as stated in the Local Rules of the District Courts of Fort Bend County.
 - a) Aid the District Courts by running statistical reports regarding the number of cases pending and the amount of time passed since their filing (or arrest or indictment). Those exceeding the time standards will be reviewed and evaluated to determine necessary action to be taken by the courts.
 - b) Hold parties, attorneys, and defendants accountable for appearances at scheduled court settings.
 - c) Provide sufficient access to docket scheduling in order to facilitate adherence to time standards.
2. Be a problem – solving court.
 - a) Consistently evaluate procedures in an effort to improve court performance, within the bounds of the law and with the cooperation of the District Court.
 - b) Work with other county departments to improve communication and cooperation in order to facilitate commitment to the Associate District Courts' mission and vision.
3. Explore Uses of Technology to Improve Performance and Service Delivery.
 - a) Research and plan uses for technology that will improve efficiency in the courtroom, with scheduling, or other areas of performance and services that may benefit from new technologies.
 - b) Assess opportunities for the use of technology in improving communication with the public and those working with and through the courts.

CHILD SUPPORT

MISSION

The mission of the Fort Bend County Child Support Administration is to assist in the administration of justice in Fort Bend County by providing customer service for child support court matters, fulfilling contractual obligations and completing all other duties as assigned by the Board of Judges.

GOALS

1. Efficiently provide customer service.
 - a) Provide 100% customer satisfaction and fulfillment of child support obligation. Customer service begins with the entry of the court order and ends with the fulfillment of the child support obligation.
 - b) Research and facilitate suspense payments. Research payments placed in suspense by State Disbursement Unit, accurately identifying and expediting process of payment.
 - c) To fulfill the contractual obligations as outlined in contract held with OAG. This involves the creation or update of Registry-Only case(s) on the OAG Case Management System with Child Support and Family Violence Order information.
2. Monitoring to ensure child support obligations are fulfilled.
 - a) Monitor cases that the child is 17 years of age.
 - b) Periodic audits to ensure child support obligation and/or arrearages are fulfilled.
 - c) Ensure fulfillment of child support obligation upon 18 years of age or graduation from High School or emancipation.
 - d) Efficiently terminate wage withholding for child support upon emancipation and case closure.
3. Process and disburse payments efficiently.
 - a) Efficiently maintain same day processing and disbursing on all pre-94 child support cases.
 - b) Accept and receipt payment for cases that are in court. The Court requires proof of payment (receipt) for payments made on the same day as the court hearing. All Court Orders signed in 2002 and forward are to pay directly to the SDU.
4. Collect fees owed.
 - a) Collect fee(s) owed from contacted old accounts. Fees cannot be charged on court orders signed after January 1, 2002 and redirected cases to the State Disbursement Unit (SDU).

CHILD SUPPORT

- 5. Document Management
 - a) Move toward a paper friendly environment through document management (E-filing and scanning).
- 6. Computer Hardware/Software
 - a) Replace outdated computer systems.

DISTRICT CLERK

MISSION

The District Clerk is committed to providing the Judicial System and the public with information and support using the most advanced technology possible as we fulfill our statutory duties as record custodian and fee officer with first class customer service. We promote an environment for our employees' that motivates involvement of new ideas and better productivity by implementing our goals and objectives with a team approach throughout the organization. The District Clerk is the official custodian, records manager and administrator of records for the criminal, civil, and family district courts, inclusive courts are the sanctions, attorney general, child protective services. The District Clerk is responsible for summoning and managing of jurors for all District, County, and Justice of the Peace Courts, as well as the Grand Jurors.

GOALS

1. To provide the Judicial System and the public with information and support using the most advanced technology possible as we fulfill our statutory duties as record custodian, and fee officer with first class customer service.
 - a) To accept credit card payments in person via credit card terminals; which will post payments automatically into Odyssey.
 - b) Continue to ensure compliance with The Supreme Court Order Requiring Electronic Filing in Certain Courts ("e-filing mandate") and continue to ensure compliance with the Technology Standards as approved by the Judicial Committee on Information Technology.
 - c) Participate in the design of a system that notifies the attorneys of hearing dates and appointments on District Court Cases.
 - d) Continue to work with IT and Tyler Technologies "Tyler" to modify Odyssey Case Management System "Odyssey" to allow imaging of administrative documents into Odyssey making the images available electronically.
2. Continue to refine Odyssey Jury (the new jury system implemented in our office in September 2014) and refine the Jury summoning process to better accommodate the growing number of jurors being called to provide sufficient jury panels to the Fort Bend County Courts. This will allow more citizens of Fort Bend County an opportunity to participate in one of the highest duties of citizenship which is an essential element of our democratic society.
 - a) Continue participating in the development of a new jury system and begin the configuration for our office that will allow our summoned prospective jurors to respond to their jury summons via the Internet (rescheduling, and claiming any exemptions/ disqualifications and entering their own personal information). We are also considering providing a Kiosk in our office for prospective jurors who do not have access to the internet or possibly the ability to access the application via a mobile device. This will eliminate clerical errors and expedite the process on the day they are scheduled for service.

DISTRICT CLERK

- b) Continue to perform research to determine if jurors or prospective jurors will be able to receive cancellation notices via text messages or e-mail.
 - c) Prospective jurors will also be able to check online to see if their jury service has been canceled.
3. To continue to update/upgrade Odyssey.
- a) Continue to work with IT to test and implement auto redaction software to be used within Odyssey. This is a tool that through repetition or Optical Character Recognition (OCR) can recognize and redact certain sensitive information from public images to protect the parties to our cases as required by Statute.
 - b) Continue to maintain an active role in updating/ upgrading Odyssey.
4. To review our case records to determine their valuable importance in history and preserve and protect these records.
- a) Ensure that our records are retained in compliance with retention set by the Texas State Library Archives Commission.
 - b) Continue to preserve historical Fort Bend County District Clerk case records dated from year 1950 and earlier with Kofile (vendor).
 - c) Continue to inventory and audit existing records to determine their retention requirements.
 - d) Continue to identify and destroy records upon eligibility for destruction.
5. To increase the amount of billed court costs collected from respondent's in criminal cases.
- a) Begin collecting fines and fees from an Inmate's Trust account when the defendant is in prison and owes fines and fees on current cases.
 - b) Begin auditing our case files in order to collect all of the outstanding fees if staff time allows.
6. To work with IT and the District Court Judge to implement Odyssey Session Works Judge Edition software. This will eliminate paper files and folders and create a more efficient courtroom.
- a) To allow Judges to view the paper file in electronic form and then electronically modify and /or sign proposed Orders.
 - b) To eliminate or reduce the need for a clerk in the courtroom.
 - c) To eliminate the need to maintain an electronic and a paper file.
7. To work with the various county offices to reduce errors on felony case paperwork and increase the efficiency and accuracy when reporting to DPS and OCA.
- a) Continue to work diligently to confirm that all disposition information reported to DPS by our office is reported timely and accurately.
 - b) Continue to work in conjunction with the Sheriff's Office, District Attorney, and County Clerk to maintain accuracy when entering criminal case records and reporting to DPS.

DISTRICT CLERK

- c) In FY 2013 the Governor’s office demanded that all counties achieve a 90% disposition rate on criminal cases in order to retain Grant Funds of approximately \$8-9 million per year that is allocated to various offices.
- d) In FY 2016 not only will the county stand to lose all of its grants but ALL NON-PROFITS in FBC who also receive certain grants will lose all such funds if the county is not in compliance.

* Time varies based on difficulty of applicant

**During school holidays and other extremely busy times, we must utilize all employees who are certified as passport acceptance agents in order to handle the increase in applicants. In order to accommodate the growing number of passport applications our office is processing, we have increased the number of certified passport acceptance agents in our office from 2 to 15.

NOTE:

We have experienced an increase in passport applications as our economy begins to rise as well as the fact that a passport is mandatory when traveling outside the U.S.A. in order to return to our country. Another reason we have continued to see an increase is because other local Passport Acceptance Facilities have been reducing their passport acceptance staff and their hours.

DISTRICT ATTORNEY

MISSION

The Fort Bend County District Attorney's Office represents the people of the State of Texas in all felony and misdemeanor criminal cases in the District Courts, County Courts at-Law, and Justice Courts. It is the primary duty of the District Attorney and his assistants, not to convict, but to see that justice is done.

DUTIES/ RESPONSIBILITIES

The District Attorney represents the State in asset forfeiture cases, bond forfeiture cases, juvenile matters, and protective orders as well as aiding crime victims through its victim assistance division.

GOALS

1. Provide quality prosecution in all courts to effectively manage the dockets while ensuring justice.
 - a) Add prosecutors and support staff commensurate with the creation of new courts and increased caseload.
 - b) Upgrade positions to keep the best prosecutors. Currently, the office trains prosecutors to become excellent lawyers, only to have them leave (taking the county's investment with them). A salary, which is more competitive with Harris County, should be achieved. It should be at least 90% of what Harris County pays its prosecutors.
 - c) Recruitment of prosecutors requires that we continue our dynamic internship program, whereby students are invited to work and learn in a courtroom environment.
2. To ensure justice by improving prosecution services.
 - a) Implement a secure direct-filing system allowing law enforcement agencies to electronically submit cases to our office, avoiding the insecurity of e-mail transmission of sensitive data and reducing the time necessary to formally file charges.
 - b) Improve the process and procedure of updating new information into files, benefitting prosecutors and discovery for defense attorneys.
3. Increase services to victims of family violence to enhance education and protection of the public.
 - a) Support an evolving interest and ability on the part of law enforcement to address family violence.
 - b) Increase public awareness of victimization through continued participation during National Domestic Violence Awareness month – a month of community participation and programs in support of victims of domestic violence.
 - c) Assist the Crime Victims Response Team in its efforts to develop and distribute a countywide brochure outlining services to victims of domestic violence.

APPELLATE AFFIRMANCE RATIO

This indicator measures the success rate of appeals and post-conviction writs won for cases successfully prosecuted, but which were appealed. Shown as a percentage, this ratio expresses the number of appeals/ writs affirmed over the total number of appeals/ writs issued.

NOTE: Variances may result when filings on individual cases and their corresponding opinions do not occur together within the reported time frame. The appellate process routinely takes more than a year to complete.

WORTHLESS CHECK CLEARANCE RATE

This indicator measures the success of disposing of worthless checks submitted to the District Attorney's Office. Expressed as a percentage, this indicator shows the number of checks disposed over the total number submitted.

NOTE: Variances may result from submissions on individual cases not matching their dispositions when both do not occur within the reported time frame.

