

HumanaDental DHMO 600 CS Plan

Use your HumanaDental benefits

The HumanaDental CS Series dental plan has you covered for any circumstance. Whether you simply need quality routine dental care or unexpected dental treatment, you know what to expect with HumanaDental.

- No waiting periods
- No claims to file
- No annual maximums

Know what your plan covers

Attached is a summary of HumanaDental CS Series plan benefits which are described in detail in your certificate. You can find your certificate at **Humana.com** or call 1-800-979-4760. Here's what you can expect:

- You have the freedom to select any participating dentist. To select a dental provider from our network, simply visit **Humana.com**. Once there, you can also check your benefits, email us and get a new or temporary ID card. If you prefer, contact us at 1-800-979-4760.
- Life without claim forms! With HumanaDental DHMO plan you pay your dentist directly, when applicable.
- Your primary dentist will provide all of your routine dental care and any copayment or discounted charges will be paid at the time of service. Copayments are applicable at either a participating general dentist or a participating specialty dentist.

Choose HumanaDental benefits

Be healthy

Good oral health means more than just an attractive smile. Research shows that oral health, preventive care and regular visits to the dentist is integral to overall health. For example, the Academy of General Dentistry says there is a link between gum disease and heart problems, and the American Academy of Periodontology says severe gum disease can increase blood sugar, increasing the risk among diabetics. The HumanaDental DHMO plan enables you to take better care of your teeth, and you'll pay less doing so.

Check your dental IQ anytime

Log on to MyDentalIQ.com and take the dental risk assessment that could help trim your total healthcare costs over time. Find out how you can improve your oral and overall health. The dental health risk assessment at MyDentalIQ.com takes minutes to complete, and immediately delivers a scorecard with health tips tailored to you.

HumanaDental DHMO 600 CS Plan

The HumanaDental DHMO plans focus on maintaining oral health, prevention and cost-containment. A member may see a primary care dentist as often as necessary. There are no yearly maximums, no deductibles to meet and no waiting periods. CS plans copayments are applicable at either a participating general dentist or a participating specialist.

A primary care dentist (PCD) may decide that you need to see a participating specialist. No referral is necessary to see a participating specialist.

Specialists services: Should you need a specialist, (i.e., endodontist, oral surgeon, periodontist, pediatric dentist), you may be referred by your participating general dentist, or you may refer yourself to any participating specialist. Visit **Humana.com** to find a participating specialist.

Healthy smiles lead to healthy lives

Good oral health is essential for well-being

A healthy smile starts with good oral hygiene. Brushing, flossing and seeing the dentist regularly help teeth and gums look and feel better. But that's just the start.

The mouth can be a window to the body. Medical researchers discover more connections between good oral health and good general health every year. Poor oral health has been linked to a variety of general health problems, such as heart disease and strokes.

More than 47 percent of Americans suffer from periodontal disease¹

Dental insurance makes good oral health easy and affordable

As a health and wellness company, we recognize the strong connection between good overall health and good oral health. That's why **Humana dental plans** make dental care more accessible and affordable for you.

Choose your dentist from our nationwide network of more than 252,000 dentist locations. Plus, you'll enjoy our network discount, which can help you save on preventive and treatment services.

Get preventive care to keep little problems from becoming big issues. Humana dental benefits include 100 percent coverage for two routine cleanings each year plus other preventive care including exams, X-rays, space maintainers for children and oral cancer screenings with no deductible. You even have the benefit of four periodontal cleanings each year. Check with your employer for coverage details.*

Oral infections are linked to: 16 percent increase in heart disease and 9 percent increase in diabetes³

Humana dental plan advantages:

How to choose a plan that meets your needs

Enrolling in the dental benefits plan offered by your employer can be a wise decision

For less than the cost of a cup of coffee a day, you can get both preventive and treatment services when and where you need it. With an affordable premium and a network discount on services, you won't need to delay dental care for you or your family.

These are the types of dental benefit plans that may be available as part of your employee benefits package:

- An HMO (health maintenance organization) plan is a copay-based, network-only offering that requires selection of a primary care dentist. Each family member on the plan can choose his or her own dentist. Because each service has a copay, members have clear upfront costs. There are no yearly maximums, no deductibles and no waiting periods.
- A PPO (preferred provider organization) plan offers low deductible options for preventive, basic and major services. In-network dentists provide dental services at a reduced rate. Members have higher out-of-pocket costs for services received from out-of-network dentists.
- A traditional preferred plan offers low deductible options for preventive, basic and major services, and the flexibility to see any dentist. With this plan, members receive the same level of coinsurance with all dentists. However, when members choose dentists in the Humana Dental PPO network, they can benefit from our negotiated rates for services received from in-network dentists.
- A Preventive Plus plan covers commonly used basic and major services, including exams, X-rays, cleanings and fillings. Plus, discounts may be available on additional services like crowns, inlays, oral surgery and orthodontia. Contact your provider to determine if any discounts are available on non-covered services.

Ask your employer about your Humana dental plan options today.

How an affordable premium can save you money

As an example, if your plan premiums cost \$360,* dental insurance can save you money on both preventive and emergency care.

