

Fort Bend County
Q17-088 Design/Build Pavilion at Jones Creek Ranch Park

Q&A 1

- Question 1: Are you looking for an entire team to submit? Or can we, as a structural engineer, submit on our own?
- a. Architectural Services
 - b. Design/Build Developer
 - c. Landscape Architecture
 - d. Geotechnical Engineering
 - e. Structural Engineering
 - f. Civil Engineering

Answer: This is a turn-key project. Please submit as a team.

- Question 2: Will the sign-in sheet from this morning be posted on the website?

Answer: Yes.

- Question 3: Scope of work 8.1 states “Retro fit pre-engineered steel pavilion structure on existing slab per attached drawing.” However, the drawing shows the building to extend beyond existing slab. In whose scope is the additional concrete?

Answer: There is no additional concrete added to the slab. The pavilion is to be erected as per drawing with the exception of 2 footer that land on the slab.

- Question 4: What is the height of the pavilion?

Answer: 14 foot.

Clarification: There is an existing slab at Jones Creek Ranch Park where the pavilion is to be constructed. Please see the two (2) photos of the existing slab below.

Clarification: As a reminder, this is a design/build project. No pricing is to be submitted with your submittal.