FELONY CASE DISPOSITIONS

This indicator measures the rate at which indicted felony cases are disposed of by all means – including trials, pleas and dismissals. Shown as a percentage, this measure would be expressed as the number of felony cases disposed over the total number of felony cases indicted.

MISDEMEANOR CASE DISPOSITIONS

This indicator measures the rate at which misdemeanor cases accepted for charges are disposed of by all means – including trials, pleas, and dismissals. Shown as a percentage, this measure would be expressed as the number of misdemeanor cases disposed over the total number of misdemeanor cases where charges are filed.

The mission of the Mental Health Public Defender Program is to provide quality representation to indigent defendants. With investigators, social services, and legal expertise, the Public Defender's Office handles both felony and misdemeanor cases as well as defendants with mental illness. Investigating cases properly and eliminating needless resets, the Public Defender's Office significantly cuts down on pretrial incarceration of indigent defendants while providing accountability and statistics to both the judiciary and county official.

VISION

Reduce the number of days of pretrial incarceration by investigating cases early, assessing needs for mentally ill defendants, and cutting down on needless resets.

GOALS

1. Reduce number of days in jail and recidivism rate.
 - a) Client visitation in jail or office.
 - b) Legal research; discovery at D.A.'s filing legal documents.
 - c) Court appearances – Mental Health Court, Misdemeanor, Felony, Jail and Magistrate court – for court hearings, trials, plea negotiations.
 - d) Staffing with Probation, Assistant District Attorney, TEXANA.
 - e) Meet with Fort Bend County Jail Infirmery Staff and Psychiatric Staff.
 - f) Meet with Mental Health Court Judges.
 - g) Phone calls and meet with client's families.
2. Re-integrate mentally ill defendants into the community.
 - a) Client visitation in jail or office.
 - b) Phone calls with client and their families.
 - c) Help clients with applying for appropriate Social Security/Disability benefits.
 - d) Obtain medical records.
 - e) Find Group Homes for homeless clients.
 - f) Coordinate with Probation Department, TEXANA, MHMRA, psychiatric hospital.
 - g) Meet regularly with clients to monitor their status. (taking or not taking meds; illegal substance abuse or clients at risk)

JUVENILE DETENTION AND PROBATION

MISSION

The Juvenile Probation Department is committed to the protection of the public while offering a myriad of rehabilitation services and programs to juvenile offenders and their parents/ guardians. We, as an agency, are serious about turning young lives around and strive to do so in every department division and at every position level. Professionalism, creative program development and implementation, juvenile and family accountability, all come together in a synergetic manner to give our clients the best possible opportunity to make lasting positive change in their lives.

DUTIES/ RESPONSIBILITIES

The types of programs and services we offer range from therapeutic interventions, mentoring, parenting classes, substance abuse services, canine/equine therapy, truancy prevention, to more intensive services/programs such as an 80 Bed Detention Center, Juvenile Alternative Education Program and Juvenile Leadership Academy. It is our intent to bring about the most powerful and positive impact on the youth and family to divert the delinquent youth from continued negative behaviors and/or commitment to a long-term residential program. As an agent of change we have adopted the “Whatever it Takes” attitude in the rehabilitation process of all juvenile offenders and support this statement by having a large emphasis on creative and specialized programs. The Juvenile Board comprising of the County Judge and twelve District and County Court at Law Judges serves as the Department’s governing board and ultimately oversees the operations of The Juvenile Probation Department.

GOALS

1. Provide proactive upfront services to youth in Fort Bend County to reduce the number of delinquent referrals to the department.
 - a) Continue to provide the Saved by the Bell Program to the school districts of Fort Bend County.
 - b) Continue to partnership with Fort Bend Regional Council, STRIDES Youth Services, and Fort Bend Partnership for Youth to provide substance abuse, life skills, and psycho-educational services, and financial assistance to youth in the Saved by the Bell Program. Provide workshops on campus as an after school activity as well as a summertime activity.
 - c) Utilize Case Managers on school campus’ to prevent at risk youth from being referred for truant and delinquent conduct through counseling, mentorship, and referral to community resources.
 - d) Expand the Crisis Intervention Program to include additional presentations to area elementary and middle school campus’.
 - e) Continue to offer Legal Awareness Workshops, GED Education Programs, Victims Voices, Tattoo removal, Transitional Life Skills Program, and one on one gender specific mentoring to the youth and families of Fort Bend County.

JUVENILE DETENTION AND PROBATION

- f) Increase a variety of counseling services to families thru our own Fort Bend County Psychology Division.
 - g) Provide human trafficking prevention and intervention services to youth involved with the department, in the juvenile detention center as well as in the community.
2. Continue the Partners and Parenting Program, an early intervention truancy reduction program, for parents of children between six and twelve years of age in the Lamar Consolidated School District.
- a) Provide Parent Project/Loving Solutions parenting classes to parents of elementary age children with excessive tardies and absence's for the Lamar Consolidated School District.
 - b) Provide volunteer mentors to children ages six to twelve with excessive tardies and absence's from the Lamar Consolidated School District
3. Provide an additional Court Program for female offenders who have been or are vulnerable to being involved with Human Trafficking.
- a) Provide a female probation officer to handle these specific cases in court and for supervision post court.
 - b) Provide a female therapist for any services necessary to assist in the reintegration of the juvenile into a healthy lifestyle.

EMERGENCY MEDICAL SERVICES

MISSION

“Enhancing Lives through Our Commitment to Excellence”

VISION

“We are committed to the changing needs of a growing community and being a recognized leader in providing innovative medical care.”

GOALS

1. Improve response time.

- a. Proactively monitor, staff, and equip an appropriate amount of MICU, Squad and Supervisors to efficiently and effectively respond to EMS calls within Fort Bend County.
- b. Have a Mobile Intensive Care Unit (MICU) on location in 10 minutes or less to 90% of EMS responses. (NFPA 1710 Standard for the Organization and Deployment of Fire and EMS Operations to the Public).
- c. Modify or create new districts where call volume and response time deem it necessary.
- d. Utilize system status management to re-deploy resources in the most efficient way possible thereby providing for area-wide EMS coverage during times of increased call volumes.
- e. Use existing staffing to conduct trials or pilot projects by establishing peak units or extra MICU(s) for strategic placement.

2. Maintain a fleet of dependable, low maintenance vehicles.

- a. Remount and/or replace no fewer than four (4), units each year dependent on mileage and annual maintenance costs.
- b. Maintain a fleet of Squad and Supervisory vehicles which respond to emergencies and large scale events.
- c. Maintain three (3) Mass Causality Response assets as well as two (2) Regional Response trailers to respond to and assist in Mass Disaster situations within the Southeast Texas Region, SETRAC Trauma Service Area-Q, or within the EMTF-6 coverage area, or where needed throughout the State of Texas.

3. Maintain automation and high technology, in daily operations.

- a. Replace any damaged or lost notebook (*Toughbook*) computers.
- b. Maintain a department supply of updated and upgraded notebook (*Toughbook*) computers to properly run existing electronic patient care reporting (ePCR) software.
- c. Maintain a department network which promotes quick & efficient communications through both Intranet and Internet connectivity and provides access to department servers for storage of ePCR records and department documents.
- d. Recommend and modify Medical Dispatch technologies to determine most appropriate resource(s) for requests of service through 911.
- e. Utilize GPS and Automated Vehicle Locator (AVL) technology to send closest unit(s) to an emergency thereby reducing response times.

EMERGENCY MEDICAL SERVICES

4. **Maintain a high proficiency level through quality assurance and quality improvement.**
 - a. Improve overall quality of patient care performance by field staff through Continuous Quality Improvement (CQI). This will be accomplished through monitoring, measuring, and identifying staff competencies and deficiencies in psychomotor, cognitive, and affective skills so to promote and verify excellence and consistencies among field staff.
 1. **Peer Review** develop a select group of senior field providers that will continuously identify and attempt to resolve problems in areas of patient care and pre-hospital management by identifying deviations from protocols and best practices. Correction of these deviations will be through coaching. Supervisors and Clinical Staff will be responsible for addressing serious issues and providing appropriate corrective actions.
 2. **Data Collection** Enhance data collection by improving the manner in which it is collected and analyzed. This will allow for improved performance, accurate projections of department activities and for future planning.
 3. **Field Staff** Standardize education for existing and newly hired employees.
 4. **Field Training Officers (FTO)** A well-developed field instruction program is the solid core from which an EMS agency draws its consistencies and strength. Having each employee evaluated and trained by professional field instructors is the best way to promote and verify excellence.
 - b. Assign four (4) Field Training Officers (FTO) to every shift.
 - c. Enhance existing training program with use of medical labs, hospitals programs, and institutions of higher learning.
 - d. Provide one Clinical Lieutenant for each of the three Battalions.
5. **Enhance our education process by adhering to or exceeding national standards.**

ANIMAL SERVICES

MISSION

The mission of Animal Services is to eradicate the spread of rabies among the County's animals, prevent rabies in the human population, and control wild, potentially dangerous animals in areas of high population density.

Further, we strive to enhance the quality of life in our community through education initiatives designed to prevent pet overpopulation, to provide compassionate enforcement of current laws relating to the treatment of animals and to place animals in our care with loving and responsible families.

VISION

FBCAS will work towards creating a network of community partners to one day end the practice of euthanasia of healthy or treatable animals through active support and funding for a variety of supporting programs to achieve this vision.

CORE VALUES

- Provide placement services that will assist homeless pets in finding their owners or new homes when necessary.
- Enforce animal regulations and assist the public with animal-related concerns.
- Provide animal services to the public to educate and promote humane, compassionate treatment of animals and responsible pet ownership.

GOALS

- 1. Continue our agency's track record of limited exposure to the rabies virus and zero fatality rate in the human and domestic pet population in Fort Bend County.**
 - a. Investigate 100% of all reported animal to human bites.
 - b. Investigate 100% of all reported exposures of all domestic animals to positively confirm or suspected high risk rabies carriers. This will include bats, skunks, raccoons, foxes and coyotes.
 - c. To assist public complaints in a more prompt timely manner.
 - d. To be able to educate the public out on the field instead of picking up every animal.
- 2. Increase Adoption Rate.**
 - a. Proactive adoption programs.
 - b. Promote spaying, neutering, and breeding restraint through education and schools, media, and public relations.
 - c. Increase rescue groups and foster care placement of impounded animals as well as referrals of the general public about these organizations to reduce intake.

