Frances Desmond
Fort Bend County Grants Administrator
County Judge's Office
401 Jackson
Richmond, Texas 77406

Greetings,

Thank you for extending the opportunity for our agency to apply for funds from the 2020 Edward Byrne Memorial Justice Assistance Grant. In accordance with your email and the grant outline, our agency is requesting the following equipment that will be utilized for increased officer safety and general law enforcement purposes.

DESCRIPTION	QTY.	EA. \$	AMT. \$
BWX-100 BODY WORN CAMERA	2	675.00	1350.00
BWX-100 2-YEAR WARRANTY	2	349.00	698.00
BWX-100 SHIPPING COST	1	30.00	30.00
BLACK X2 CEW UNIT	2	1220.00	2440.00
X2 HOLSTERS (2 RIGHT HAND, 1 LEFT HAND)	3	78.00	234.00
X2 BATTERY PACK	3	65.00	195.00
X2 25-FOOT CARTRIDGES	1	38.00	38.00
X2 TRAINING CARTRIDGES	1	37.00	37.00
MOTOROLA APX6000 700/800 MODEL PORTABLE RADIO	1	3276.14	3276.14
FLYING CROSS BRAND TRAFFIC/SAFETY VESTS	5	72.99	364.95
TOTAL:			8,663.09

We are asking for grant funds to be used to purchase two additional Body Vision BWX100 body cameras, by L3/Safe Fleet. Body cameras offer the following:

- Complete transparency; everyone can see what transpires between officers and citizens
- Decisions made by officers in intense situations can be reviewed and evaluated
- Recorded video evidence refutes false claims against officers
- Provides valuable public relations benefits to the agency
- Video and audio recording can record victim statements and witness accounts
- Recorded video is valuable evidence that is difficult to refute in court

1517 Eugene Heimann Circle, Suite 200
Richmond, TX 77469
Fax: (281) 341-4545

3114 Rosenberg Street
Needville, TX 77461
(281) 341-4536
Fax: (281) 341-4545

I also have attached an Axon-Taser pricing list as documentation for your review. This agency has 23 sworn personnel and the addition of the Taser X2's will assist in accomplishing the goal for ALL sworn personnel to have the ability to carry this intermediate weapon. An intermediate weapon allows the opportunity for the deputy to use the next level of force allowed in the force continuum to accomplish his/her goal during an adversarial encounter, without having to use deadly force, thus preserving someone's life. With the requested two Taser X2's, it would allow the agency to have an extra Taser on-hand in the event one in circulation needs to be downed for service or repair. Three Taser holsters are requested to store the Taser on the deputy's duty belt and allow one spare for the office in the event a Taser holster is damaged. The battery packs are used to power the device and cannot be re-charged. It is always good to have spare packs in the event we need to replace one from an existing Taser. I submitted a request for 1 box of 25-foot Taser cartridges for duty and 1 box of Training cartridges that are used during annual Taser recertification.

The Precinct 1 Constable's Office would like to request a new Motorola portable radio used for the deputy to communicate with other deputies and dispatch. Our office has some older radios that are not in great shape and a new one would be helpful to replace an older one and is in better working order. Clear radio traffic transmissions are imperative to officer safety and the new portable would help tremendously.

I am requesting an addition of five traffic/safety vests for deputies being our office has seen an uptick in traffic complaints, traffic stops, and our ability to now work motor vehicle accidents assisting the Sheriff's Office or other municipalities within the precinct. These vests are reflective and will allow motorists to see the deputy working a traffic scene, which falls under a safety issue.

In accordance with the parameters of the grant, none of the above-mentioned items were requested for in our FY 2019, 2020, or 2021 budget requests. Should you or the JAG Committee have any questions, please feel free to contact me at 281-344-3982 or at frank.cempajr@fortbendcountytexas.gov. Thank you for your assistance and consideration on this grant request.

Sincerely,

A handwritten signature in blue ink that reads "Frank Cempa Jr." with a stylized flourish at the end.

Frank Cempa Jr.
Chief Deputy #1102

BWX100™

BODY-WORN CAMERA

CONNECT A BODY OF EVIDENCE

Your point of view matters — and, with Mobile-Vision's BWX-100™ body camera, you've always got that unbiased eye documenting critical moments from your perspective. With in-car integration, lights, sirens, and accelerated speeds can activate the body-worn camera to record.

