

Carrie Surratt, PCC, CTOP
County Tax Assessor/Collector
Fort Bend County, Texas

With government and health officials encouraging us to practice social distancing amid the Coronavirus pandemic, we would like to inform some, and remind others of common Tax Office transactions that can be performed without visiting one of our offices.

Need a new registration sticker? You can renew your auto registration online at [Texas.gov](https://www.txdmv.gov), or you can mail your registration renewal to our office. Mail-in renewals will be processed in less than two weeks. Renewing online provides the added benefits of receiving a \$1.00 discount and the ability to track your sticker at <https://www.txdmv.gov/track>. Please allow approximately 15 days to receive your sticker when renewing online.

Also, you can pay your property taxes at www.fortbendcountytexas.gov/services/paypropertytaxes. Search for the property by owner name, property address, or account number and either make a one-time payment or schedule future payments. We accept all major credit and debit cards with a transaction fee applied. There is no additional fee if you pay by electronic check.

Of course, some transactions are best processed in person, and we are ready to assist you with excellent customer service. Our offices are taking the extra precautions recommended to reduce the risk of spreading the virus amongst our customers and staff. If you have any questions, please call us at 281-341-3710.