ANIMAL SERVICES

- d. Increase promotion of animals on social media, newspaper and hold more outside adoption events for placement of animals.
- 3. Enhance the information and resources available to the residents of Fort Bend County through media, online, and personal contact.**
- a. Provide easily accessible formats and downloadable materials such as County ordinances, up to date contact information to other animal service or control agencies as well as general information regarding safety, law, health, and responsible pet ownership practices.
 - b. Enhance Volunteer program to include a new structured program and scheduling system.
 - c. Work with community partners and other Fort Bend County agencies to increase the visibility of the shelter and our pets.

ORGANIZATION CHART

COUNTY INDIGENT HEALTH CARE

MISSION

The mission of the Indigent Health Care is to provide primary and specialty health care to county residents who qualify as determined by State and County guidelines. The Department provides eligibility for this qualified population to receive the necessary medical care to improve their health through the County's self-funded indigent health care program, while the Department exercises appropriate stewardship over County Taxpayer funds for its' efficient use and management of health care to qualified persons with appropriate claims, processes, and procedures.

VISION

The Indigent Health Care Department is committed to providing medical care to qualified county residents in a timely manner, to reduce the amount of unpaid medical bills and unnecessary emergency room visits to help minimize the rising cost of health insurance in our local county and to expand care to clients through in depth case management.

GOALS

1. ADMINISTRATION:

- a. Conduct regular audit of client files at random to determine need for further training and oversight.
- b. Efficient management of department schedules for staff training, prompt assessments, application reviews and eligibility interviews.
- c. Continue in depth case management, referral process and integrated utilization, which will eliminate unnecessary procedures and result in greater cost effectiveness.
- d. Management of in-house payment of claims to insure proper claims management and consistency in payment of claims. *6,114 claims were processed in FY2016.*
- e. Continue to enhance program network of Providers throughout Fort Bend County to provide easy and timely access to primary and specialty care as needed. *FBC CIHCP issued payment to 141 different vendors in FY2016.*
- f. Take proactive measures with area programs that would coincide with Indigent Health Care services and to refer eligible/ ineligible residents to respective programs that will assist them with current needs.
- g. To ensure employees comply with HIPPA regulations, eligibility guidelines and procedures.

2. ELIGIBILITY:

- a. Continuing education for department staff to be well versed in local and state programs available to clients.
- b. Entire department staff to retain DSHS Community Health Worker certifications by meeting annual renewal requirements.

COUNTY INDIGENT HEALTH CARE

- c. Continue to provide point of services access for Applicants close to their area of residence, i.e. Precinct 1 and 2 eligibility offices.
- d. Maintain application process in order to have high efficiency, keep minimal office traffic and backlog, if any. Continue to provide an effective means of determining eligibility of County residents for the program through present software and inner office procedures.
- e. Continue to assist clients (ineligible clients) in finding other avenues of obtaining medical care and free/low cost prescriptions.
- f. Continue helping active clients obtain prescriptions if they require more than three prescriptions per month.

3. IMPLEMENTATION OF PROGRAMS:

- a. Case assessment for clients to manage eligibility retention, prescriptions, and state benefits (i.e. SNAP, Medicaid, SSA appellant cases, etc.)
- b. Continue to build on interactive document imaging, which eliminates paper files and allows a paperless process within our office. Also allows immediate view of entire client file. *IHS implemented release 13 to our software which contained 89 new features. Our productivity report shows 20,106 updates were completed in the system by caseworkers (i.e. Rapid Registrations entered, Clients entered, Clients updated, Worksheets entered, Information Requests entered, Invoices entered, Claim Denials entered and Hospital Notifications entered)*

4. TRAINING:

- a. To attend seminars provided on the County, State, and National level to improve efficiency within the eligibility office. Become proficient in Medicaid/Medicare processes and familiar with other programs eligibility requirements to be able to direct qualified and non-qualified clients to other available resources.
- b. Continue to attend Regional 5/6 S Meetings in order to keep consistency with neighboring counties and within our eligibility office.

FIRE MARSHAL

MISSION

The mission of the Fort Bend County Fire Marshal's Office is to preserve life and property through life safety education and fire investigation while fostering economic growth for the county through the management and enforcement of fire service responsibilities in unincorporated areas in accordance with Local Government code Section 352.

VISION

The Fort Bend County Fire Marshal's Office will continue to provide efficient and effective customer service while responding to increasing community demands. The management and impact of safety inspections, construction reviews, fire investigations and the maintenance of fire records by a highly qualified staff will produce an overall fire reduction risk for the county.

DUTIES/RESPONSIBILITIES

One of the primary responsibilities of a fire marshal is to develop and enforce fire safety codes. Since fire safety codes already exist in most communities, fire marshals typically review and revise commercial codes to reflect the latest best practices in fire prevention. Modern fire prevention best practices include construction with low ignition and/or slow burning materials and smoke- or heat-triggered overhead sprinkler or foam fire suppression systems. The fire marshal's office is also responsible for regular, usually annual, inspections of commercial or public buildings, as well as inspecting new buildings during construction.

Another primary duty for the fire marshal office is to lead investigators in determining the cause of a fire, as well as determining if there is a possibility of arson. Fire marshal's offices employ fire inspectors to assist with investigations. Law enforcement personnel typically work closely with fire marshals in arson investigations.

Lastly, the office tries to educate the public about fire safety and fire prevention which is one of a fire marshal's most important duties. The type of fire safety education provided by the fire marshal's office varies significantly by jurisdiction, resources and personality, but visits to schools, nursing homes, manufacturing plants and other places of business are common, as is maintaining a interactive website.

GOALS

1. Administrative Goals

- a. Maintain a consistency of records for fee collections and monitor the intake of permits for new construction and annual inspections.
- b. Review and provide the county with timely performance measures upon request.
- c. To provide effective leadership for personnel in the Fire Marshal's Office, and to serve as a positive example of management practices in the fire service field.

2. Operational Goals

- a. New Construction

FIRE MARSHAL

- i. To increase productivity by allowing for electronic submittal of plans and permits.
 - ii. To provide the tools to conduct inspections without the use of paper products, decreasing the storage of paperwork
 - iii. Review the New Construction fees and adjust the fees or add new fees to cover the cost of staff's time in the field.
- b. Annual Inspection
- i. Provide the consistency for state regulated and licensed facilities for the annual inspection.
 - ii. To develop a yearly schedule required for the inspection of commercial structures.
 - iii. Specialize staff members for the consistence and professionalism in the field.
- c. Fire Investigation
- i. Review the Juvenile Fire Stopper program and work with other agencies to develop a countywide program.
 - ii. Review the current open arson cases to develop an overview of convictions and submittal to District Attorney's office.
 - iii. Develop reports from all fires in unincorporated areas and the causes for future prevention education.

ROAD AND BRIDGE

MISSION

The FBC Road and Bridge department is one of the largest departments in the County with 146 employees. The department is responsible for maintaining approximately 1,773.10 miles of public roadways of which 509.31 miles is asphalt, 256.28 miles is of chip-coat, 961.78 miles of concrete, 44.54 miles of gravel and 1.19 miles of dirt surface. This number changes frequently with the acceptance and addition to newly developed areas.

Traditionally, the department has focused most of its attention on providing services to the unincorporated areas of the County. In an effort to reduce overall taxpayer cost, services are provided to other entities within Fort Bend County through inter-local assistance agreements, whereby we provide labor and equipment and the entities normally assume the cost of material.

This department maintains a productive, efficient and modern fleet of cars, trucks and heavy equipment. Although it is necessary to purchase new equipment and vehicles, a strict fleet management policy contributes significantly to the long-term life and low maintenance cost of the fleet.

Although the primary focus is Road and Bridge Maintenance and Construction, the department provides many other services that contribute to the overall effectiveness and efficiency of County government operations. Departmental contributions are viewed as an avenue to save taxpayer dollars by performing specialized services at a significant overall savings.

This department has oversight over the counties Vehicle Maintenance Department

GOALS

1. To keep all county roads and bridges maintained and up to optimum standards.
 - a. We plan to provide detailed accountability of most every aspect of this department. This will include a GIS based call center, material tracking, work order management and asset management tool. Using this data, we will be better equipped to project accurate budget numbers and see repair trends in certain areas.
2. To accurately reflect costs and expenditures.
 - a. Continue to monitor expenditure trends and create new line items when expenditures dictate a change in allocation.
 - b. Account for inter-local projects separately and/or charge these entities for the use of county equipment and employees at a rate that will recapture our costs. Fort Bend County, as a local leader, feels a strong responsibility to entities within the County to provide services of the Road and Bridge department at cost.
 - c. To ensure the longevity of county roads, adequate funding should be allocated for maintenance including pavement overlays and for actions that will prolong the life of aging asphalt.
3. Continue to modernize our fleet of equipment.
 - a. Using the information from our new RTA Software (beginning January 2015) to periodically review data to determine the costs associated with maintaining and repairing or replacing equipment. This is to decrease the costs of repairs & parts as well as the labor for mechanics, and provide a safer work environment and increase employee morale.

ROAD AND BRIDGE

4. Install new traffic signals at various intersections.
 - a. Over the next year, we would like to install 5 new traffic signals at warranted intersections within the county.
5. Utilize the Agilis Systems
 - a. Call center allows work orders to be entered and sent to specific techs. They are able to track sign coordinates through a GPS system, take photos of before and after and update repair status.

PROJECTION FOR THE NEXT TEN YEARS

The County must continue to plan for and budget for all mobility issues including rights-of-way for widening of roads, construction of turn lanes at intersections, and traffic signals.

Property, Plant, Equipment and Personnel needs.

The annual replacement of our fleet and the new software needs and purchases are being proposed. Real property sites have been increased from four to six adding the 8 Acres Storage Facility and the Fairgrounds Bulk Yard/Stockpile. Funds are needed for required maintenance of roads and bridges, equipment needs, rights-of-way, land, increased staff, etc. These funds may come from various sources including bonds, general funds, etc.

It is the hope of this department that through effective and detailed record keeping, we will be able to provide firm numbers to Commissioners Court outlining all areas previously mentioned including statistics of roads and bridges, costs of road projects, inter-local projects, equipment usage, equipment maintenance costs, expended funds, etc. We are in the process of proposing a new system that will provide extensive record keeping as well as extensive detail to assist Fort Bend County comply with any and all GASB 34 requirements for this department. Although record keeping is cumbersome, it does provide a true and effective tool in future planning.

DRAINAGE DISTRICT

MISSION

The primary mission of the Fort Bend County Drainage District is to maintain the drainage channels, where the District has easements, in their existing flow conditions. This is accomplished through appropriate structural repairs and vegetation control. Secondly, the District provides a review of plats and drainage plans of new development to be approved by Commissioners Court to assure the elimination of an adverse drainage impact on current and future residents.