FEATURES & BENEFITS

Bidirectional Activation

Lights, sirens, and vehicle speeds can all activate the body camera to record once integrated with your Mobile-Vision in-car video system.

Built-in Wi-Fi & Bluetooth

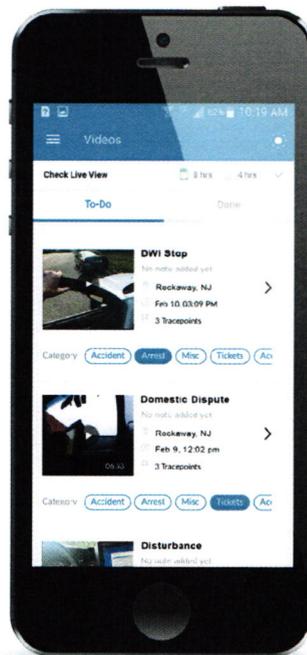

Fully integrated Wi-Fi and Bluetooth capabilities allow live video review and bidirectional activation, helping officer efficiency in the field.

Full Shift Recording

Capture a complete shift without stopping or spending time setting up your system. The Mobile-Vision body camera records up to 12 hours in HD with a single charge.

Mobile App Access

Review and tag video content from the field with a few quick clicks—and without the hassle of video data transfer or the risk of deleting critical evidence.

BWX100™

Clear LCD Text Display

Make quick decisions thanks to clear-cut icons and legible text— no more deciphering LCD lights or learning extensive color coding.

VIDEO

07/224/2020

MEMORANDUM

To: Frances Desmond
From: Roderick C. Garner Sr., Chief Deputy
CC: Daryl L. Smith Sr., Constable
Re: 2020 Justice Assistance Grant

The purpose of this correspondence is to respectfully convey the desire for purchase for Fort Bend County Precinct 2 Constables Office the following items in compliance with the Justice Assistance Grant:

- (160) Baseball styled caps (Dark Navy) \$1664.00
- (300) Cotton Body Armor Underwear \$2697.00
- (30) Reflective styled traffic vests \$1679.70
- (2) Portable Battery Chargers (Vehicle) \$199.88
- (4) Smart Tablets \$2421.44
- (1) Dell Laptop \$1,449.99
- (30) Stinger Flashlights \$3244.50

Total: \$13,356.51

Baseball Styled Duty Caps:

During emergency responses, it is important that deputies are equipped with the necessary functional gear to effectively perform. Summer months require head cover that is conducive to prolonged exposure to the sun and these caps will provide the necessary protection while maintaining a professional appearance.

Cotton Body Armor Underwear:

The ability to perform in comfort is conducive to better decision making and effectiveness. Cotton body armor underwear will provide the necessary boundary between the deputy and the armor preventing unnecessary skin irritation while providing comfort and a uniform professional appearance.

**Fort Bend County Precinct 2 Constables' Office 303 Texas
Parkway, Missouri City, Texas 77489 Daryl L. Smith Sr., Constable**

Reflective Traffic Vests:

Deputies are often required to assist with traffic control and traffic direction. In doing so, it is necessary that they are able to perform in a manner that is as safe as reasonably possible. Reflective traffic vests provides the reasonable safety of visibility while conducting traffic direction/ control.

Portable Battery Chargers:

Patrol vehicles are transportation as well as tools of safety for deputies. There are times when routine maintenance is not enough to prevent a vehicle from stalling and losing battery power. Deputies must be able to rely on equipment within their control as much as possible when patrolling their assigned areas. The presence or availability of portable chargers will provide added safety for the deputies and reduce the down-time of patrol vehicles due to battery related issues.

Smart Tablets:

The Pct. 2 command staff is often outside of the office and in need of effective accommodations that will assist with effective functioning and handling of county business. Smart Tablets would provide helpful organizational abilities as well as remote access to documents and agency information. The tablets will be utilized by the Constable, Chief, Assistant Chief, and Captain.

Laptop:

Pct. 2 Administrator is involved with the issues mentioned above and has other duties associated with the administrator position that would best be served by the acquisition of a laptop computer opposed to a Tablet.

