Approval of Resolution No. 17-07.

EXECUTIVE SUMMARY

In February 2009, the City Council adopted Resolution No. 09-04 which establishes regulations regarding signage at City-owned polling places. The Resolution sets timeframes and placement requirements for signage to be used during Early and/or Election Day Voting. It also includes exhibits of the approved signage areas at City Hall, Eldridge Park, Lost Creek Park, First Colony Athletic Park and the T.E. Harman Center (previously the Sugar Land Community Center).

In April 2015, the City Council adopted Resolution No. 15-11 to reflect the change in polling locations from the T.E. Harman Center to the Imperial Recreation Center. The Resolution included a map showing the placement requirements for the Recreation Center.

In October 2015, the City Council adopted Resolution No. 15-35 to include an Exhibit Map for the new polling location at the Houston Museum of Natural Science in Sugar Land.

At this time, modifications are being proposed to update the policy requirements to reflect current codes and property conditions. Due to the widening of the sidewalk along Town Center Boulevard North, the current Exhibit A (City Hall) does not accurately reflect the available space for sign placement. The proposed map has been modified to include new areas in which signage may be placed to offset the area lost through the course of the construction project. Also, following the most recent changes to the Development Code, the code references for stake signage need to be updated.

The Neighborhood & Environmental Services Department recommends approval of Resolution No. 17-07.

Consideration of and action on **CITY OF SUGAR LAND RESOLUTION NO. 18-06** A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SUGAR LAND, TEXAS, AMENDING THE CITY COUNCIL POLICY RELATING TO STAKE SIGNS ON CITY PROPERTY USED AS POLLING PLACES.

RECOMMENDED ACTION:

Approval of Resolution 18-06 to revise the signage map exhibit for City Hall.

EXECUTIVE SUMMARY:

In March 2017, the City Council adopted Resolution No. 17-07, which establishes regulations regarding signage at City-owned polling places. The Resolution sets timeframes, limits on the size and number of signs, and designates areas for the placement of signs. The Resolution also contains map exhibits of the approved signage areas at City Hall, Eldridge Park, Lost Creek Park, First Colony Athletic Park, Imperial Park Recreation Center, and the Museum.

Since Resolution 17-07 was approved, landscaping and trail improvements have been installed as part of the Town Center Pedestrian Improvement project. The improvements are in a portion of the designated signage area at City Hall, thus reducing the area available for signage placement. At this time, the sole proposed modification is an update to the City Hall map exhibit to reflect the current property conditions.

Staff recommends approval of Resolution No. 18-06 to revise the signage map exhibit for City Hall.

AGENDA CAPTION:

Consideration of and action on **CITY OF SUGAR LAND RESOLUTION NO. 20-27**: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SUGAR LAND, TEXAS, AMENDING CITY COUNCIL POLICY RELATING TO STAKE SIGNS ON CITY PROPERTY USED AS POLLING PLACES AND REPEALING RESOLUTION 20-25.

RECOMMENDED ACTION:

Approval of Resolution No. 20-27, repealing Resolution No. 20-25 and amending City Council policy related to stake signs on City property used as polling locations by modifying Exhibit H - Smart Financial Centre Signage Areas.

EXECUTIVE SUMMARY:

In March 2017, the City Council adopted Resolution No. 17-07, which established regulations regarding signage at City-owned polling places. The Resolution established time frames for the placement of signage, placed limits on the size and number of signs, and designated areas for the placement of signs. The Resolution included map exhibits of the approved signage areas at City Hall, Eldridge Park, Lost Creek Park, First Colony Athletic Park, Imperial Park Recreation Center, and the Houston Museum of Natural Science at

Sugar Land.

Since that time, additional modifications have been made to address changes in the policy exhibits:

- In March 2018, the City Council adopted Resolution No. 18-06 to revise the map exhibit for City Hall following landscaping improvements;
- In October 2018, the City Council adopted Resolution No. 18-32 to revise Exhibit C to reflect the renaming of the First Colony Athletic Center to the Clyde and Nancy Jacks Conference Center; and
- In April 2019, the City Council adopted Resolution No. 19-13 to add Exhibit G to designate the approved signage areas at Fire Station No. 7.
- On October 6, 2020, City Council passed Resolution No. 20-25 to add Exhibit H to designate approved signage areas for Smart Financial Centre.

In preparing for the commencement of early voting at Smart Financial Centre, the County and Ambassador Group identified the need to modify the original traffic/parking plan. This change shifted the flow of pedestrian traffic through an area in which no space for political signage had previously been identified. Resolution No. 20-27 repeals Resolution No. 20-25 and amends the Smart Financial Centre exhibit to include an approved area for political signage along the path of pedestrian traffic.

No other modifications have been made to the regulatory requirements or other designated signage areas.

The Environmental and Neighborhood Services Department recommends the City Council approve Resolution No. 20-27, repealing Resolution No. 20-25 and modifying Exhibit H designating the approved signage area at Smart Financial Centre.