GOALS

1. Maintain Existing Level of Service. The current level of services evolved to the present level based on taxpayer and landowner demands and received funding approval of the Drainage District Board (Commissioners Court).
 - a. Maintain the existing network of 1,100 miles of drainage ditches.
 - b. Provide the application of herbicides once or twice annually and mowing, all but the largest channels twice a year.
 - c. Continue structural repairs and periodic channel rehabilitation.
 - d. Assist landowners in the design of watergates, bridges and erosion control devices.
 - e. Review all drainage plans of new development that is platted. Assure that developers mitigate whatever increase in flooding the new development may produce.

2. Increase Level of Service. Even though the existing level of service is higher than is needed for drainage purposes, some larger channels may receive only one mowing per year.
 - a. Research and implement new methods and new types of equipment that is faster and more economical.
 - b. Apply herbicides and mow all channels two or more times per year.

3. Provide access to property records at the Drainage District facilities.
 - a. Utilize computer equipment and staff to handle access to property records.
 - b. Develop a GIS (Geographical Information Systems) base map and create overlays with databases containing the drainage systems input.

FUND 195: COUNTY LAW LIBRARY

The law library fund was created by Commissioners Court pursuant to Article 1702h, Revised Texas Civil Statutes, for the establishment and maintenance of the County Law Library. Revenues are derived from law library fees assessed against each civil case filed in the County Court, County Court-at-Law, and the District Courts, except tax lawsuits. These funds are restricted pursuant to state statute with the exception of the non-spendable portion of fund balance which is due to prepaid items.

DEBT POLICY

1.0 Purpose

The purpose of the Fort Bend County, Texas Commissioners Court's ("Commissioners Court") Debt Policy is to establish guidelines for the utilization of debt instruments issued by the County of Fort Bend, Texas ("County"), whether payable from County taxes or payable from certain revenues of the County or its enterprise funds. "Debt Instruments" may include general obligation tax bonds, revenue bonds, subordinate-lien bonds, commercial paper, variable rate demand notes, variable rate auction notes, bond anticipation notes, revenue anticipation notes, tax anticipation notes and capitalized leases, as well as combinations of the foregoing. These Debt Instruments shall only be used to fund the lease, purchase or construction costs of capital assets, infrastructure improvements, and additions, to refund or decrease existing debt, to fund capitalized interest, costs of issuance or to make deposits to reserve funds and other funds required or provided for in debt instruments. Debt Instruments will not be used to fund operating expenses except in extreme circumstances for very short terms. This policy will apply to all debt issued by the County or any district or authority where the Commissioner's Court acts as the governing body. It also may apply to those entities over which the Commissioners Court has oversight authority if the entities governing body approves a recommendation of the Commissioners Court to adopt this policy. This debt policy does not apply to debt issued by the Housing Improvement Corporation, or similar agencies operating in Fort Bend County but responsible to another entity.

The County will ensure all uses of Debt Instruments are in compliance with all statutory requirements, and in accordance with the guidelines contained herein, outstanding ordinances, insurance covenants, and existing agreements. Further, the County will ensure that the utilization of any Debt Instrument provides the most prudent and cost-effective funding possible taking all material matters into account.

2.0 Method of Sale

Due to the complexities related to credit issues and the increasing size of the debt issues at the County, the County will normally use a negotiated sale process unless the type or amount of debt warrants either a competitive bidding process or a private placement. A negotiated sale allows flexibility in pricing and establishing terms due to the issuer's involvement.

3.0 Parties Involved in a Debt Transaction

3.1 Financial Working Group of the Commissioners Court

The Financial Working Group ("Group") will consist of two members of the Commissioners Court, the County Auditor and the Budget Officer. The Commissioners Court will elect the two members of the Court to sit on the Group. The Group will receive and evaluate all debt proposals, and will consider and recommend debt issues to the whole Commissioners Court.

3.2 Underwriters

The responsibilities of the underwriters and/or commercial paper dealers are to:

- Adhere to the policies, objectives, and guidelines established by the Commissioners Court
- Comply with applicable laws and regulations
- Meet with designated staff members as warranted

DEBT POLICY

The Financial Working Group may recommend and the Commissioners Court may approve underwriting firms and/or commercial paper/variable rate auction note dealers to market the County's debt instruments. These underwriters and dealers will be evaluated based on criteria such as (arranged alphabetically):

- Capital strength and capital commitment to support County financings
- DBE/MBE/WBE commitment
- Distribution capabilities
- Innovative financing ideas
- Knowledge of the County and its bond ordinances
- Local, Houston-region, and state presence
- Ongoing commitment to make a market in County bonds
- Participation in general obligation financings and revenue bond financings of the type considered by the County now and in future
- Past experience with the types of financings considered by the County
- Regulatory issues

Upon commencement of the issuance of a Debt Instrument, the senior managing underwriter shall provide a detailed estimate of all components of the issue costs, including underwriting fees and anticipated participation of DBE/MBE/WBE firms. An updated estimate must be provided no later than one week prior to pricing. After pricing and prior to closing, the senior managing underwriter shall provide the County and its financial advisors with a post sale analysis of the bond issue, including comparable bond issues, purchasers, and allocation of bonds and takedown. Thirty days after the close of a syndicate, the senior book running manager will make a detailed report on overall economic compensation to each syndicate manager. This will include a summary of allocations and designations of each member.

3.3 Bond Counsel

The County shall engage external bond counsel for each debt issue to perform all services customarily provided by bond counsel, including preparation or review of all debt-authorizing resolutions and related documents and agreements.

3.4 Financial Advisors

The County shall engage an external financial advisor (the "Financial Advisor") for each debt issue to provide recommendations (including the type of financing, call, security and credit enhancement features, term, time and manner of sale, reasonableness of costs, and other terms and conditions) and evaluate at the time of issuance the reasonableness of interest rates, underwriter fees, financing costs, and other related issues. The Financial Advisor will also coordinate communication with rating agencies and potential and existing credit enhancers. The Financial Advisor will sit as ex officio member of the Financial Working Group. For specific issuances and debt transactions, the County may engage an expert financial advisor with specialized knowledge in the specific area being considered.

3.5 Debt Ratings and Rating Agency Presentations

Periodically, the County will provide updates to investors, bond insurers and rating agencies on developments at the County. In addition, ratings from one or more of the nationally recognized municipal bond rating agencies, including Moody's, Standard & Poor's, and Fitch, will be requested for each issuance of a Debt Instrument, unless the size and placement of the debt does

DEBT POLICY

not indicate the need for a rating. Full disclosure and open lines of communication shall be maintained with respect to the rating agencies.

4.0 Debt Structure and Maturity

Any capital assets or projects financed through the issuance of Debt Instruments shall be financed for a period not to cause the weighted average life of the debt instruments to exceed the expected average useful life of the asset(s) or project(s). Further, the maturity of any Debt Instrument shall not exceed 30 years. There shall be no "balloon" amortization schedules, except for short-term Debt Instruments when long-term arrangements are planned for permanent financing.

Texas County law does not define limitations on debt issuance, but counties are limited by the Texas Administrative Code, Section 53.5 to $\frac{1}{2}$ of the tax rate available to counties, or $\frac{1}{2}$ of \$0.80. So there is a defined debt service tax rate limit of \$0.40 in this code. Since our county is nowhere near this limit, we have no immediate concerns. The county's policy is to issue no more than 15 percent of the total tax rate as a debt service tax rate. The current tax rate would be limited to no more than \$0.08 per \$100 of assessed values for debt service.

4.1 Capitalized Interest

Interest expense may be capitalized only when it is incurred prior to actual operation of the facilities and for a period no greater than one year after the date of beneficial occupancy. Capitalization of interest shall comply with Federal tax provisions and be subject to the review and approval of tax counsel and bond counsel.

4.2 Call Provisions

Call provisions should be included in all bond issues with maturities greater than ten (10) years and should be as short as possible, preferably at 10 years or less, preferably callable at par, and consistent with the lowest interest cost to the County. Instances may exist when issuing refunding bonds that there are no call provisions.

5.0 Debt Refunding Parameters

If market conditions are favorable, the County may undertake a current refunding, a forward refunding, or a taxable refunding. The following criteria should be considered when evaluating any of the above refunding transactions:

- Overall transaction inclusive of costs of issuance, should produce positive net present value ("PV") and gross debt service savings
- PV target of at least 4% if maturity greater than 5 years, 3% if maturity less than 5 and greater than 3 years and then positive net PV savings if the remaining average life of the refunding is less than 3 years unless restructuring versus savings is the goal
- Administrative goal of administrative time or money savings
- The need to structure or restructure the County's overall debt structure and to provide permanent financing
- No extensions of maturity or average life will be made unless needed to restructure the debt portfolio or provide financial relief for the County.

DEBT POLICY

6.0 Types of Debt

6.1 Fixed Rate Debt

Fixed Rate Debt includes all bonds and notes issued at fixed interest rates for individual maturity dates. These rates are established at the date of sale and will not change during the term of each bond. Bond insurance may be used to enhance the marketability of the bonds, as detailed in Section 9.0.

6.2 Variable Rate Debt

The County recognizes that in general, its borrowing for capital requirements are typically best served by fixed rate permanent financing, with adequate call features to allow the County to refinance to lower interest rates if market conditions allow.

The use of variable rate debt shall be used primarily for interim construction debt to mitigate against negative arbitrage during the construction period, and upon accumulation of sufficient variable rate debt, such debt shall be converted to fixed rate debt unless market conditions and other specific factors are sufficient for the County to determine to leave such debt in a variable rate mode for a period of time longer than initially expected.

The County's outstanding debt shall contain no more than 20% of variable rate debt with respect to planned permanent financing. Interim construction debt may exceed 20% if permanent long-term financing arrangements are planned. Any variable rate program should enable the County to match asset and liability lives over the long term. The Commissioners Court will explore the use of interest rate caps and may utilize if found to be cost effective.

6.2.1 Swaps and Other Derivatives

Swaps and other derivatives proposals shall be reviewed individually. The County recognizes that derivatives issued solely to generate revenues or to relieve rate pressure may be viewed as speculating on direction of interest rates over the term of the contract. The County shall not unduly encumber existing flexibility (call features) or incur additional continuing risk (interest rate and counterparty risk, flexibility, "make whole" provisions) or in any manner adversely affect the credit of the County. Any counter-party to a swap transaction must have a superior credit rating and history. The counterparty's current credit rating should be no less than AA+ or equivalent, and preferably AAA or equivalent.