Streamlight Stinger LED Rechargeable Flashlight:

Safety and security is the most important aspect of a deputy's job. Lighting is necessity when conducting effective police work particularly at night or where natural lighting is otherwise unavailable. The Stinger flashlight provides the tool necessary for effective illumination of unlighted areas while fitting practically within the deputy's tools.

Conclusion:

The items requested are essential tools and components for effective law enforcement. Several items are offered by Galls, a known and reputable vendor with Fort Bend County. The other items are available through other County recognized vendors. Attached are support documents from Galls and the other vendors as they apply to the requested items. Thank you in advance for your consideration.

Respectfully,

WHY CUSTOMERS CHOSE THIS

CONSTABLE PRECINCT 3

Fort Bend County, Texas

WAYNE K. THOMPSON

Constable

(281) 238-1430

Fax (281) 238-1431

Dear Ms. Desmond,

In reference to your email regarding the 2020 JAG Grant allocation, we are requesting funding for the purchase of X1 - APX6000 Portable, 6 - Microphones Impres, X36 - Taser Training Cartridges and X3 - Battle Steel Lever III Lightweight Ballistic Shields with viewport. As the population of Precinct 3 grows, so has the demand for continued professional and proportionate law enforcement. Along with this growth the need for the essential tools and training are necessary to provide quality law enforcement. The addition of one radio and microphones, will aid our operations to not only ensure we will always have an adequate amount of radios and microphones to provide to our regular sworn personnel, but to also provide a radio to our reserve deputies when they report for duty. The radio(s) and microphones are essential for communication and the safety of our deputies and the community they serve. The Taser training cartridges are also necessary in providing adequate training for our deputies regarding their safety as well as the public. The 3 Ballistic Shields are primarily for situations where there is an expected ballistic threat, including high-risk warrant entry, tactical entry, barricaded subject response, deputy/victim rescue, active shooter response and negotiations. Ballistic Shields are also necessary for riot control in public areas and securing the scene following an active shooter incident.

Below is a quote for the requested items, including their description and list prices.

<i>Item</i>	<i>Description</i>	<i>Quantity</i>	<i>Unit Price</i>	<i>Total</i>
APX6000	Model 2.5 Handheld Radio With accessories	1	\$3388.17	\$3388.17

MEMORANDUM

To: Frances Desmond, Grants Coordinator
From: John Hermann, Chief Deputy
CC: Constable Trever J. Nehls
Date: July 24, 2020
Re: FY 2020 Edward Byrne Memorial Justice Assistance Grant

On behalf of the Precinct 4 Constable's Office, I respectfully request that the JAG review committee consider the following items for purchase as a part of the 2019 Edward Byrne Memorial Justice Assistance Grant:

40 – North American Rescue BLS First Aid Kit @ \$111.00	= \$ 4440.00
Total	= \$ 4440.00

A first aid kit is essential equipment for patrol units to provide first aid for deputies and citizens alike and would be supplied in each patrol car. The North American Rescue BLS kit provides the essential basic life support equipment to address penetrating injuries including injuries resulting from shootings and stabbings. The kit also provides a PPE kit to reduce biological and virological exposures.

Attached are copies of supporting documentation and pricing information for the requested items.

Thank you for your consideration.

BRIAN M. MIDDLETON
District Attorney

(281) 341-4460

Date: July 22, 2020

To: Frances Desmond, Project Manager – Grants
JAG Review Committee

CC: Brian Middleton, District Attorney

From: Edward Gordon, Chief Investigator, District Attorney's Office

Re: Edward Byrne Memorial Justice Assistance Grant 2020 Surplus Funds

Ms. Desmond / Committee Members,

On behalf of the Fort Bend County District Attorney's Office, Investigations Division, I respectfully request consideration of the following items for purchase as part of the surplus funds available from the FY 2020 Edward Byrne Memorial Justice Assistance Grant (JAG). Our items are listed by priority:

- (1.) Three (3) Fujitsu Scan-Snap S1300i Instant PDF Multi Sheet-Fed Scanner at \$266.00 each x 3, for a total of \$798.00.
- (2.) Three (3) Aleratec 1:1 DVD/CD Duplicator/Copier at \$268.00 each x 3, for a total of \$804.00.
- (3.) Six (6) Streamlight Stinger Flashlight with Charger at \$122.00 each x 6, for a total of \$732.00.
- (4.) Flash Drives:
 - One hundred (100) Kexin Flash Drive 16 GB (pack of 10) at \$31.00 each x 10 packs, for a total of \$310.00.
 - One hundred (100) Kexin Flash Drive 32 GB (pack of 10) at \$33.00 each x 10 packs, for a total of \$330.00.
 - Fifty (50) Kexin Flash Drive 64 GB (pack of 10) at \$60.00 each x 5 packs, for a total of \$300.00.
 - Twenty five (25) Kexin Flash Drive 128 GB (pack of 5) at \$50.00 each x 5 packs, for a total of \$250.00.

All products will come to a grand total of **\$3,524.00**

Justification

Fujitsu Desktop Scanner are used on a daily basis by our investigators. This allows the investigator to scan in, save, and send large files via e-mail or place on flash drives to share with other investigators or other police agencies. It also allows our investigators to serve subpoenas by e-mail, after scanning the subpoena into a file and e-mailing it to the witness, business, or organization.

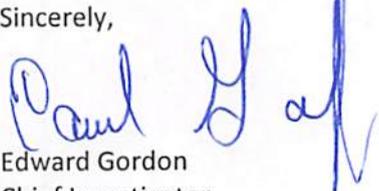

Aleratec DVD/CD Duplicator/Copier The entire DA office staff is currently sharing a hand full of aging DVD/CD duplicator/copier. With the use of dash cams, body cams, and recordings of interview rooms, our office receives 1,000's of DVD and CD disks, which we are required to copy and distribute on a daily basis for both law enforcement agencies and defense counsel. With the addition of three (3) new DVD/CD duplicator/copiers, this will allow our office to be more efficient and complete copying in a timely manner.

Stream Flashlights are to be issued to our DA investigators that are currently using their personally owned flashlights, replacing it with department issued flashlight.

Flash Drives are an office supply necessity due to the increase in digital evidence submitted to our office from body cam footage, dash cam footage, and audio recordings from other agencies that need to be downloaded and saved for any pending cases that our office has on file. The flash drives also allow our District Attorney Investigators to conduct cell phone forensic extractions on phones in evidence or while out in the field. Also, flash drives take less storage space and allows investigators and prosecutors the ability to have a large file with them for meetings or court proceedings, without carrying the complete paper file.

Thank you for your time and consideration.

Sincerely,

Edward Gordon
Chief Investigator

FORT BEND COUNTY FIRE MARSHAL

Fort Bend County, Texas

MARK V. FLATHOUSE
County Fire Marshal

(281) 238-1500
Fax (832) 471-2440

July 23, 2020

Frances Desmond
Fort Bend County Grants Coordinator
County Judge's Office
401 Jackson
Richmond, TX. 77469

RE: 2020 Edward Byrne Memorial Assistance Grant Request

Greetings,

In accordance with the grant outline, our agency is requesting the following equipment that will be utilized for increased officer safety and law enforcement purposes.

One Portable Firearms Training Simulator - \$7925.00 (see attached quote). This is a complete system containing all of the components necessary to begin training upon receipt.

Current trends in Law Enforcement emphasize more training to make officers better prepared for the situations they encounter. Training budget limitations and social distancing due to the pandemic is drastically changing the way we gather and train. Creative solutions that increase the opportunities for training while increasing officer/citizen safety and reducing recurring budget expenditures is needed. The portable firearms training simulator as proposed would provide a great benefit to the agency and the county citizens we serve.

A portable firearms training simulator as an integral part of a firearms training program promotes more frequent practice and shooting repetition – elements that are key to developing confidence and muscle memory. Unlike live-fire training, there is no associated ammunition cost with simulated training. As a result, there is nothing to limit the amount of rounds an officer fires. This creates an opportunity for an officer to receive training specifically tailored to correcting their firearms deficiencies through repetitive shooting.

Because simulation training is completely safe, firearms instructors can easily evaluate each officer and make adjustments in training to strengthen their abilities. A strength of using a simulator to provide repetition and scenario training for firearms instruction is that it provides the range instructor complete control to create training that will best help the individual officer improve interactions with citizens and gain confidence with firearms skills necessary for law enforcement.

