

## FORT BEND COUNTY ENGINEERING

301 Jackson Street, Suite 401, Richmond TX 77469  
281-633-7500

### Right-of-Way (ROW) Permitting Guidelines

- Apply online at [www.mgoconnect.org](http://www.mgoconnect.org)
- Fill out the application for a **ROW Permit**, and upload the following documents:
  - Site Plan showing the proposed scope of work within Fort Bend County ROW.
  - Traffic control plan to be implemented during installation. A TxDOT typical detail is acceptable.
- Deliver a fully executed Performance Bond to the Engineering office (only original hard-copies are accepted).
  - The County-approved bond form must be used, and template bond forms are available on the [Fort Bend County Engineering Website](#).
  - Performance Bonds cover one specific project. Required bond coverage amount is 25% of construction cost within the ROW, or \$5,000, whichever is greater.
  - Perpetual Bonds are blanket bonds covering multiple projects in unincorporated Fort Bend County. The minimum coverage amount is \$50,000.
- There is no fee for ROW Permits.
- Once issued, the permit is valid for one year.