6.2.2 Commercial Paper

A tax-exempt commercial paper ("TECP") program may be used to provide projected interim financing at short term borrowing rates. Any outstanding or available TECP shall be counted as variable rate debt per the above policy. The County shall select commercial paper dealers, letter of credit ("LOC") and/or liquidity providers through the request for proposal ("RFP") process. [A minimum of two commercial paper dealers should be utilized for TECP programs greater than \$100 million to ensure optimum pricing.] The maximum maturity of any TECP instrument shall not exceed 270 days. A TECP program for a specific project shall not extend more than one year beyond the date of beneficial occupancy for that project. Principal outstanding under a TECP program will be expected to be refinanced to a longer term with fixed or variable rate debt.

6.3 Capitalized Lease Agreements

Capitalized lease agreements or other equipment financing will generally be used only if the present value of lease payments is less than the present value of debt service payment on Debt Instruments issued for the same time frame. Over the lifetime of a lease, the total cost to the County will generally be higher than purchasing the asset outright. As a result, the use of

DEBT POLICY

lease/purchase agreements and certificates of participation in the acquisition of vehicles, equipment, and other capital assets shall only be used when other advantages to the County more than offset the additional cost.

7.0 Conversion of Variable Rate Debt to Fixed Rate Debt

It may be desirable for the County to convert some or all of its variable rate debt to fixed rate debt to mitigate the possible negative impact of rising short-term interest rates. The Commissioners Court desires to have an established methodology to determine when the Commissioners Court should consider if such a conversion is appropriate. Accordingly, the following policy shall be followed by the County.

- If the Financial Working Group determines that the projection of average variable interest rates is rising to a level that would approach the projected long term interest rates, or if other financial factors exist (e.g., need for additional variable rate borrowing that would otherwise exceed the limitations of the policy), then the Budget Officer, as representative of the working group shall brief the Commissioners Court on the issue and give the groups recommendation that variable rate debt be converted to fixed rate, and the time frame for doing so and other pertinent information as deemed necessary.

After reviewing this information, the Commissioners Court shall consider this information and decide if it wants to convert to fixed rate debt. The Budget Officer, as representative of the Financial Working Group, shall report the status of projected variable interest rates and long term rates to the Commissioners Court as the situation warrants.

8.0 Rolling Coverage

The Commissioners Court recognizes that certain coverage for revenue debt is required by the relative bond ordinances and could produce coverage revenues in excess of the capital needs of the County and the particular enterprise fund. This coverage requirement could cause rates, fees and charges to be imposed so as to make the County less competitive with other regions. If permitted by ordinance, the Commissioners Court shall consider in such situations applying up to 50% of the prior fiscal year's coverage in order to meet the next fiscal year's coverage requirement with a limitation that revenues must be at least one times coverage in any year.

9.0 Bond Insurance and Other Credit Enhancements

The County and its Financial Advisor will evaluate the use of bond insurance in the marketing of each debt issuance. In conjunction with the commercial paper program or variable rate demand or auction notes the County may utilize a letter of credit or liquidity facility. Bond insurance shall be obtained when a present value cost/benefit analysis indicates that the cost of the insurance is less than the net debt service, assuming the bonds were issued without the enhancement, or, in such other cases as factors may require, despite an unfavorable cost analysis.

Letters of credit or liquidity facilities shall be used only when the marketability of the debt is enhanced.

DEBT POLICY

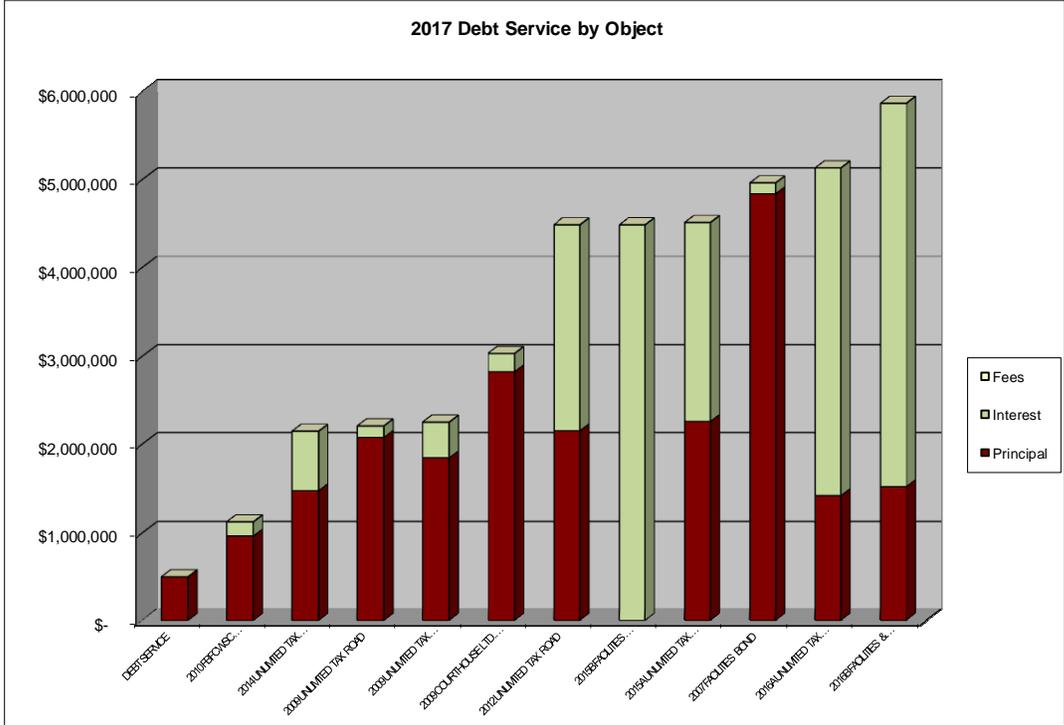

10.0 Surety Bonds

A surety bond may be used in lieu of fully funding the required reserve funds if the cost of the surety bond is less than the incremental present value of the net debt service required for funding the reserve fund. The use of surety bonds shall not exceed more than fifty percent (50%) of the reserve requirement.

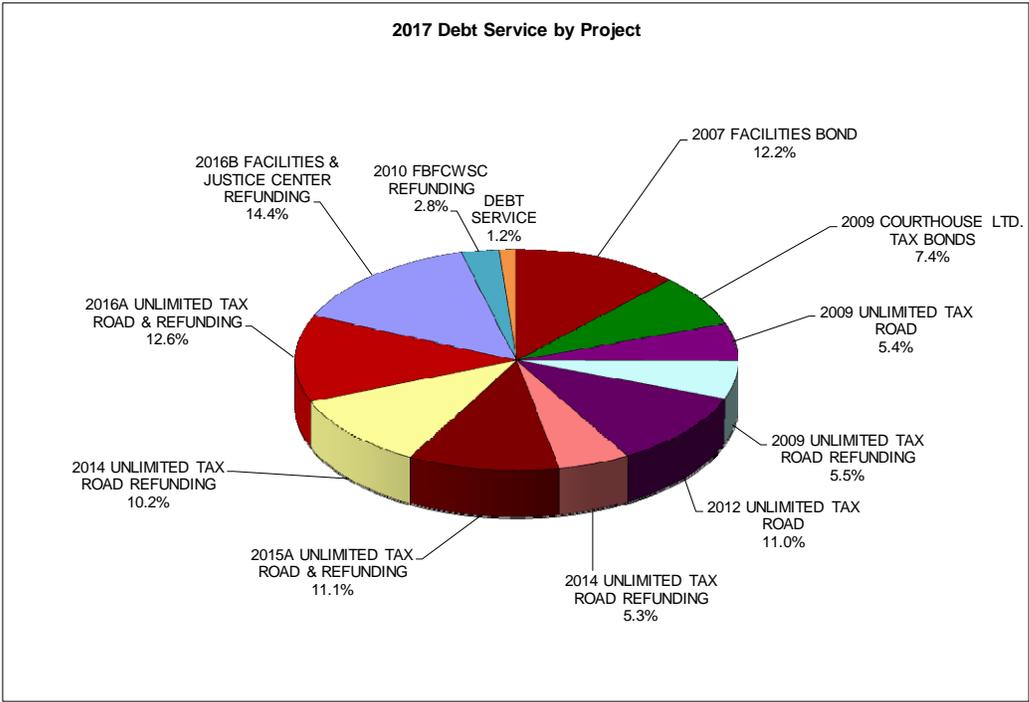

11.0 Continuing Disclosure

The County shall provide certain updated financial information annually and shall provide timely notice of specified material events to each Nationally Recognized Municipal Securities Information Repository (a "NRMSIR") then recognized by the Securities and Exchange Commission ("SEC") and any public or private repository designated by the State of Texas as the state information depository (the "SID") in compliance with Rule 15c2-12.

Debt Service Requirements to Maturity

All debt service requirements to maturity are combined in the schedule below. The County’s debt service policy is reflected in the Budget Policy Statement on Page 44. The County will operate on the basis of “pay as you go” for the most part. Only when long-term projects with estimated lives longer than the term of the debt are determined to be in the best interests of the County will issuance of debt be considered. Bonds will not be issued when it will impair the financial stability of the County.

CAPITAL IMPROVEMENT PROGRAM

The County maintains a multiyear Capital Projects Plan that includes two elements, facilities construction or remodeling, and mobility projects. Mobility Projects include all projects not constructed by the Road and Bridge Department.

Under the Facilities Construction Plan, all requested and anticipated construction projects are listed with annual costs of new personnel, furnishings, utilities, and other operating costs attached. Annually, the Commissioners Court select from the list of projects those to be accomplished during the current fiscal year and the Capital Outlay associated with those projects. These capital costs are budgeted in the Capital Outlay Department, and current year operating costs are budgeted in the applicable departmental budget.

The Facilities Program can be broken down into six categories including new buildings, building improvements, technology improvements, relocation/remodeling of offices, fresh water districts, and other. New buildings are new facilities being added to Fort Bend County and building improvements are improvements to existing buildings. Relocation/remodeling are improvements needed to carry out relocations of departments and improved space utilization; technology improvements are improvements to existing technology and fresh water districts are water districts created under the provisions of the Texas Water Commission to provide water to the residents of the district. The County funds initial costs with financial assistance from the Rural Utilities Services of the U.S. Department of Agriculture.