This purchase would provide both immediate and long-term benefits to the agency. The firearms simulator is portable and can be set up in any room. This capability enables scenario training in rooms with furniture, hallways, staircases, etc. Realistically, any place with electricity can become a training site. A benefit of the portability is the department will be able to implement realistic firearms training in different locations. A prime example is the capability to take the simulator to a local school and set up realistic firearms training scenarios inside the school itself. This type of real-life training is invaluable to the officers and the community we serve. The ability to conduct simulator training in local businesses, shopping areas, schools and churches will help our officers to respond quickly, efficiently, and responsibly during an incident.

In accordance with the parameters of the grant, the above-mentioned item has not been requested in our FY2019, FY2020 or 2021 budget requests. Should you or the JAG Committee have any questions, please feel free to contact me at 281-238-1500 or at mark.flathouse@fortbendcountytexas.gov . Thank you for your assistance and consideration.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mark V. Flathouse', with a long horizontal line extending to the right.

July 24, 2020

TO: JAG Review Committee

ATTN: Francis Desmond, Project Manager-Grants

FROM: Kyle Dobbs, Chief Juvenile Probation Officer

RE: FY 2020 Edward Byrne Memorial Justice Assistance Grant

The Fort Bend County Juvenile Probation Department is respectfully requesting consideration for the following items from the above-referenced grant:

Items enhancing the Detention Unit include:

Ear Pieces for Radios: Used for safety and security. It enables officers to keep their hand free. In addition, juveniles cannot hear what is being broadcast over the radios.

Ear pieces for radios	20 @ \$34.95	\$699.00
-----------------------	--------------	-----------------

Motorola 2 way radios: Used by all staff inside the detention center to communicate with one another. Radios make it easier for staff to call for help in emergencies.

Motorola 2 way Radios	10@ \$315.00	\$3,150.00
-----------------------	--------------	-------------------

The grand total for this request is **\$3,877.06**. Thank you in advance for your consideration.

Sincerely,

Kyle Dobbs
 Chief Juvenile Probation Officer

SHERIFF'S OFFICE

Fort Bend County, Texas

TROY E. NEHLS
Sheriff

(281) 341-4700
Fax (281) 341-4701

July 24, 2020

Ms. Frances Desmond,

The Sheriff's Office respectfully requests the JAG Committee's consideration for the following items as part of the 2020 Fort Bend County JAG funds:

Public Information Office-

1 Rode Wireless Go Kit=\$159.19
1 Rode RODELink Newsshooter
with handheld mic= \$628.00
1 Rode SC-7= \$11.25
1 Tripod for Ipad= \$67.49
Public Information Office Total= \$865.93

The mission of the Public Information Office (PIO) is to serve as the central source of information that is released by the department. We strive to maintain transparency between the agency, the community, and media members. In our efforts to follow state and local COVID-19 health guidelines, the PIO is shifting the way the agency communicates by limiting in-person events. As a result, virtual events have increased within the Sheriff's Office. The addition of the two wireless microphone systems will enable us to improve the quality of the virtual press briefings we host. The Rode RODELink Newsshooter and the Rode Wireless Go kit are the two wireless microphones we are requesting. The Newsshooter is a handheld wireless microphone that can continuously monitor and adjust frequencies to maintain the most substantial signal level possible at a range of over 100 yards. The RODELink Newsshooter Kit provides everything you need to start shooting video wirelessly with XLR microphones, including a camera-mounted receiver and an XLR transmitter. The Rode Wireless GO kit is an ultra-compact digital wireless microphone system with an incredibly compact form-factor, and the ability to connect to an Ipad for ease of virtual communication. The Rode SC7 is a cable that allows the Wireless Go microphone to attach to an Ipad. The Rode SC7 and an Ipad Tripod will enable us to use an Ipad to improve the quality and versatility of virtual communication. All of these items work together to assist our office in communicating important information to the community.

Total Requested: \$865.93

I have enclosed information and the quote on the requested items which will enable better virtual events and improved communication with the community. Your consideration for these items is greatly appreciated.

Sincerely,

Ashley Smith
Grants Coordinator