You may save as much as \$277 with dental insurance*

Here's an example:

Preventive service	Average cost per visit	# of visits recommended each year	Annual cost
Preventive exam	\$50.00	2	\$100.00
Periodontic cleaning	\$150.00	4	\$600.00
Bitewing X-ray	\$60.00	1	\$ 60.00
Out-of-pocket costs witho	\$760.00		
Out-of-pocket costs with o	\$122.80		
Your annual premium with	\$360.00		
Your savings with dental	insurance		\$277.20

*Data rounded based on 50th percentile of Fairview Health data as of January 2014 for metropolitan Houston, Texas. Example is for illustration purposes only, and individual results may vary.

The cost of repairing cracked or broken teeth or replacing missing teeth can add up quickly:

- The average cost of an all-porcelain crown is about \$1,430 per tooth²
- The average cost of a single tooth implant with an all-porcelain crown is about \$4,250²

Having dental insurance can help get the care you need when you need it, by reducing your out-of-pocket costs.

Humana dental plans are one more way we're closing the gap between you and care

Humana

Humana.com

¹ Assumes routine exam and bitewing X-rays are covered at 100 percent. Periodontic cleanings incur a \$50 deductible and plan pays 80 percent of network fees with 31 percent off usual charges. Network fees vary by geography and provider; members may experience negotiated fees greater than or less than 31 percent.

Get access to virtual dental care 24/7 with Teledentix

When it's urgent, you can see a dentist virtually

Humana members have access to \$0 teledentistry, also known as virtual dental care, with Teledentix, as part of their Humana Dental plan. Teledentistry services allow you to see a dentist within minutes from your computer, smartphone or tablet.

If you're in pain or cannot visit a dentist's office, virtual dental care may be an option rather than a visit to the emergency room.

How you can use teledentistry

Typically, when you have a teledentistry visit, you will speak with a dental provider through an online video chat or a phone call. You can get access to care from the comfort of your home for a variety of dental needs. Teledentix dentists can:

Write prescriptions for antibiotics or non-narcotic pain medications when needed (Please note, the cost of medications are not covered by your dental plan.)

Perform a visual exam for things like mouth, tooth or jaw pain

Provide instructions on caring for mouth, tooth or jaw pain

Help members determine if they need urgent/emergency care or home care until they can see their dentist

Help members find a dentist if they don't have one or if requested

Tips to prepare for your Teledentix virtual dental visit

- Register on the Teledentix app, or from your computer at Humana.teledentix.com/c/humanaondemand.
- 2 Fill out any required patient forms before your appointment.
- Make a list of any symptoms, questions or concerns in advance, so you'll be ready to discuss them with your provider.
- Share any prescriptions, over-the-counter medicines or supplements you're currently taking with your provider. If you have a preferred pharmacy, have the name and address handy in case your provider suggests prescription medication.

To learn more about teledentistry or your Humana Dental benefits, visit Humana.com.

Teledentistry is not available in all states. Limitations on telehealth services, also referred to as virtual visits or telemedicine, vary by state. These services are not a substitute for emergency care and are not intended to replace your primary care provider or other providers in your network. Any descriptions of when to use telehealth services are for informational purposes only and should not be construed as medical advice. Please refer to your evidence of coverage for additional details on what your plan may cover or other rules that may apply. Teledentistry services are available on-demand or by appointment to members of all ages, including children and adolescents. Internet access is required for video teledentistry visits. Data fees may apply. Available on PPO and Traditional Preferred plans only.

Dental PPO plans are not offered in all states.

This communication provides a general description of certain identified insurance or non-insurance benefits provided under one or more of our health benefit plans. Our health benefit plans have exclusions and limitations and terms under which the coverage may be continued in force or discontinued. For costs and complete details of the coverage, refer to the plan document or call or write your Humana insurance agent or the company. In the event of any disagreement between this communication and the plan document, the plan document will control.

For California: Covered services provided via telehealth are also available on an in-person basis at an in-network or out-of-network provider of your choice, although selection of an out-of-network provider may result in a higher cost sharing obligation for you. In-network providers will not balance bill you for covered services you receive. Acceptance of covered services from a third party telehealth provider and submission of claims will serve as consent to the terms of service provided in this notice.

Extended annual maximum

Unique solution for extended coverage

With Humana's extended annual maximum, employees won't have to put off important dental care procedures for themselves or their covered dependents.

Extended annual maximum is available immediately after the annual maximum for a plan is reached, and there's no cap on the dollars paid in a year. That's an attractive advantage over traditional rollover options.

Extended annual maximum helps employees save money by ensuring they have access to network discounts and 30% coinsurance, even after they have reached their annual maximum. Employees can achieve and maintain their best health by getting dental care when it's needed, before oral health issues may affect their overall health and well-being.

Plus, the extended annual maximum is a great way for groups and employees to buy down their annual maximum or coinsurance, or adjust plan deductibles and their out-of-network reimbursements.

- · No need to delay care
- No paid claims thresholds
- · No dollars to roll over
- · No provider restrictions

- No mandatory claims submissions
- No need to track annual usage

Extended annual maximum advantages

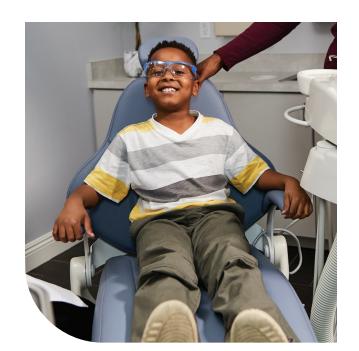

- Simple all employees and their dependents have the same benefits
- Easy the plan is easy to describe and administer
- Immediate employees can use the benefit beginning day one
- · Available included in all Traditional Preferred (Plus) and PPO plan groups of two or more