The County operates under the policy that projects to be funded with debt will have a longer useful life than the associated debt. Only long lived assets (20 years expected life or longer) will be funded with General Obligation Debt. Certificates of Obligation may fund some assets that may have a somewhat shorter life span (10 to 20 years) with a shorter repayment term. All building and facilities projects in the current year are funded from current funds for the current year obligation. In May 2006 Fort Bend County voters approved a bond referendum including three propositions. Proposition 1 included a Jail expansion Project adding 984 beds in a second tower to the Jail facility and a new Gus George Law Academy for \$85,000,000. Proposition 2 included two new Libraries and renovations to the George Memorial Library for \$24,500,000. Finally, Proposition 3 included various buildings including buildings for the Fire Marshal and EMS facilities, Precinct 1 facility, Tax Assessor/Collector, Precinct 2 Service Center Projects, Precinct 3 Service Center Projects, Road & Bridge Needville Facility, and Jane Long Building renovations for a total of \$20,500,000.

In 2007 Fort Bend County voters approved two additional bond referendums. In May 2007 voters approved \$156,000,000 in Mobility bonds and in November they approved \$74,500,000 for a Court's Facility. The new Justice Center for Fort Bend County located on the County's 40 acres on Ransom Road in Richmond and was completed in July 2011.

In November 2013, Fort Bend County voters approved a mobility bond referendum in the amount of \$184,900,000.

On August 19th, 2015, Commissioners Court unanimously voted to bring a \$98.6 million Facilities Bond to the voters of Fort Bend County. Proposition one includes funding for parks and community center facilities in the amount of \$9,900,000. Proposition two includes the issuance of \$6,000,000 in bonds for buildings, parking and other improvements at the Fort Bend County Fairgrounds. Proposition 3 includes \$19,800,000 for county library facilities and Proposition 4 provides \$62,900,000 in funding for the construction, acquisition of, and improvements to county facilities. Fort Bend County voters approved all four propositions on November 3, 2015.

The 2017 operating budget consists of four operating categories and capital improvement projects. Capital Improvement Projects make up 3.44 percent of the total adopted budget this year whereas Salaries and Personnel costs, Operating and Training, and Capital Acquisitions make up 58.08%, 32.87%, and 5.25% respectively. There is a 35.9% increase in Capital Improvement Projects in 2017 over 2016 due to an increase in Technology Improvements and New Buildings. Also, this year we had to fund Right-of-Way after two years with no funds added.

Project Name: RFID Conversion

ESTIMATED COST OF PROJECT **\$512,724**

FY 2017 CIP ALLOCATION **\$130,360**

1. Location of Project: Fort Bend County Library System

2. Start Date: October 2014 **Projected End Date:** September 2020

3. Summary of Project: This project is a retrofit of the seven existing branch libraries that currently use date due tags and sensors instead of RFID (Radio Frequency Identification) anti-theft detection equipment. RFIS provides increased security for library materials, with the added benefit of faster, more efficient charge and discharge of materials, and inventory capabilities. Additionally, the date due technology is obsolete and date due tags are increasingly difficult to find. The branches will be converted in the following order: 2015 – Cinco Ranch, 2016 – First Colony, 2017 – Sugar Land and Mamie George, 2018 – Fulshear and Needville. The Missouri City branch conversion will be included as part of its renovation.

4. Beneficiaries of Project: Patrons of the library will experience a faster check-out time. Additionally, with all ten branches functioning on one system that all staff can use effectively, the library staff will be able to purchase supplies in bulk, thereby streamlining costs.

5. Impact on Operating Budget: \$130,360 is allocated in the 2017 budget while the remaining branch conversions will be funded in the fiscal year 2018 budget in the amount of \$103,908. As more branch libraries are converted, operating costs will be streamlined due to not having to purchase supplies for two systems.

6. Financial Summary:

Project	Fund	Activity	Current Budget	Encumbered	Expended	Amount Available
RFID First Colony	100	P109-17RFIDSLMG	\$130,360	\$0	\$0	\$130,360

Project Name: Fairgrounds Renovations

ESTIMATED COST OF PROJECT **\$893,500**

FY 2017 CIP ALLOCATION **\$893,500**

1. Location of Project: Fort Bend County Fairgrounds, 4310 TX-36,
Rosenberg, TX

2. Start Date: October 2016 **Projected End Date:** September 2017

3. Summary of Project: This project includes funds to remove the existing drop ceiling, paint, and upgrade to LED lights for Building B, roof and building repairs for Barn H, repairs to existing wrought iron fence in front of property and an addition of an automatic opener on gate #5 with a new chain-link fence surrounding the fairgrounds. Funding also includes major repairs to the arena roof, upgrades to LED lighting in the arena for energy conservation and safety of instant turn-on lights, new banquet tables and chairs for each of the buildings, as well as outdoor tables throughout the grounds. New horse stalls for Barn H due to increasing equestrian events will be added as well as a portable outdoor stage. Finally, the front main parking lot lights will be upgraded to LED fixtures.

4. Beneficiaries of Project: This project will enhance the safety and aesthetics of the Fairgrounds for its visitors.

5. Impact on Operating Budget: \$893,500 is allocated in the 2017 budget for the replacement of the bleachers building renovations. The upgrades to LED lighting is expected to decrease future operating expenses due to energy conservation.

6. Financial Summary:

Project	Fund	Activity	Current Budget	Encumbered	Expended	Amount Available
Fairgrounds Renovations	100	P108-17FAIRRENO	\$893,500	\$0	\$0	\$893,500

Project Name: Jones Creek Ranch Park Improvements

ESTIMATED COST OF PROJECT **\$150,500**

FY 2017 CIP ALLOCATION **\$150,500**

1. Location of Project: 7714 FM 359, Richmond, TX

2. Start Date: October 2016 **Projected End Date:** September 2017

3. Summary of Project: The purpose of this project is to replace the wooden fence surrounding the park, improve the pool area by removing some of the grass area and replacing with a friendlier surface for pool maintenance. Also included in the project is an upgrade of Lodge lighting to LED fixtures for energy conservation and safety.

4. Beneficiaries of Project: The purpose is to establish Jones Creek Ranch Park as a desired rental property that would be safer and less affected by weather.

5. Impact on Operating Budget: \$150,500 is allocated in the 2017 budget for the park upgrades. Park improvements will increase park rentals thereby increasing revenues. Furthermore, the LED light upgrade is expected to lower energy costs.

6. Financial Summary:

Project	Fund	Activity	Current Budget	Encumbered	Expended	Amount Available
Jones Creek Park Renovations	100	P108-17JONES	\$150,500	\$0	\$0	\$150,500

Project Name: Park Restroom Replacement/Renovation

ESTIMATED COST OF PROJECT \$500,000

FY 2017 ALLOCATION \$500,000

1. Location of Project: Bates Allen Park, Mission West Park, and Kitty Hollow Park

2. Start Date: October 2016 Projected End Date: September 2017

3. Summary of Project: These funds will be used to repair and/or replace restrooms in Bates Allen, Mission West, and Kitty Hollow parks.

4. Beneficiaries of Project: This project will provide safe and modern restroom facilities for the public to use while at the parks.

5. Impact on Operating Budget: \$500,000 is allocated in the 2017 budget for park restrooms. These are repairs and replacements of current restrooms and will only minimally impact future operating budgets by requiring less maintenance.

6. Financial Summary:

Project Name: Child Support Software Solution

ESTIMATED COST OF PROJECT \$ 240,000

FY 2017 ALLOCATION \$ 65,000

1. Location of Project: Information Technology Software, County-wide

2. Start Date: October 2016

Projected End Date: September 2017

3. Summary of Project: The purpose of this project is to replace existing outdated Child Support software with a web based system that will be supported and hosted with the Fort Bend County Information Technology team. The new software will track client, case, and financial information, and case management reports. The new system will also manage payment history, child support calculations, generating parenting calendars, and calculate principal and interest on past due child support and maintenance. It will also provide an efficient manner to transfer payment information to the County Auditor's Office.

4. Beneficiaries of Project: Updated software will allow Fort Bend County Child Support to better serve its clients.

5. Impact on Operating Budget: The estimated cost of this replacement is \$240,000; however the majority of the cost will not be a County burden. Upon anticipated approval, the funds will be utilized from the Child Support Title IV-D Reimbursement account.

6. Financial Summary:

Project Name: Animal Services Veterinarian Room

ESTIMATED COST OF PROJECT **\$38,284**

FY 2017 CIP ALLOCATION **\$38,284**

1. Location of Project: 1210 Blume Rd, Rosenberg

2. Start Date: September 2016 **Projected End Date:** September 2017

3. Summary of Project: This project proposes to refurbish the current veterinary room in the adoption center into a space capable of allowing spay/neuter surgeries to be completed. The projected cost includes the new equipment that would be needed to actually perform the surgery and the cost of reworking the space to allow for this. The space is very small, but is an interim move before the potential of a new building which would include dedicated veterinary surgical space. The project would create space for one surgical set up and the assistant to prep the animal prior to surgery.

4. Beneficiaries of Project: The optimum situation is for all animals leaving the Animal Services shelter to be altered by spay/neuter surgery prior to leaving. The shelter is proposing a veterinarian to perform these surgeries. This project provides space and equipment for these surgeries to take place.

5. Impact on Operating Budget: \$38,284 is allocated in the FY2017 budget. Some of the cost of performing surgeries in house will be offset by the fee charged for adoptions. Animals will also be more attractive to rescue organizations who will not then have to raise funds for spay/neuter surgery. Other agencies within Fort Bend have expressed interest in working with Fort Bend to cover partial cost of the onsite surgeries capability (veterinarian salary) by bringing their impounded animals for surgery for a fee.

6. Financial Summary:

Project	Fund	Activity	Current Budget	Encumbered	Expended	Amount Available
Outfit Animal Services Vet Room	100	P105-17VETROOM	\$38,284	\$0	\$0	\$38,284

Project Name: Animal Services Expansion

ESTIMATED COST OF PROJECT **\$1,027,000**

FY 2017 CIP ALLOCATION **\$1,027,000**

1. Location of Project: 1210 Blume Rd, Rosenberg

2. Start Date: October 2016 **Projected End Date:** September 2017

3. Summary of Project: The proposed building is designed to improve the quarantine and isolation capabilities of the animal housing at Fort Bend County Animal Services. The proposal includes spaces for incoming animals to be separated from the existing population, completely separates bite investigation and quarantined animals from those animals being viewed by the public for adoption, and allows for medical evaluation and onsite spay-neuter surgery away from the public. The proposal also includes specific housing for small dogs, and litters of puppies as well as pregnant mothers who are close to delivery. Each of these capabilities is missing in the current housing situation.

