What if I am not sure if my document requires a filing fee?

View a list of [filing fees](#) online or you may contact our office at 281-341-4509 for assistance. Pursuant to Gov. Code Sec. 51.317, filing fees shall be collected at the time the suit or action is filed. Therefore, if a document is submitted without the proper filing fee, the document will be returned for correction.

What if I file a document and choose an improper filing code and do not pay the proper filing fee?

If the actual fee is less, the clerk will change to the appropriate filing code assessing the lesser, correct amount and accept the filing. If the actual fee is more, the clerk will return the document for correction and will notify the filer of the proper fees due.

There is not a filing code which fits my document title exactly. What filing code do I choose?

Choose the code that is closest to your filing (ex. Motion, Petition, Request, Certificate, etc. or No Fee Document as a last resort) and type the entire title of the document under both "filing description" and "description" area found under lead document using proper case to ensure accuracy. The clerk will modify your selection to reflect the proper entry into the case management system if necessary.

How is a pleading handled that requires immediate attention (ex. Temporary Restraining Order or Protective Order)?

Pleadings submitted using Filing Descriptions "Temporary Restraining Order..." and "Application for Protective Order" will be processed as a priority. If signed, the clerk will enter the order under the appropriate filing code using the date signed by the Judge and will rescan into the case management system and may be viewed online. If any other document needs immediate attention, call our office at 281-341-4509.

My motion requires a hearing date and time (setting). How is that handled?

The Motion and Proposed Order must be e-filed as separate lead documents. The Proposed Order will be presented to the Judge for completion. You will need to [contact the court coordinator](#) to schedule the hearing. If signed, the Order will be rescanned into the case management system and may be viewed online.

Use filing code "Proposed Order". The Proposed Order will be presented to the Judge for review. If signed, the clerk will enter the order under the appropriate filing code using the date signed by the Judge and will rescan into the case management system and may be viewed online. Keep in mind that if you are filing a Motion along with the Proposed Order, you will need to submit each document as a "lead document" for proper filing (ex: Motion is a lead document, Proposed Order is a lead document).

Do I need to e-file my cover letter separately?

Yes, the filing code "Letters" should be used as a separate lead document.

What is Proper or Title case?

In proper or title case, the first letters of all words are capitalized (except certain words such as - a, an, the, for, and, nor, but, yet, to, of or as) (ex. Motion for Summary Judgment).

How do I file a document containing Sensitive Data (ex. SSN or DL)?

View a listing of data required to be redacted according to [Supreme Court Rules – Misc. Docket No. 13-9165](#). If e-filed, select the Filing Code “Sensitive Data Document”. Upon acceptance, the clerk will change the Filing Code to the appropriate code and redact the Sensitive Data prior to making the document public.

Note: The filer is only to choose this filing code if the document is a non-fee filing. **In addition, if the document requires a fee to be paid; the filer must select the proper filing code and pay the appropriate fee(s). The filer should choose Security “Contains Sensitive data” field that the filing is being filed pursuant to Rule 21c(d), designating the document as containing sensitive data when the document is electronically filed, so that the filing is accepted and handled accordingly.