4. Beneficiaries of Project: Although the FBC Animal Services does not expect to be able to provide a cage for each individual animal, the proposed new building space would allow for more overall space and for judicious placement and movement of animals from intake/quarantine to general population/priority adoption and so on. Safety and health of the animal population will encourage visitors, adoptions and rescue organizations. One main goal of the Animal Services department is to increase the percentage of animals who leave the shelter for a permanent home. The proposed building will work to improve the live outcome rates of the animals at the shelter.

5. Impact on Operating Budget: \$1,027,000 is allocated in the FY2017 budget for the expansion. In subsequent years we will budget approximately \$25,000 annually for operating costs as well as approximately \$82,000 in Salaries and Personnel Costs for two Animal Technicians.

6. Financial Summary:

Animal Services Expansion	100	P105-17ANIMAL	\$1,027,000	\$0	\$0	\$1,027,000

Project Name: East End Annex Elevator Rehabilitation

ESTIMATED COST OF PROJECT **\$97,500**
FY 2017 CIP ALLOCATION **\$97,500**

1. Location of Project: **East End Annex, 303 Texas Parkway, Missouri City**

2. Start Date: October 2016 **Projected End Date: September 2017**

3. Summary of Project: The elevator at the East End Annex will be brought up to current code and free from any mechanical issues. Elevator rehabilitation will include replacement of the driving machine, hydraulic pump unit, power logic controllers, conduit, wiring, hoist ropes, traveling cables, and refurbishing of the interior cab.

4. Beneficiaries of Project: The safety of County employees and visitors to the East End Annex is imperative.

5. Impact on Operating Budget: \$97,500 is allocated in the FY2017 budget. Future operating budgets will not be affected.

6. Financial Summary:

Project Name: Building IP Video Surveillance Upgrade

ESTIMATED COST OF PROJECT **\$1,263,000**

FY 2017 CIP ALLOCATION **\$1,263,000**

1. Location of Project: 15 County Buildings

2. Start Date: October 2016 **Projected End Date:** September 2017

3. Summary of Project:

This project addresses the County's failing and discontinued Video Surveillance systems in (15) buildings providing an economical path to continually update, expand, maintain, and administrate these systems efficiently. The project is planned to consolidate (8) of the (15) County Buildings into (3) Video recording units rather than the current individual building method. The project will provide Courthouse Security the ability to remotely monitor and efficiently pull video incident requests from their office and will allow Facilities to efficiently identify and resolve issues with the system or cameras sometimes without having to go onsite.

4. Beneficiaries of Project: Improved building security helps keep employees and visitors safe.

5. Impact on Operating Budget: \$1,263,000 is allocated in the 2017 budget. By updating to currently supported equipment and technologies, labor time required to maintain the equipment will be reduced and will lower future upgrade costs.

6. Financial Summary:

Project Name: Justice Center Detention Access Security

ESTIMATED COST OF PROJECT **\$520,225**

FY 2017 CIP ALLOCATION **\$520,225**

1. Location of Project: 1422 Eugene Heimann Circle, Richmond

2. Start Date: October 2016 **Projected End Date: September 2017**

3. Summary of Project: This project is necessary to upgrade the Justice Center Detention – Integrated Access Control system to match the ongoing county-wide upgrade. The integration controls of these systems will be updated to a supported operating system and in compliance with the county Information Technology policy. The Integration Control systems will become open licensed and non-proprietary rather than current sole-source programming from vendor allowing more competitive bids and repair sources.

4. Beneficiaries of Project: Improved building security helps keep employees and visitors safe.

5. Impact on Operating Budget: \$520,225 is allocated in the FY2017 budget. The new non-proprietary system will allow for more competitive bidding and future equipment and repairs which could be a potential savings to the county.

6. Financial Summary:

1. Location of Project: 1410 Williams Way Blvd., Richmond, TX

2. Start Date: October 2016 **Projected End Date:** September 2017

3. Summary of Project: Remove existing quarry tile in the kitchen down to the concrete deck and replace with urethane concrete flooring. The new urethane concrete floor will be one solid system that will not have grout lines to allow food and water to become trapped underneath. This will help remedy the slip hazard as well.

4. Beneficiaries of Project: The new flooring will provide a cleaner and safer environment for Jail staff and inmates.

5. Impact on Operating Budget: \$261,998 is allocated in the FY2017 budget for the flooring. Future operating budgets are not impacted.

6. Financial Summary:

1. Location of Project: 5855 Sienna Springs Way, Missouri City

2. Start Date: October 2016 **Projected End Date:** February 2017

3. Summary of Project: The existing facility is an academic building constructed by Houston Community College and recently purchased by Fort Bend County for use as an annex. This project will consist of interior renovations of the building including completion of the required light demolition and interior renovations of 3,300 square feet of space for the Fort Bend County Tax Office and 1,550 square feet for the County Clerk.

4. Beneficiaries of Project: These spaces will provide an additional service point for the Missouri City/Sienna area of Fort Bend County.

5. Impact on Operating Budget: \$438,750 is allocated in the 2017 CIP budget. Also included in the FY2017 budget are three new positions in the County Clerk’s Office for a total of \$179,000 and seven new positions in the Tax Office for a total of \$393,000. Funding for these ten new positions will remain in future operating budgets. Additionally, maintenance, utilities, and custodial costs of the building will be approximately \$17,700 annually.

6. Financial Summary:

ESTIMATED COST OF PROJECT **\$443,056**

FY 2017 CIP ALLOCATION **\$221,526**

1. Location of Project: Information Technology, County Wide Network

2. Start Date: October 2016 **Projected End Date:** September 2017

3. Summary of Project: Additional requirements by the State government require Fort Bend County to maintain a better archiving system, encryption capabilities, and recovery of records for any request made. The best way to accomplish this task without adding higher hardware and software costs is to utilize Microsoft 365. This allows for the security protocols we need and incorporated retention and search capabilities to meet regulatory guidelines.

4. Beneficiaries of Project: A Microsoft Exchange environment will be able to accommodate the increased regulatory requirements and security concerns moving forward. This will especially be helpful when fulfilling open records requests.

5. Impact on Operating Budget: \$221,526 is allocated in the 2017 budget for Microsoft 365 for Exchange, Archiving 365 for Exchange, kiosk accounts, and core call additions. The remaining half will be budgeted in FY2018.

6. Financial Summary:

1. Location of Project: Document Management, County-wide

2. Start Date: October 2013 **Projected End Date:** September 2019

3. Summary of Project: The Document Management Steering Team (DMST) was formed in 2013. In late December 2015, the team selected the software Requordit, a custom version on OnBase by Hyland. The team anticipates implementation beginning late May/June 2016. Due to the late start in the year, the vendor will implement Phase 1 through part of FY2016 and FY2017. County IT employees will be trained to carry on much of the implementation work for Phases 2 and 3. Custom integration may require the assistance of Requordit, requiring some vendor travel after Phase 1. It is the intent to complete as much vendor custom integration as possible in FY2016 and early FY2017. Hardware, such as scanners, will be required throughout the project. County training will be ongoing as each phase is implemented. Third party hardcopy conversion will be needed due to the excessive volume of paper documents, indexing, and metadata requirements.

4. Beneficiaries of Project: This project will reduce or eliminate redundancy. Documents can be stored and shared in one place without having to use excess storage either physical space or electronic space.

5. Impact on Operating Budget: In FY2014, the project was funded \$250,000 for preliminary work to develop a strategy and implementation plan for the project. In FY2015, the project was funded an additional \$1,721,284 for implementation. Currently \$1,773,554 remains in the CIP fund which will be depleted late FY2016/early FY2017 for the initial implementation of the hardware and software. \$787,340 is allocated in FY2017 to complete Phases 2 and 3. It is anticipated we will add \$439,540 in FY2018 and \$370,540 in FY2019 for continuing implementation, Requordit travel and training, 3rd party hardcopy conversion, SAN, Load Balancers, Network Switches, and hardware such as scanners, monitors, and tablets. Annual Maintenance of the software is estimated be \$177,000.

ESTIMATED COST OF PROJECT **\$360,625**

FY 2017 CIP ALLOCATION **\$360,625**

1. Location of Project: Information Technology, Financial Administration

2. Start Date: October 2016 **Projected End Date:** September 2017

3. Summary of Project: In a phased process, replace existing receipting systems that County departments are using with a revenue management solution for payment collection, reporting, and auditing. A single receipt system will ensure the integrity of all accounting records and reports and offer centralized audit, deposit, and financial reporting of all payment activity across the County.

4. Beneficiaries of Project: A new software system will allow county departments to process more efficiently and collect more effectively. It will interface with existing county systems for both query and update and eliminate manual processes.

5. Impact on Operating Budget: \$360,625 is allocated in the 2017 budget for software. Annual support and maintenance is expected to be \$40,000 and will be budgeted in the Information Technology departmental budget.

ESTIMATED COST OF PROJECT **\$ 397,500**

FY 2017 CIP ALLOCATION **\$ 397,500**

1. Location of Project: 122 Golfview Drive, Richmond

2. Start Date: November 2016 **Projected End Date:** May 2017

3. Summary of Project: Develop a detailed Schematic Design package for the expansion and renovation of the Juvenile Detention Facility. Concurrently, develop a scaled-down option for a two-phased approach in the event the legislature doesn't change the age of majority in the next session.

4. Beneficiaries of Project: Planning for expansion will help Fort Bend County comply with all current State requirements for Juvenile Detention. It will allow space for future growth for both juvenile offenders as well as staff. Additionally, it will upgrade the general condition of existing facilities and increase parking count for employees and visitors.

5. Impact on Operating Budget: \$397,500 is allocated in the 2017 budget. The impact of future operating budgets is dependent upon the final design of the building. Construction will be budgeted in future fiscal year as well as operating costs to maintain the building.

Project Name: Big Creek

ESTIMATED COST OF PROJECT **\$ 4,432,688**

FY 2017 CIP ALLOCATION **\$ 700,000**

1. Location of Project: The section of Big Creek that will be involved in the CIP begins at Boothline Rd. and extends upstream approximately 10.20 miles to the headwaters of Big Creek which is the confluence of Coon Creek and Cottonwood Creek near Hartledge Rd.

2. Start Date: October 2013 **Projected End Date: Undetermined**

3. Summary of Project: This project includes the widening and deepening of the entire length of Big Creek upstream of Boothline Rd. The project also includes the construction of channel bypasses in order to create eight wetland mitigation sites totaling approximately 22 surface acres in size. Additional costs related to the project include right-of-way acquisition, pipeline and utility adjustments, and project engineering.

4. Beneficiaries of Project: This project is necessary to reduce flooding frequency, intensity and duration within the Big Creek watershed during extreme rainfall events. The primary beneficiaries of the project will be the residents and businesses in Pleak, Rosenberg, Fairchilds, and unincorporated areas within the Big Creek watershed. The project will also provide a benefit to potential flooding conditions along various Fort Bend County roads including the TxDOT maintained State Highway 36 and Spur 10 Extension project.

5. Impact on Operating Budget: \$700,000 has been allocated for the project in fiscal year 2017 with the remainder to be funded over the next several years from the Drainage District fund balance.

2. Start Date: June 2013 Projected End Date: Undetermined

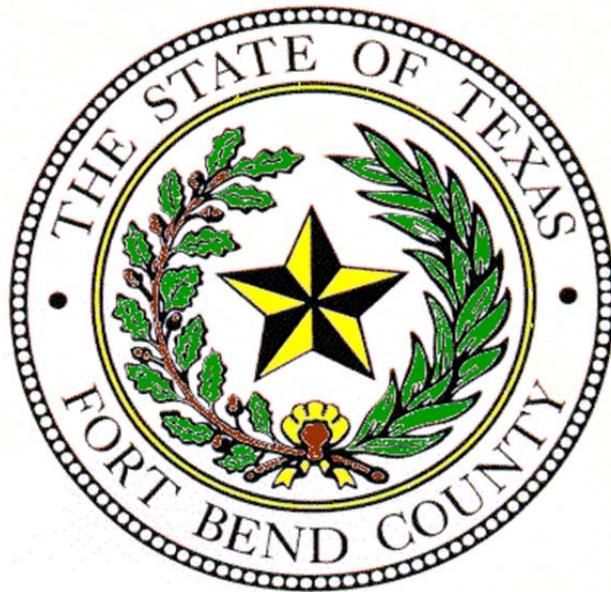

3. Summary of Project: This project includes constructing detention ponds immediately downstream of Brand Lane and Independence Park. A berm will also need to be established within the park to separate Stafford Run Creek from the existing detention facilities. Bridge structures at both Avenue E and Eagle Lane will have to be expanded to allow for better conveyance of flows within channels.

4. Beneficiaries of Project: This project is necessary to control the water levels in Stafford Run Creek during extreme rainfall events. It will provide better flood protection and drainage for residents and businesses in Stafford, Missouri City, and unincorporated areas within the watershed.

5. Impact on Operating Budget: \$330,000 has been allocated for the project in fiscal year 2017 with the remainder to be funded over the next several years from the Drainage District fund balance.

6. Financial Summary:

Project	Fund	Activity	Current Budget	Encumbered	Expended	Amount Available
Stafford Run Project	160	P620-11STAFFRUN	\$3,174,803	\$1,080	\$1,387,992	\$1,785,730

GLOSSARY

Account – Basic reporting unit for accounting, budget or management purposes.

Accounting Unit – Departments or Cost Centers.

Accrual – The recognition of a transaction at the time it occurs, as opposed to when cash is spent or received.

Accrual Basis – A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Activity – Departmental efforts which contribute to the achievement of a specific set of program objectives; the smallest unit of the budget program.

Ad Valorem Taxes – Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

Amendment – A modification of the budget by increasing or decreasing an account, or accounts, in the budget by action of the Commissioners Court.

Appropriation – a legal authorization to incur obligations and to make expenditures for specific purposes.

Assessed Valuation – The value set upon real estate and certain personal property by the agency (central appraisal district) tasked with assessing the values of property as a basis for levying property taxes.

Asset – Resources owned or held by a government which has monetary value.

Available Fund Balance – This refers to the cash remaining from the prior year which is available for appropriation and expenditure in the current year.

Bond – A long-term IOU or promise to pay. It is a promise to repay a specified amount of money (the face amount of the bond) on a particular date (maturity date). Bonds are primarily used to finance capital projects. Types of bonds are:

General Obligation (G.O.) Bond - This bond is backed by the full faith, credit and taxing power of the government.

Revenue Bond – This bond is backed only by the revenues from a specific enterprise or project, such as a hospital or toll road.

Bond Rating – A rating assigned by recognized rating agencies such as Moody's and Standard and Poor Company to debt issuers. The higher the rating, the more credit-worthy the issuer is. Ratings go from AAA (S&P) or Aaa (Moody's) to CCC or ccc. Those rated below B are not usually considered creditworthy.

GLOSSARY

Bond Refinancing – The pay-off and re-issuance of bonds, to obtain better interest rates and/or bond conditions.

Budget – A plan of financial activity for a specified period of time (fiscal year or biennium) indicating all planned revenues and expenses for the budget period.

Budget Calendar – The schedule of key dates which a government follows in the preparation and adoption of the budget.

Budget Categories – The accumulation of line items of similar use into broader groups to allow more efficient management of the budget by office holders or department managers. In our budget scheme, the categories are:

- Salaries and Personnel Costs
- Operating and Training Costs
- Information Technology Costs
- Capital Acquisitions

Within categories, with some exceptions, a manager may transfer money from one account to another without court approval.

Budget Hearings – Hearings for the purpose of providing public input into the preparation of the budget.

Capital Assets – Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets.

Capital Budget – The appropriation of bonds or operating revenue for improvements to facilities, and other infrastructure.

Capital Improvements – Expenditures related to the acquisition, expansion, or rehabilitation of an element of the government's physical plant; sometimes referred to as infrastructure.

Capital Improvements Program (CIP) – A plan for capital outlay to be incurred each year over a fixed number of years to meet capital needs arising from the government's long-term needs.

Capital Outlay – Fixed assets which have a value of \$5,000 or more and have a useful economic lifetime of more than one year; or, assets of any value if the nature of the item is such that it must be controlled for custody purposes as a fixed asset.

Capital Project – Major construction, acquisition, or renovation activities which add value to a government's physical assets or significantly increase their useful life. Also called capital improvements.

Chart of Accounts – Hierarchical collection of accounts that is used to capture budget data.

Contingency Account– A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

Debt Service – The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

GLOSSARY

Department – The basic organizational unit of government that is functionally unique in its delivery of services.

Disbursements – The expenditure of monies from an account.

Distinguished Budget Presentation Awards Program – A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

Emergency Amendment – An amendment to the budget to pay an unbudgeted expenditure because of an emergency event that creates a grave public need which is both unusual and unexpected at the time the budget was adopted.

Encumbrance – The obligation of appropriated funds for the future payment of an item or service. To encumber funds means to set aside or commit funds for a specified future expense.

Enterprise Resource Planning (ERP) – Systems that provide cost-effective data access for users and managers throughout the company.

Expenditure – The payment of cash on the transfer of property or services for the purpose of acquiring an asset, service, or settling a loss.

Expense – Charges incurred (whether paid immediately or accrued) for operations, maintenance, interest, or other charges.

Fee Offices – Those county offices that charge fees or fines for services or punishment. These are designated as fee offices for reporting of revenues.

Fiscal Policy – A government's policies with respect to revenues, spending, and debt management as these relate to government series, programs and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

Fiscal Year (FY)– A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. Fort Bend County's fiscal year begins January 1 and ends December 31.

Fixed Assets – Assets of long term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment.

Full-time Equivalent Position (FTE) – One FTE equates to a 40-hour work week for twelve months. For example, two positions working 20 hours for twelve months would equal one FTE.

Function – A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible. (e.g., public safety, general administration, administration of justice)

Fund – A fiscal entity with revenues and expenses that are segregated for the purpose of carrying out a specific purpose or activity.

GLOSSARY

Balanced Budget – A budget where expenditure matches revenue.

Fund Balance – The excess of the assets of a fund over its liabilities, reserves, and carryover.

Goal – A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless.

Grants – A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the terms of the grant.

Interest – The cost of using money borrowed from another. Set as a percentage of the Principal.

Interfund Transfers – The movement of monies between funds of the same governmental entity.

Intergovernmental Revenues - Funds received by a government from another federal, state, and other local government in the form of grants, shared revenues, and payments in lieu of taxes.

Internal Services – Those services performed by county departments for other county departments to enable their operational mission. These are ideally to be charged by means of allocations to the using departments.

Levy – To impose taxes for the support of government activities.

Line-item budget – a budget prepared along departmental lines that focus on what is to be bought.

Medicaid 1115 Waiver - Texas Health Care Transformation and Quality Improvement Program -The Texas Health and Human Services Commission filed an application for a waiver of certain federal Medicaid requirements under Section 1115 of the Social Security Act on July 13, 2011. The Centers for Medicare & Medicaid Services approved THHSC's application on Dec. 12, 2011.

The waiver primarily does two things: (1) it expands Medicaid managed care to the entire state; and (2) it replaces the upper payment limit program with two new pools of funding, the uncompensated care pool, and the delivery system reform incentive payment pool. The UC pool will reimburse hospitals for the cost of care for Medicaid and uninsured patients for which the hospital does not receive payment. The DSRIP pool will provide payments to hospitals and other providers upon their achieving certain goals that are intended to improve the quality and lower the cost of care. Texas has the potential to receive up to \$29 billion over the 5 years of the waiver, which is more than the \$14 billion in funds available under the UPL program.

GLOSSARY

Medicaid Transformation Waiver - HHSC has received federal approval of a waiver that allows the state to expand Medicaid managed care while preserving hospital funding, provides incentive payments for health care improvements and directs more funding to hospitals that serve large numbers of uninsured patients

Modified Accrual Basis - A basis of accounting in which transactions are generally recognized at the time they are incurred, as opposed to when cash is received or spent, but with major exceptions, such as that assets are not depreciated.

Office – The basic organizational unit of government for an elected official which is functionally unique in its delivery of services (as compared to department headed by non-elected managers).

Operating Revenue – Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Operating Expense – The cost for personnel, materials and equipment required for a department to function.

Pay-as-you-go Basis – A term used to describe a financial policy by which capital outlays are financed from current revenues rather than borrowing.

Performance Measure – A measure of the performance of a budget program or budget element that is designed to show the effectiveness of the program. Specifically the measure should show the worthiness of the program to continue receiving funding.

Personnel Costs – Expenditures for salaries, wages, and fringe benefits of a government's employees.

Principal – The amount of money owed on which the entity is obligated to pay interest.

Revenue – The annual or periodic collections of money by the government for public use. Examples are taxes and fees.

Service Level – Services or products which comprise actual or expected output of a given program. Focus is on results, not measures of workload.

Source of Revenue – Revenues are classified according to their source or point of origin.

Taxes – Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit, such as special assessments.

Transfers In/Out – Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

Zero Based Budget – Budgets made with the assumption that each expenditure must be justified each budget period, essentially beginning with zero, and justifying any funding to be included in the budget for a given item.
